Mr. Dix is survived by his wife and seven children, five sons and two daughters, thirteen grandchildren and one great grandchild. The funeral was held Friday afternoon at 2 o'clock. He was buried at the Dix cemetery near his home, the service being conducted by B. Henderson of Elwood. We have lost in Mr. Dix a faithful friend and neighbor.

LOGAN.

An important part of the report of the Grange fair was omitted by mistake. Mrs. B. Corless took first prize for the prettiest baby, a child's set of knives and forks; and Mrs. Fred Anderson the second prize, a mug. A. J. Johnson has replaced his rail fence with a neat and substantial wire fence which adds much to the attractiveness of his place. Oliver Gorbett shot a strange pigeon which he feared would lead his own astray, and found it had a silver band on its leg marked C. A. M. 19. It would be interesting to know where it came from. The ground is so wet that potato diggers are laid by and the old forks are in use again.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For the greatest number of years doctors pronounced it to be a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Fells' Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Adkins is moving his logging camp to Mulino, where his outfit will dig this winter. Mrs. Agnes Woodside, who has been quite sick, is much improved of late. Edwin Foust has his new house about completed. Mr. Dunton, of Liberal, is treating Mr. Seltzer for rheumatism.

CLEAR CREEK. A surprise party at Mrs. Chas. Folsom's, last Friday evening, was very highly enjoyed by a large number of Springwater young people. Mrs. Eva Brown of Lebanon is visiting with her parents, Mr. and Mrs. W. H. Mattoon. A. Washburn had the end of one of his fingers taken off last week. The member got caught in some way while helping to unload a donkey engine at the Clear Creek mill. F. D. Nelderhausen and brother are moving on the Mosher place, which they recently bought. They intend running a bachelor's hall if some of the girls don't persuade them to do different. It seems to us that if some of the teamsters would practice the golden rule they wouldn't chock their wheels with rocks and rails and then leave them in the track for others to jolt over. Mr. and Mrs. John Hughes were made the happy parents of a bouncing 13 1/2 pound boy last Friday morning.

For Coughs and Colds

Nearly all other Cough Cures are constipating, especially those containing opiates. Kennedy's Laxative Cough Syrup moves the bowels. Contains no opiates.

Kennedy's Laxative Cough Syrup

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For want of moisture the bowels become dry and hard."

Kennedy's Laxative Cough Syrup relieves Colds by working them out of the system through a copious action of the bowels.

Eagle Creek Grange Meets.

Eagle Creek Grange, No. 297, met in regular session October 17, with W. M. Homer Glover in the chair. The attendance was not up to the average. An excellent dinner was served at noon by the ladies. Three applications for membership were presented.

The Grange voted to endorse the State Grange executive committee in its fight to sustain the initiative amendment to the state constitution.

Quite a long program was rendered under the direction of Mrs. Mason, the present Lecturer.

The Grange will use the literature furnished by the state library commission this winter. It is hoped that the attendance will be good from this time on, as the harvest will all be gathered and farmers will have time for study and recreation.

Rebelling Against Dame Fashion.

Women sometimes adopt a fashion, or a change of an existing fashion, often a detail of the costume, for no other apparent reason save that it is a change—something new. They have been comfortable for a period with a certain fashion. Then Paris dress-makers, because they must have new details to sell their gowns, issue an edict changing the styles. American dress-makers and manufacturers of women's fine gowns fall in with the money-making change and behold—we have a new fashion. Many times it isn't as comfortable as the old one, but it is new, therefore the woman must have it.

Time was when she followed a new style blindly and retained it though she suffered inconvenience from it. But more recently she has asserted her independence and discarded styles which were not comfortable and gone back to the former more practicable ones.

An interesting recent example of this is the rebellion against the long sleeve. For several seasons the short sleeve was worn by women, who found it comfortable and stylish and in every respect a desirable fashion. Paris says this year that the sleeve must be long, even to the back of the hand and must fit the arm tightly. The American makers of waists hailed this with delight. It meant something new. So did the American dress-makers. They advised long sleeves and made them very long. But already the indications are strong that the long sleeve is doomed. Women are finding it uncomfortable after the short sleeve, even for evening wear, and will undoubtedly revert in the early spring to the short sleeve.

Drink Talk

There is hardly a spot inside of the tropic zone where tea or coffee cannot be grown, possibly barring the Sahara Desert. So it is natural to suppose that there are a hundred different qualities of teas and coffees.

It is a matter of your personal taste as to what suits you best. In Japan the natives brew tea that Americans would not care to drink—you would probably call it "stale stuff."

The way to find tea or coffee that is just exactly what you like is to keep trying different brands until you find yours.

Our understanding of the tea and coffee situation has made it possible for us to select a number of grades that pretty nearly cover the whole scale of variation in taste.

We can just about guarantee to give you the finest "cup" you ever tasted if you will sample a few of our brands.

And it is just the same with alleged dyspepsia cures which contain opium. The opium will help digest the food, but the stomach is left in worse condition than it was before.

You don't want any opium to digest your food; you want the natural juices of your stomach to digest your food. If you have dyspepsia or any stomach trouble, you want to make your stomach so strong that it will digest its own food.

You can make your stomach so strong that you can eat what you want it, without distress.

Mi-ona will cure your dyspepsia or any other stomach trouble by building up the flabby walls, and making the stomach so strong that it will digest food without artificial aid.

Jones Drug Co. is the agent for Mi-ona in Oregon City and they say to every reader of the Oregon City Courier whose stomach is weak, who has indigestion or dyspepsia, that Mi-ona is guaranteed to cure or money back.

The price is only 50 cents a box, and one box is all you will need to prove that you are on the right road to health and happiness.

For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief until Mr. A. W.
