

OREGON BRIEFLETS

Salem—Gov. Benson has filled by appointment all the positions created by the new laws going into effect Saturday, May 22.

Milton—Milton's third annual strawberry festival will be held here June 8. Reduced fares have been secured from the railroads.

Eugene—The Eugene-Pacific Western railroad has been incorporated here to build a railway from Eugene to Florence.

Medford—The newly appointed commission of the Crater Lake road at its first session here last week elected C. S. Jackson, of Portland, president.

Salem—The railroad commission has changed the date of its hearing at Enterprise in the matter of the Enterprise Commercial Club vs. the O. R. & N. from June 9 to June 7.

Pendleton—Mrs. W. S. Byers, widow of the pioneer mill man who died suddenly last week, is to receive practically all of the \$300,000 estate left by her husband.

Dufur—At a meeting of horse-owners of this vicinity, it was decided to hold a horse show here on Saturday, June 19. There will be 18 different prizes given for the different classes.

Salem—William Herve, survivor of the recent Sullivan-Herve pistol duel at Gates, in which Sullivan was killed and Herve badly injured, is out of danger and improving. It is expected that he will be able to appear for trial in July.

Eugene—June 28 is the date set for the opening of the University of Oregon summer school. Regular courses of a university grade will be offered in the departments of history, English literature, French, German, physics, biology, mathematics and education.

The Dalles—The old Fort Dalles Historical Society celebrated the 59th anniversary of the establishment of the fort Tuesday, May 25. A "silver shower" was given on that date at the surgeon's headquarters, the only remaining garrison building.

Salem—Attorney-General Crawford has rendered an opinion that beef peddlers are not subject to operation of the law requiring peddlers to pay a license. It is held that beef is a farm product and is therefore exempt from the peddlers' license law.

Ashland—Petitions asking for a referendum vote on the special appropriation bill of the recent legislature granting the Oregon Agricultural College \$210,000 for the construction of new buildings, equipment and purchase of lands will not be filed, owing to a lack of signatures.

Marshallfield—While nothing is known locally of the arrangement, it appears the mail route into Coos Bay will be changed. At present the mail comes from Roseburg over the stage road to Sumner and then by boat to Marshallfield. The advertisement for bids provides that the trip must be made in 14 hours.

Portland—With a thoroughly and fully equipped rifle range available, the Portland companies of the O. N. G. opened the 1909 target practice season Sunday at the range near Clackamas, purchased several months ago by the United States government for use by the state in developing marksmen.

Roseburg—J. H. Sommers and Jacob Haas, of Marshallfield, have applied to the county court for a franchise to construct an electric line in Douglas county. The proposed line is to run from Coos Bay to Roseburg, taking in the various small towns and thickly settled valleys on the way, and from Roseburg to the Douglas county line at Diamond Lake, adjoining Klamath county.

Newport—Arrangements have been completed for establishing a wireless telegraph station here. C. B. Cooper, representing the United Wireless Telegraph Company, says this will be one of a chain of stations extending along the Coast from San Francisco north. It is expected to have this station in operation by July 1.

Eugene—The body of A. A. Ford, the old soldier who was lost in the mountains near the head of Fall Creek, was found about 100 yards from the cabin where he was traced. The body was so badly decomposed it could not be brought out, and was buried where it was found. Ford had been missing since April 25. The horses were all found alive but very weak. He was 78 years of age.

MARKET REPORT

Embracing Portland, Seattle and the Local Markets.

WHOLESALE QUOTATIONS. Vegetables, Fruits, Etc. Green Onions—40c doz bunches. Radishes—20c dozen bunches. Lettuce—20c dozen bunches. Head Lettuce—20c dozen bunches. Rhubarb 2c pound. Asparagus—65c doz bunches. Potatoes—\$1.90 per cwt. Oregon Onions, \$2.00.

Butter—Washington creamery, 30c lb.; ranch, 19c lb. EGGS—Selected local, 24 @ 25c. Potatoes—White River, \$35 @ 38 per ton; Yakima, \$38 @ 40 per ton.

Clarkes. Crops are looking fine in spite of the cold spring. Mrs. Stella Graves, nee Larkins, is on the road to recovery and will probably be brought out to her parents' this week.

