HANDLING APPLES.

Fruit Must Be Put Up For Market in Attractive Style.

Radical changes must come about in the methods of grading, packing and marketing our home grown fruits if we succeed in maintaining our present trade in the home markets. California fruit is having a greater influence on the prices of fruit in the eastern markets every year, and this competition is sure to drive many eastern fruit growers out of the business unless it is

FIELD NEATLY IN SHADE

met with goods that are put up in as honest and attractive style as those that are shipped from that section.

The remedy lies in the hands of the growers. If they desire to have their fruit recognized as equal to California fruit they must make it so attractive in style and honest and uniform in quality that the buyer or the consumer will not make invidious comparisons when he sees it by the side of the California product. Quality and flavor will have weight in determining which fruit to use, but if our home grown fruits are put up in an honest manner and undesirable varieties are kept off from the market we can meet the competition and hold our home markets. This problem of handling and marketing fruit is not one that can be solved by individual effort alone. It requires co-operation on the part of the various fruit growers. One man may succeed in establishing a reputation for high grade fruit, but at the best his reputation would only be local, whereas if a large number of the leading fruit growers would combine and organize and

have their fruit put up in uniform style and in large quantities by experienced packers, so that their brand would establish a first class reputation, the demand for their fruit would equal if not exceed that for the California fruit. What we need to do is to organize and do our grading, packing and marketing in as businesslike manner as the Californians.

Our growers must learn to utilize their inferior grades at home and market nothing but the very best and in uniform packages. By so doing they will obtain more money than by placing the whole lot on the market. Every grower should grow the best varieties, put them up in nice, clean, uniform packages and place them in the hands of dealers who understand their business. Let every package contain full weight. The most important matter after the growing of the fruit is the selection of the package in which to send it to market. No fruit should be sent in any but a neat and attractive new package of the form and size

PACKED STEMS DOWN.

most popular where the fruit is shipped. The human eye is the great buyer of fruit.

Apples that are sold for first class fruit should be handled in a careful manner while being picked and then carefully laid in piles on the ground where the sun cannot reach them or removed to the barn for a few days and left in piles, so as to permit some of the moisture to evaporate and the skin to become toughened. In which condition the fruit will stand up better while being shipped and keep longer when packed than it will when put into the barrel as fast as it is picked from the tree.

CASTORIA

Farm For Rent.

Will rent my farm of 160 acres, 65 acres under plow, good house, barn and granary. Fine orchard. Miehne settlement, ten miles east of Oregon City. Address Peter Kreuder, Highland, O. C. No. 4, Box 56.

From the Flower State to the Rose State.

Mr. and Mrs. Harry N. Cadill, of Arcadia, Fla., arrived in this city Sunday, with the intention of making Oregon City their future home. Mrs. Cadill is a niece of Mr. George J. Hall, County Manager of the Pacific Telephone Company, with whom they are staying till the Lynch cottage, which they have engaged is ready for occupancy. Mr. and Mrs. Cadill returned to America Sept. 11, on the steamer Lusitania from a four months' tour abroad, visiting England, Ireland, Scotland, France and neighboring countries.

You Can't Cure Constipation.

by taking purgatives, salts, or other drugs that act harshly or violently upon the stomach or bowels.

Ask any doctor, and he will tell you that purgatives of any character distend the bowels and weaken the elastic tissue.

To cure constipation, remove the cause. The cause of constipation is indigestion. If your food digests properly it would continue on from the stomach through the bowels, and would be eliminated without effort and with regularity.

Mi-o-na Tablets cure constipation by curing your digestion. It is not a purgative. It is a stomach tonic and more—it tones up, strengthens, invigorates, refreshes and injects new life into the worn out muscles of the stomach, and in a short time makes the stomach hardy enough to digest anything you eat. It is a powerful yet harmless stomach tonic, and its resistless influence on the stomach is astonishing.

Try Mi-o-na for constipation. One box will cure you of indigestion; two boxes will relieve you of constipation; and best of all, Mi-o-na is such an economical remedy. A large box only costs 50 cents, and then, if you are not satisfied with results Jones Drug Co. will give you your money back.

Mi-o-na cures all stomach disorders whether acute or chronic, such as dyspepsia, vomiting, over-indulgence of the night before, sea or car-sickness, stomach sickness of prospective mothers, etc.

Read this from the president of a New York corporation:

"I have been a terrible sufferer from dyspepsia and gastritis for two years. The most eminent physicians prescribed for me with no effect. I have been absolutely cured by your Mi-o-na tablets. The first one gave me a relief almost incredible. Very gratefully yours, Herbert H. Taylor, 501 West 143d street, New York City."
