

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dodge

Watch Estacada grow! Visitors looking for Estacada can't find it. Mrs. Francis of Oregon City passed through it last week without noticing it. She came out to visit her daughter in Dodge and intended getting off at Estacada, but failed to see the immense (?) waiting room so thought it was not time to get off. We all know the scenery around Cazadero is simply grand but this is the first time we ever heard of a lady taking a free ride to see the scenery when her daughter was waiting so anxiously to see her. When she got back to Estacada Mr. Keller, who had been waiting for her took her to Dodge where her daughter was waiting her arrival.

Mr. and Mrs. Joe Keller of Estacada are visiting in Dodge this week. James and Bert Park are cutting wood for Mr. Ried of Springfield this week.

Mr. and Mrs. Marchbank attended the show at Oregon City Saturday.

Springwater

J. A. and Mrs. Shibley attended the State Sunday School Convention held at Salem last week. They report an interesting program and that they heard some good speakers and voted that the Sunday school is one of the best associations that has ever been organized especially for the little folks. They say that in the valley they haven't had as much rain as up here in the hills and that the grain and vegetation here is ahead of that in the valley.

The Springwater Saturday Base Ball Club and the Elwood first had an interesting game last Saturday. Score 8 to 12, in favor of Springwater.

We, here in Oregon, should be very thankful for our fine even climate and that every thing is lovely while in the east they have such disastrous storms. While we have had some frost, fruit is not much damaged.

The crops around Dover are looking fine.

Russellville

Dry weather is now prevailing and the people are wanting rain, which is badly needed. Full sown wheat is looking fine though rain would help.

As the weather is nice many of our people have gone to Oregon City for summer hats and food grinders.

The Teazel Creek hill work is being well engineered by Bert Newman.

There was quite a little commotion in this country on account of a minus man. Some men put up at Mr. Lehman's mill for the night. One of them said he would visit another family for a few hours but went about seven miles and was hunted for until a late hour of the night.

The dairying business is still in progress at the Wingfield ranch. Cow feed is now very scarce in his barn but cows will get about enough grass to do them without feed from the barn.

Mr. Wingfield had the misfortune to lose his \$50 dog. Poison was the cause.

School Notes

On Friday of this week, Prof. S. J. Flint will have closed one of the most successful terms of school that Russellville has had for several years.

Mr. Flint is a Normal graduate from New York and is a most thorough and competent teacher. The school directors were certainly very fortunate in securing the service of so good a man, and we all hope they will induce him to stay another year.

Mr. Flint will spend his well earned vacation with his parents in New York State. So long, Mr. Flint. Hurry back.

Five students from this school expect to graduate from the 8th grade, they are: Hattie Marts, Susie Scott, Olga Scott and Florence Scott. The others did not complete the grade work.

The students entitled to a certificate of attendance are: Hattie Marts, Cecil Marts, William Marts, Elma Marts, Lea Marts and Orville Mulvahl, they having having attended every day for thirty weeks. Twenty students will be promoted.

New Era

Mrs. Robinson of West New Era returned Friday from an extended trip to Chicago.

Mrs. Burgoyne was on the sick list a few days last week.

New Eraites took quite an interest in the Indian and white man relay race last Saturday. Lillah Dustin was time keeper and reported the red man as seven minutes and thirty seconds ahead at this point.

Miss Agnes Rief was married in Oregon City Saturday to Mr. Evans.

Miss Lottie Rief is home this week having partially recovered from the measles.

Several from here took in the circus in Oregon City Saturday. Frank Wasserman and friend of Portland were guests of Mr. and Mrs. Burgoyne last Saturday evening. The New Era team played the Mundorff school team Sunday, resulting in a victory for New Era of a score of 9 to 7.
