All the Gold IN GEORGIA Could not Buy. Roding, 8c. August 27, 1906. Messrs. R. O. DeWitt & Co., Chicago, Ill. Gentlemen:— In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1903 I picked up one of your Almanacs as a poor stranded Dyspepsia wreck will grasp at anything, and that I bought a fifty-cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work as a machinist, and in three months I was well and hearty. I will use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, G. N. CORNELL.
