

Pear's Glycerine Soap 15c Cake

Colgates' Shaving Soap 5c Cake

FACTS Not Chin Music About Soaps.

Soap, goodness, depends largely on the user's taste. Everybody wants pure soap. Most all makers make pure soap. That's the easiest way of soap making. Anybody can do that. Its the combination of healthful properties, with just the right color and perfume, that taxes the maker's power. Here in this store we are selling for 25c, a box containing three cakes of the nicest soap you ever saw. The perfume is elegant. The boxes are handsome, and the soap is as pure and nice as we know anything about. We have quite a supply, but at the price it wont last long—10c a Cake, Three Cakes for 25c and a nice box. You can afford to buy good soap if you buy it here JONES DRUG CO.

Shrubel. While at work near the boiler in Dix Bros' saw mill last Saturday, Charles Freeman very nearly lost the sight of one of his eyes. The water from the boiler burst and a piece of glass struck him, just beneath the eye, sticking there till he pulled it out. He was taken to town and the wound was dressed by a physician, who does not think that the eyeball is injured. Albert Moechke is putting up a wind mill. A number of other people are thinking of erecting some more in the near future. Mrs. E. F. Guinther went to Portland Saturday to visit her daughter, Mrs. M. Nielsen, who has been sick for some time. For a pastime last Friday evening, a few of the boys threw rocks at Mr. Massinger's house and broke one of his windows. By using the phone Mr. Massinger had the boys taken in great shape. They returned and paid the damage. Fred Heit shot a lynx one day last week. A cougar or mountain lion was seen in the Grossmuller orchard, but got away.

Central Point.

Mr. and Mrs. Pickel and family, of Portland, visited Mr. and Mrs. Gilbert Randall Saturday and Sunday. Mrs. Pickel is a sister of Mrs. Randall. Mr. and Mrs. Gilbert Randall were given a pleasant surprise party Saturday evening, it being Mr. Randall's birthday. All enjoyed a very pleasant evening. Robert Montgomery of this vicinity, is very ill of appendicitis. We all hope he will soon recover. The farmers of this vicinity are all busy plowing and taking advantage of this good weather.

Resolutions.

Highland Hall, Oct. 14, 1908. To the Officers and Members of Clackamas District Pomona Grange: The Great Master above having called to rest Sister Mary Swales, who was a faithful matron and for a long time librarian of Harding Grange No. 123, and who will be greatly missed by her family and the members of Harding Grange No. 122 and this Grange. Therefore, be it Resolved, that this Pomona Grange extends its heartfelt sympathy to the bereaved family and that a copy of these resolutions be spread upon the minutes of this meeting, and a copy be sent to the family of the bereaved and to the county papers and the Grange Bulletin for publication. WM. GRISENTHWAIT, T. R. A. SELLWOOD, BLANCHE MOUTS, Committee.

Logan.

Harding Grange, at the last meeting, voted to donate \$10 to the fund for the defense of the initiative and referendum. G. D. Nicolai has sold his farm for sure this time, and he has taken his family to their old home. A. A. Allen and J. Cromer have made arrangements for a meeting for the purpose of levying a road tax. The meeting will be held at the Grange hall on November 20. Cow and beef purchasers are getting plentiful in this locality. A. Swales and daughter Mary, are living in their new home and Henry Swales has taken charge of the farm. L. H. Kirchem is building a barn for J. T. Fullam. The short, sharp toots of the Clear Creek Lumber Company's donkey engine keeps the air in constant vibration.

Alaska-Yukon Fair Notes.

The sale of \$550,000 worth of exposition bonds has removed the last obstacle to the success of the Alaska-Yukon-Pacific exposition and it is now certain that the 1909 fair will have the distinction of being the first big exposition to be entirely completed in time for the opening date. The progress that is being made on the construction of the buildings and grounds is a guarantee that no detail will be left unfinished when the fair is formally opened June 1, 1909. The Oregon building, the first state building to be completed, is ready to receive exhibits. Oregon will begin the shipment of its exhibit about January. The first consignment will be 3,000 boxes of apples, which will be placed in the cold storage plant, in the basement of the Oregon building until within a few weeks of the opening date. Work on the grounds is in excellent shape. The site of 500 acres has been entirely cleared and graded and roads and paths laid out. Acres of green lawns give refreshing appearance and the mild climate of Puget Sound will make it possible to transplant a great many of the more hardy flowers during the winter months. There are in all about a million plants in the green houses and when these are set out and in bloom the grounds will be a veritable mass of beautiful flowers, clinging vines and green shrubbery. Construction is under way on eleven miles of paved paths and driveways at the grounds. The Pacific fleet of the United States navy will be stationed at Seattle during the greater part of the exposition next year. Hawaii will have a novel exhibit at the Alaska-Yukon-Pacific exposition, and is planned to show the islands in their relative size and direction from each other. Cameras will be admitted to the grounds. The size limit has been fixed at 4x5 or 3 1/2x5 1/2. Permits must be secured from the manager of concessions, but no cost will be attached.
