#### WHAT CAUSES DYSPEPSIA?

And incidentally Constipation, Coated Tongue, Nervousness, Headache, and Other Symptoms

Did you ever know that the stomach is a churn? That just as soon as you are done eating the healthy stomach commences to roll the food around, and mixes it thoroughly with the juices of the stomach?

And did you know, dear reader, that if the stomach is run down or flabby, so that it cannot do the churning, that dyspepsia is the result? If the food is not churned, it lays heavily on your stomach, turns sour and causes all kinds of distressing symptoms, such as headache, coated tongue, constipation, etc.

And so, as every physician will tell you, the way to cure dyspepsia is to fix the churn, or in other words, build up the stomach so that it will properly mix the food.

If you have dyspepsia and want to get rid of it before it gets rid of you go to Jones Drug Company, the drugists, and get a large box of Mi-o-na tablets. The cost is only 50 cents, and every reader of the Courier is welcome to his or her money back if Mi-o-na does not cure.

Mi-o-na has cured thousands of the worst and most obstinate cases of indigestion. It quickly cures sea or car sickness and vomiting of pregnancy.

Mi-o-na is the great stomach tonic, one or two tablets will stop sea or car sickness, vomiting of pregnancy, and will instantly tone up the worn out stomach the morning after the social session.
