

## BOOST CLACKAMAS COUNTY

### Possibly You May Get a Valuable Prize for Doing It

#### THREE PRIZES OFFERED

Commercial Club's Literary Contest Attracts Considerable Attention

Write a brief presentation of interesting facts which people in other states ought to know concerning Clackamas County, its attractions and advantages as a place of residence or business and send your essay to S. P. Davis, secretary of the Publicity Department of the Oregon City Commercial Club in time to reach him by Saturday, June 5, and you may do something for your county and at the same time have a chance to win one of the three prizes which he offers for the three best contributions received.

The first prize will be an enlarged and beautifully colored photograph of the Willamette Falls at Oregon City, ready framed, made by Mr. Davis himself and of nine dollars' value. A copy of it may be seen at the rooms of the Commercial Club, a somewhat

smaller one, in George Harding's drug store. This beautiful picture will go to the person whose production the committee may regard as the best.

The second prize will be a similar picture without a frame. The third will be an enlarged photograph of the Falls in plain black and white—without the colors. Brevity is required. Nothing longer than two pages of foolscap would likely be used. Write on only one side of the sheet. Do not try to tell all the good things that might be said about this glorious county, but restrict yourself to that about which you can say the most interesting things, whether it is our climate, scenery, products or something else which may interest and attract readers elsewhere—for the best of these papers will be published.

Any resident of Clackamas County, old or young, male or female, may have part in this contest, excepting those pupils in the Oregon City schools to whom another offer has been made.

S. P. DAVIS, Commercial Club, Oregon City, Or.

### OUT OF FRYING PAN INTO FIRE.

Released at Vancouver, C. W. Hartgrove, is Returned Here on Similar Charge

Officer F. A. Miles of this city returned to this city Wednesday from Vancouver, Washington, bringing with him C. W. Hartgrove, who is wanted here for beating a board bill. Hartgrove was employed in the Hawley paper mills here last winter, and boarded at the Brunswick. One night he asked Mr. Silcox, the proprietor, to "go good for him" at a local store for a pair of shoes. Mr. Silcox did as requested, and a few days later, his boarder suddenly departed, forgetting to pay a portion of his board. It also developed that he was absent-minded in regard to the shoes, and the bill was presented to the genial Mr. Silcox.

Leaving this city, Hartgrove went to LaCamas, Washington, where he worked the same trick, but he was picked up by the authorities and given thirty days in jail. Learning of his presence in Vancouver, Officer Miles went over at the expiration of his sentence, and returned him here for trial.

## LARGE BLADE INJURES REAM

WILLAMETTE LAD SERIOUSLY INJURED SATURDAY AFTERNOON.

Accidental Touching of Lever in Willamette Mill Almost Fatal Ending.

John Ream, an employee of the Willamette Pulp & Paper Company, received injuries Saturday afternoon that came near costing him his life.

Ream, who is 19 years of age, was working on the wood splitter in the wood mill, about half a mile up the river from the company's main plant. Ream was helping to haul a log over to the splitter, when the forehead of one of the workmen accidentally hit the lever and the heavy steel blade, weighing about five hundred pounds, struck Ream in the back between the shoulders, inflicting a deep gash. He was brought to this city immediately for surgical attendance and has good chances for recovery, though it is a wonder he was not killed outright. It was feared that his spine was injured. Two ribs were broken and one lung is probably damaged. The blade of the splitter knife is two feet long and is wedge shaped, ranging in shaft.

## DOES MUCH GOOD

### SALE OF WILD BIRD PLUMAGE STOPPED BY AUDUBON SOCIETY.

Oregon and California Will Work in Union in the Work of Preserving our Feathered Friends.

The results accomplished by the Oregon Audubon Society during the past month in protecting the wild birds of this state is set forth in a report that has just been made by the advisory committee of this organization.

In addition to stopping the sale of aigrettes in this state and the use of plumage of native birds, the same steps are soon to be taken in California against the use of the plumage of white herons, grebes, terns and other native birds. The law protecting these birds in California was passed at the last Legislature and will go into effect June 17. The fact that Oregon and California will work together in this regard will give wild birds much better protection than they have ever had before.

The important work of guarding the great colonies of birds that breed on Lower Klamath and Malheur Lakes has been undertaken by this society. The two extensive areas embracing these lakes are now set aside as Government reservations and no hunting or trapping is allowed within the reserves. The fact that great numbers of ducks and geese and other wild fowl nest on these reserves is regarded as very important from the sportsman's standpoint, because these areas will serve as immense wild fowl nurseries to supply Oregon and California with game.

Beaver Creek, Henric's Schoolhouse. English preaching and service at 2:30 P. M. Sunday, May 23. All are welcome. Pastor John Marschall.

Springfield announces to the world at large that they will celebrate the glorious Fourth in a becoming style this year.

## GLORIOUS 4TH AT GLADSTONE

### MULINO BEATS LIBERAL

In Exciting Game at Mullino Sunday, Score is 17 to 10

Mullino, Or., May 21—Mullino has again come forward in base ball playing and won a game.

Liberal, in their new red suits, and Mullino, in their white, made a pretty picture on the field Sunday.

Just as the game was to begin a shower came up and delayed them somewhat.

This made the field sticky and the ball worse, but an exciting game took place just the same.

