

GRESHAM.

J. H. Bramhall and D. O. Ross left Tuesday for Goldfield, Nevada, where they have mining interests.

Dr. Alfred Thompson has completed the second of a series of modern cottages which he is building in Thompson's addition. Quite a number of cottages are being erected in this addition.

Two football teams have been organized in this city. One is the High School team, a very fast aggregation of 140 pounds, and the other eleven, the Athletic Club team will scale 160 pounds. The latter organization is made up of old-time stars. Games are wanted by both teams. Challenges for High School team will be received by Guy Matthews. Those desiring games with the club team, write R. L. Shepherd, Gresham, Ore. Carl Shattuck is erecting a two-story warehouse near the O. W. P. depot.

A hit-and-miss social will be given at the Grange hall Friday night. Everybody cordially invited.

In a few days the principal streets will be lighted by electricity. The work of installing the lamps has been going on for some time.

At a meeting of the citizens of this city held in the public hall Tuesday night the following men were nominated for city offices: J. Bramhall, B. Thomas and P. Michel for councilmen; F. B. Stuart for mayor; H. Gulickson, renominated for the office of city marshal. The opposing faction have not announced their candidates as yet.

DOWN THE LINE

Burg-Beverton cutoff, and Milwaukee property owners are looking for the "right-of-way men."

The shingle mill people have erected a monstrous shed to cover the immense piles of cedar shingles they are turning out.

Mr. Carmack is getting ready to install the machinery in the Hawley sawmill, and ere long the hum of the fast-revolving circulars will suffice to add another industry to our busy little village.

Mr. Connors, with Johnnie Stucky and his team, are grading the county road in front of Wm. Grady's place.

It is reported that Inspector Clamont of the postal service has recommended the extensions on Rural Routes 1 and 2 running out of the Milwaukee office.

The residents of Gladstone are making an effort to get free mail delivery there, the same as the Oregon City people are enjoying.

Our Magazine Section.

With this issue of the Courier we present to our readers a 24-page magazine section, which will be sent free with the Courier each month for the year. It will contain bright and interesting serial stories, short snappy sketches from real life, stories for the home, the children, women's interests, a most complete pattern department, and embroidery section, stories from foreign life, and many other interesting subjects.

We do not charge our subscribers anything extra for this magnificent extra paper and assure them that not only will the Magazine section and the Comic section be continued throughout the year, but that the best interests of the county will continue to be observed in the paper proper, and that the Courier will continue to be the most sought-for paper in the county throughout the coming year, as it has in the past.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Sold by druggists, 75c. An Overdose of M. O.

Wheeling, W. Va., has gone more deeply into municipal ownership than most cities of this country, owing, as it does, its own water, gas and electric plants. These plants have all been allowed to run down until they are deservably in need of repairs, and no fund has been set aside to balance this depreciation. Now the city finds that there is no ready market for its bonds, and as a result things are going from bad to worse until the people are forced to turn again to private enterprise, as shown by the following paragraph in the Municipal Journal and Engineer:

"Well drillers are finding a fruitful field in Wheeling at the present time as the result of the commendable efforts of public spirited men and women of the various wards. Physicians believe that the advent of so many wells will materially reduce the number of fever cases resulting from Ohio river water. The drilling of wells is paid for by subscriptions pledged by residents in the neighborhood."

"The cost of the wells will not show in the report of the water department."

The Souless Corporation.

Here is another example of the souless gas corporation. Mankato, Minn., has been suffering sorely through and by an epidemic of typhoid fever. To add to the discomfort of the patients the weather temperature was very high during the worst of the fever outbreak. To lend a helping effort Mr. R. E. Brown, general manager of the Mankato Gas and Electric Light company, caused the following notice to be published throughout the city:

"The Mankato Gas and Electric company will gladly install an electric fan for any one who is seriously sick during the present epidemic without any charge at all, providing the party is within reach of our current. Advise us through your attending physician."—American Gas Light Journal.

A Municipal Brewery.

The Vienna municipal brewery, in which a sum of £400,000 has been invested, last year showed a loss of £18,000. In the previous sixteen months a loss of £10,000 was incurred, so that the actual deficit for 1907 was proportionately greater, although the output and sales of beer had increased. In 1907 some 2,750,000 gallons of beer were brewed. Not only was too much money paid for the building and equipment in the first place, but the management has been very stupidly conducted. Instead of appointing as manager an expert brewer the council put a municipal official in charge. As a result money was lost in all sorts of ways.—London Standard.

As Was to Be Expected.

Five years ago London took over its waterworks, with the result that water rates have increased rather than diminished. Referring to the operating expenses, Sir Melville Beachcroft, chairman of the water board, recently said:

"So far it must be admitted that no saving had been effected. I do not think that it was ever anticipated that there would be any saving in the expenses of administration, as the management of a trading concern by a municipal body must always involve expenditure quite outside that which falls on a private company."

Where It Pinches.

"Disgusted" writes to the London Daily Express: "For years past I have always paid at the rate of 21 shillings per annum for water under the New River company, but now I have just received a demand note from the Metropolitan water board for water at the rate of 23 shillings per annum. This is the benefit (?) we get for doing away with private enterprise and is, I consider, a fair specimen of state trading."

At a meeting called by the board of trade of Audubon, N. J., and attended by about 150 citizens the proposition to install a municipal waterworks was overwhelmingly defeated.

A Correction.

I would like to state to the public that I have not disused my grocery on Seventh street. Some parties were thinking seriously of purchasing the store, but as they could not agree to my terms, I still retain the business. Respectfully Yours, A. ROBERTSON, Seventh Street Grocer.

Colds and Croup in Children.

"My little girl is subject to colds," says Mrs. Wm. H. Sorrig, No. 41, Fifth St., Wheeling, West Va. "Last winter she had a severe spell and a terrible cough, but I cured her with Chamberlain's Cough Remedy without the aid of a doctor, and my little boy has been prevented many times from having the croup by the timely use of this syrup." This remedy is for sale by Huntley Bros., Oregon City and Molalla.

Now is the time to visit

California

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate. CALIFORNIA has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial companions, and varied, pleasing recreations.

SOUTHERN PACIFIC CO.

Will be glad to supply some attractive literature, describing in detail the many delights of winter in California. Very low round trip excursion tickets on sale to California. The rate from Oregon City to Los Angeles and return is \$55.00. Limit six months allowing stopovers in either direction. Similar excursion rates are in effect to all California points.
