SOCIAL DOINGS OF THE PAST WEEK

Portland Lady Weds Here

A very pretty and elaborate wedding drig took place at the home of Mr. and Mrs. John Adams, Wednesday at the home of Mr. and Mrs. A. Holevening, when Mr. Adams' sister, and Mrs. John Adams' sister, Miss Charlotte Adams was united in marriage to Mr. Stephen Benton Conture, of Condon, Oregon. Over three hundred invitations were issued and a very large number of guests were present. The home was beautifully decorated with ivy and white clematis, the ceremony being performed in a profusely decorated bay window, the bride and groom standing under an immense shower bouquet, marching to this place to the beautiful strains of Lohengrin's wedding march, Mrs. Robert Palmer, of Portland, presiding at the pinno. The land, presiding at the pinno. The frig ceremony was used and was performed by Right Rev. Father Abbot Thomas, of Mt. Angel Monastery, and occurred at 8 o'clock.

The bride's dress, a beautiful lingerie cut eu-princess, was trimmed with baby Irish lace and real Duchess lace, the latter being an heirloom and greatly prized. The bride's mother, Mrs. A H. Adams, who was present. The bride was dressed of the firm the proposed of the senate chamber, and Voorhees made it up between them to take advantage of his fondness for sweets to play their trick. They had some tempting looking chocolate caramels performed by Rev. R. J. Montgomery, of Portland.

It was a very quiet affair and only the senate chamber, and the ring ceremony was used. The bride was dressed in very pretty white nunsveiling, and the ring ceremony was used. The bride and was performed by Right Rev. Father Abbot Thomas, of Mt. Angel Monastery, and occurred at 8 o'clock.

Two well-known Couple Wed.

Wel

greatly prized. The bride's mother, Mrs A H. Adams, who was present from Santa Rosa, California, was dressed in a beautiful lavender cloth gown. Mrs John Adams, who gave the wedding, wore a most exquisite faun-colored broadcloth with Persian fam-colored broadcloth with Persian trimmings. Miss Adams carried a beautiful brids! bouquet of brides roses. A very elaborate buffet luncheon was served the guests in the dining room, the tables being presided over by Mrs. Linwood Jones and Mrs. William Shewman, Jr., assisted by the members of the same nurse's class that Miss Adams was a member of in Portland. bride's cake daintily wrapped in tissue, tied with a pretty ribbon and adorned with a real four-leaf clover, was given to each guest. Following the luncheon the bride showered her beautiful bouquet from the front steps. The bouquet was divided set. three parts, one bearing a locket, another a thimble and the third a ring,

tols, Terebin, Rottenwood Worms (etc.) "The Allegator is the same as the Crocodile. After the Tail of the Allegator is removed from the Body It will move freely for several Days. I have named these among the Insects be cause they lay Eggs, and I did not know well where else to put them."

FERN LEAVES.

They Are Valuable For Preserving Ar ticles of Food.

The fern plant, which grows almost everywhere, is an excellent preservative for packing articles of food, fruit, People who have lived in England know that the English have used it successfully for many years. Valunble fruit, fresh butter, etc., are no longer seen in the English markets packed in grapevine leaves, but almost always in fresh fern leaves, which keep the articles excellently. This is done where grapevine leaves are to be had in abundance. Every one posted well in botany knows the high preservative power of fern leaves with reference to vegetable and animal sub-

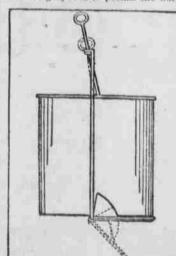

On the Isle of Man fresh herrings are packed in ferns and arrive on the market in as fresh a condition as when they were shipped. Potatoes packed

EGGS NOT PLENTIFUL

Oregon City's Markets Offer Better Inducements Than Neighboring Cities.

The market conditions in Clackamas county are very interesting to the careful observer. If one will note the price which the Oregon Cit* merchant pays for eggs, which is 28c in trade, as compared with the price in Portland, which is 25½c, the farmers throughout the county can readily see the advantage of bringing eggs and produce to Oregon City merchants, and also fruit, and butter, for which the grocers are paying 25c to 30c a pound, while the wholesale price in

One of the chief witnesses called by the senate naval affairs committee in its investigation of the criticisms re cently made as to battleship construction was Rear Admiral Washington Lee Capps, chief constructor of the navy. Despite the assertions of Henry Renterdahl and other critics of the present plan of bat-

tieship construction Admiral Capps declared before the senate committee that American warships are the equal of any in the world. He said that during five hours' firing in the battle of the Sea of Japan the rapidity of fire maintain-

ed by the Japanese washington LEE ships was only onefourth that maintained by the American navy during recent practice. The admiral replied to many of the statements of Mr. Reuterdahl in the magazine article which has attracted so much attention and defended the policy pursued by the navy.

Admiral Capps was appointed to the navy from Virginia in 1880, and his grade is that of captain, but he ranks as a rear admiral while holding his present post.