In the first inning Dunton of Liberal hit the ball over the fence for a home run. Pitcher Erickson made a run for Mullino in their half of the chapter. In the second inning, Liberal took the rest but Mullino got started, Waldorf, Erickson, Daniels, Darnell and Bowman all scored. By this time Liberal caught enthusiasm and Dunton and Catlin did honors to their team. Mullino kept busy, however, and in the third inning made three runs, the name of Smith being added to the scoremakers above.

At the end of the seance the score stood 17 to 10.

A large crowd witnessed the game there being spectators from Liberal, Oregon City, Shubel and Union Mills. Manager Howard has arranged for a game with Mackabaz's at that place Sunday.

## HURLED OVER EMBANKMENT

Roy Barnes Has Close Call When Struck by Passenger Train at Gervais.

Roy Barnes, a 17 year old resident of Canemah, was struck by a passenger train at Gervais early Monday morning, and by the merest chance escaped with his life. The saloon men of Gervais are compelled to observe the Sunday closing law, but in order to be accommodating and save the lives of their customers, they open at midnight Sunday night and stay open the remainder of the night.

Barnes, hearing of this feature, stayed up till the booze emporiums opened, and becoming intoxicated, he went to sleep on the railroad track. At five o'clock in the morning, he was struck by the north bound train, and hurled down the embankment, slightly hurting him. He was picked up by the members of the train crew, and brought to this city, and is now convalescing at the home of his aunt, Mrs. Cole of Canemah.

## RATHER ANCIENT EXHIBIT

Mummified Dinosaur has been dead some three million years, but he will be at the Seattle Exposition

Some enthusiastic antiquarian at the national exposition has gone back three million years to fish up an exhibit for the Alaska-Yukon-Pacific Exposition.

A letter from the government exposition agent describes it as a mummified dinosaur, or trachodon, but it is even worse than that, it will be an acceptable addition to the other old timers who will gather by the lake side when the gates are open on June 1st.

Not much of Colonel Trachodon's antecedents is known, nothing in fact, except that he died suddenly in Wyoming on an extremely hot day. Judging from the position in which the remains were found by Charles H. Sternberg, it died with its feet in the air and then lay out in the heat for two or three thousand years, which, fortunately for posterity, made it a mummy instead of a discolored skeleton, for the skin of the beast is intact, albeit, very much wrinkled as becomes ripe old age.

The dinosaur is now being prepared in the American Museum of Natural History. It is being renovated, or revamped or whatever it is that is done to ancient dinosaurs to make them fit for other company. It will then be brought to Seattle as a part of the government's exhibit.

Anti-Treating Saloon. Des Moines, Ia., May 18.—The first anti-treating saloon in the United States will be opened here May 22. Permit to open has been granted to A. S. Kirkhart, of this city, who controls 15 local saloons. Mr. Kirkhart declares treating will not be tolerated. The bartenders will induce drinkers to accept a substitute for liquor in the form of buttermilk, sweet milk, tea, coffee and other soft drinks. The liquor habit will be discouraged as far as possible.

## HAINS GETS EIGHT YEARS

Engineer Killed in Collision. Tacoma, Wash., May 17.—As a result of a head-on collision between two passenger trains, which occurred at Dudley, 10 miles west of Ellensburg, on the main line of the Northern Pacific, at 5 o'clock this morning, W. H. Dale, engineer of the eastbound train, is dead, and his freeman, M. Lawrence, and two passengers injured.

## Various Committees Appointed by President of Improvement Association

### HAWAII TO BE REPRESENTED.

Delegation from Island Will Attend Trans-Mississippi Congress.

Hawaii will attend the Denver session of the Trans-Mississippi Commercial Congress, and delegates being appointed by Governor Frear, the chamber of commerce of Honolulu and the Hawaiian Promotion committee. At the Oklahoma session of the Congress Hawaii appealed to the western commercial sentiment in behalf of Pearl Harbor, and as a result of the agitation, to which the Congress contributed largely, the government recognized the justice of the Hawaiian claims. Last year at the San Francisco session Hawaii had a large delegation, which was appointed more in appreciation of the work of the Commercial Congress in her behalf. This year the delegates will ask the commercial bodies of the Trans-Mississippi section to make some vigorous representations in behalf of immigration, which is now the very great question agitating the Hawaiian mind. Hawaii wants the right kind of immigrants. She wants the land laws applied to her public domain, and most of all, she wants the islands completely Americanized as a bulwark against Oriental invasion of any kind.

Shut Out Oswego. The Oswego team met its first shut out this season Sunday afternoon on home grounds in a game played with the People's Clothing Company, of Portland. The feature of the game was the errorless ball played by the pitchers, who allowed but three hits during the entire session. At no time during the contest did an Oswego player pass the keystone sack. The batteries were: People's Clothing Co., Eston and Muller; Oswego, Blanking and Blankin. Sunday afternoon, Oswego fans will witness a classy exhibition of the national game when the fast Canby team crosses bats with the home team. Both have splendid records so far, and the outcome of the game is far from settled.

Tualatin Defeated. In a game of baseball Sunday afternoon between the Portland Gun Company and Tualatin, the former aggregation succeeded in blanking their opponents, the score being 6 to 0. Sexton, who attended to the twirling for the Gunners, was in fine form, and allowed but three scattered hits. The Gunners secured 10 hits off the delivery of Hardin, the Tualatin pitcher. Tualatin plays the People's Clothing Company Sunday.
