To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. IS THIS A SQUARE DEAL?

Jones Drug Co. will give you your money back if MI-O-NA does not cure Dyspepsia.

Jones Drug Co. makes this square deal offer because they are authorized to do so by the makers of MI-O-NA tablets, and are willing to have this statement appear in the Courier because they know the offer is genuine.

And while it may be that there are about 8 cases in 100 that are too far gone for MI-O-NA to cure, we are willing and ready to take all the chances, and if MI-O-NA does not cure, any dyspeptic can have his money back.

Even with this liberal offer, Jones Drug Co. will not have to refund but a very small percentage, because the 8 in 100 who do not get cured, will find so much relief in MI-O-NA that they will once again look upon the sunny side of life, and will continue to use MI-O-NA.

Now, reader, you may say how can the makers of MI-O-NA make such an offer? How do you know that 92 per cent of the users will be cured, and that the other 8 per cent, or the incurables, will be relieved?

Why, it's all very simple. We've made this same offer in 1000 towns before we made it here, and we have figured out the percentage, so that all of us eastern tourists, who wonder at the climate that can allow roses to bloom throughout the whole year.

Through Portland is noted as the "Rose City," Oregon City is not in the least behind in the matter of cultivation of roses during the winter months, as a walk around the residence streets will prove that nearly all of the yards contain a profusion of beautiful sweet-scented blossoms. If in Portland, they are amazed at seeing the roses on the tables, what wonder at the eastern tourists, who wonder at the climate that can allow roses to bloom throughout the whole year.

"MI-O-NA tablets are truly great for anyone that has stomach trouble. I cannot praise them too highly for what they have done for me."—Mrs. W. D. Bennett, Bucksport, Me. The price is only 50 cents a box.

Doctors

say take Cod Liver Oil—they undoubtedly mean Scott's Emulsion.

It would be just as sensible for them to prescribe Quinine in its crude form as to prescribe Cod Liver Oil in its natural state. In

Scott's Emulsion

the oil is emulsified and made easy to take—easy to digest and easy to be absorbed in to the body—and is the most natural and useful fatty food to feed and nourish the wasted body that is known in medicine today.

Nothing can be found to take its place. If you are run-down you should take it.
