

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half a million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

LIBERAL.

The changeable weather keeps the farmers guessing, and not much outdoor work is being done. Seeding will be late this spring and the price of grain will make the farmer hustle when good weather comes.

Fall grains of all kinds are making slow growth but have a good color and a good stand.

Grass is starting, but very slow. Stock of all kinds are being fed and farmers are wishing for a few days of good weather. Very little plowing has been done.

Longstreet Vaughan is buying up young cattle in this section and paying good prices for good stock. Milch cows are very high, as some sold for the sale on the Lower place as high as seventy dollars apiece, and Jerseys at that.

We had the misfortune of having our store closed, and it makes it hard on some to go a long way to trade. When a man starts down hill it is not very amusing to see some people, that have been favored in every way, kick as he is passing by.

Miss Alice Moore is recovering from her recent illness very rapidly and we all will be glad to hear of her full recovery.

There will be a grand ball at Liberal hall next Saturday evening.

Young man, bring your best girl instead of the old brown jug, and have a good time.

Newt Farr drove a fine bunch of sheep to Oregon City Monday. They have been on fine pasture.

It begins to look like we would have a railroad, as about 95 per cent of the people living throughout the sections benefited are coming to the front and are making substantial subscriptions. There is not one man owning land that will be served by this railroad but recognizes the immense benefit it will be to him. There are "public spirited citizens" in every community who sit back and let their neighbors, who are no better off and in many instances not as well off, increase their subscription to make up the deficiency, and those same "public spirited citizens" will be the first to throw up their hands and holler "look what we done" should the road be built. EAST MEADOWBROOK.

Wm. Baker has sold his place to the Swedish Colonization Company. We are sorry to see Mr. Baker go, as he and his estimable wife are the best of neighbors. However, we have no kick on the new-comers, as the Swedish colony are doing much for the improvement and betterment of our corner of the county.

Cal Ball is improving his place with a new wire fence, enclosing his entire property.

Geo. Williams and crew returned on the 6th from the log drive down Mill creek. They state most emphatically that the water was wet during the cold mornings.

C. E. Gorbett of Oregon City was a business caller in our town last week.

A family of newcomers arrived here Saturday evening to take possession of their new home, the Jas. Hall place, which has been vacant since last fall.

We welcome them in, as vacant homes look bad in a busy neighborhood.

D. Roberson, who has been spending the winter at the home of his daughter, Mrs. Garrett, in Southern Oregon, returned home last week.

R. D. Snodgrass and crew passed down Water street last Friday with a large drive of fine shingle bolts, taken from Gorbett Bros.' ranch, and enroute to the shingle mill at Mulino.

To our surprise the grass is growing fine, in spite of the heavy tax spr ad all over our soil.

TEAZEL CREEK.

The news has just reached us that Tom Eckard, our rural carrier on route one was stricken down last Sunday morning while stooping to pull

up some weed or small bush in his yard. At last accounts he was in a really bad condition.

Don't forget that Mrs. M. F. Quinn has "Salome" to sell, which saves rubbing clothes over the washboard, and third bones and, and many times saves John from being doomed to catch a cold dinner.

Preaching at Teazel Creek next Sunday. All are invited.

We understand that Sid Cardill is feeding choice poultry to the red fox in his neighborhood, just because he can't help himself.

Frances and Willie Quinn went con hunting last Saturday but only succeeded in bagging a couple of stunks. That was not a bad half day's work.

Our recent sunshine makes us anxious to see some more as it started the grass and grain so that a little more would make it grow.

Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death."

All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years."

Mrs. Soper lives in Big Pond, Pa. It works wonders in coughs and colds, sore lungs, hemorrhages, LaGrippe, asthma, croup, whooping cough, and all bronchial affections. 50c and \$1. Trial bottle free. Guaranteed by Jones Drug Co.

The occupants were sleeping, and no one was staying in the house that night. There are various ways a fire may be started. The writer knows a fire to be started by a mouse nibbling some matches.

On the 11th we had quite a wind storm for a few minutes. It knocked down telephone wires. A new house that was being built for Mr. Shearman was thrown off the foundation. It took a day or two for the carpenters and others to get it righted.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc. Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure. Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription that is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Company of Chicago, and our long experience with this remedy has given us great confidence in its merits. Jones Drug Company.
