Now is the time to test the truth of the land sales of last fall's transaction. Our roads are pretty good here and show what good permanent road work will do.

George and Charles Oglesby visited relatives near Silverton last week. Your correspondent was at Silverton one day last week and will say that that section has the worst roads in Oregon near a city like Silverton.

Clackamas can show them a whole lot about building good roads. Silverton will never be anything but a small country town until they make it possible to get to the town without having to pull the life out of a team taking a small load of produce to market.

NAME YOUR FARM

Throughout the United States there are many farms that are not named, and the Courier believes that it is just as important that the farms should be named as it is important that the various business houses are named.

Brave Fire Laddies often receive severe burns, putting out fires, then use Backlen's Antiseptic Salve and forget them. It soon dries out pain. For burns, scalds, wounds, cuts and bruises it is earth's greatest healer.

Preventing Forest Fires The recent devastating forest fires, their cause and prevention, is discussed in the January Popular Mechanics. It says: "Every person who has occasion to go into a forest, whether he be a hunter, naturalist or lumberman, should be careful never to drop a burning match or tobacco where there is anything to catch fire, never build a fire in leaves, rotten wood, or other places where it is likely to spread, and never leave a fire before it is completely extinguished."

A Clever Old Lady From the Argonaut. For sheer simplicity of phrase and conception few have surpassed that delightful old lady who, with a shrewd twinkle in her eye, acquired presence of mind, should be written as two words, or if there should be a siphon between them.