The people of Clarkes and Highland will meet at the Ringo cemetery on the 28th and clean up the yard. Everyone interested in the cemetery will please turn out and help. The Grange will meet at the Ringo grave yard at 11 o'clock a. m. and at the Highland graveyard at 3 o'clock p. m. on Decoration day.

The Grange will celebrate Children's Day at the hall the first Saturday in June. As it is a little hard for the Grange to feed the whole country a few lunches from the outside would be welcome.

TACOMA WELCOMES JAPS

City of Destiny Welcomes Naval Visitors From Mikado's Empire. Tacoma, May 25.—With the decks and high bluffs lined with thousands of people, and amid the deafening report of guns, whistles and brass bands on the warships, the Japanese cruisers Aro and Soya, under command of Rear-Admiral Ijichi, steam-turbine harbor Monday, dropping anchor to the right of the American squadron.

Governor Hay has established headquarters at the Tacoma Hotel, where he will receive the Japanese officers. The governor will remain the entire week. Swedes as Discoverers. Chicago, May 25.—Positive proof of the discovery of America more than a century before the landing of Columbus is the claim made for a stone bearing an inscription in Runic characters and the date 1362 by its owner Hjalmer Rued Holand, of Ephraim, Wis., curator of the Sons of Norway historical archives. The Runic stone was found in Douglas county, Minnesota.

Girl Champion Jumper. Boston, Mass., May 24.—By clearing a pole at 4 foot 3 inches in a high jump at Woodward Institute meet at Quincy, Miss Edith Kolras, a 14-year-old student at the institute, became champion girl high jumper of the world.

Redland

Mrs. L. Finch and Alice and Walter are visiting relatives at Hatton Washington.

The Clear Creek Lumber Company's mill and logging crew shut down work temporarily pending the settlement of the financial difficulty. It seems that the bank has refused to honor the checks drawn by the president and manager, consequently all time checks were assigned to Bert Cummings and placed in the hands of a Portland attorney for collection. There seems to be plenty of stock and lumber and logs to pay all claims in full.

Mrs. A. Washburn is on the sick list. F. Whiteman the mail carrier on route 2 started his trip last week in an auto. After getting one-half the distance his machine was left under a tree and the trip was completed by wagon and team.

Liberal

Farmers would like to see warmer rains as everything needs it. Timothy will not be a full crop and clover the same. Winter, oats look good, also fall wheat. Cattle are gaining in flesh as grass is very good.

Cut worms are working on the early gardens as well as the moles. The moles are something fierce in this section.

Percie Wright was kled in the forehead by a horse. He went to Dr. Strickland and is coming out alright. If the horse had been shod it would have doubtlessly killed him.

Very few old potatoes are in the country and the prices are out of sight. Fred Burns has grubbed out two acres of new land on Dr. Morey's place and will plant it in potatoes.

Link Waldron is having his fence rows cut out and will do a lot of fencing this summer. The carpenters are rushing T. S. Stipp's barn to completion just as fast as possible.

Farmers in general are fixing up their farms in good shape. S. Wright has torn his old barn down and is clearing it away and is fencing his barn lot.

Estacada.

Last Sunday the fine church erected by the Church of Christ, at this place, was dedicated. Evangelist E. W. Sewall assisted by Evangelist M. W. Wood of Oklahoma and G. W. Tyler, "The Boy Preacher," of Kentucky.

The building is considered an honor to the town and an honor to the builders. A large part of the debt was met, the people responding very liberally. Provisions were made for the remainder. A meeting is now being held and will continue indefinitely. Evangelist Wood, assisted by Sewall and Tyler, is conducting the services.

"Cherry-Blossom."

THE JAPANESE GIVE GOOD EXAMPLE

It is a proverb of Cherry Blossom Land that a healthy stomach is the basis of all strength. Good nature is also recognized as of great importance. The Japanese as a people are remarkable for their health, endurance, patience and skill.

The cherry tree is the most highly prized in Japan. It not only gives forth a beautiful blossom but the wild cherry tree furnishes a bark which is most highly prized in medicine.

Wild Cherry

(Prunus Virginiana). The UNITED STATES DISPENSARY, which is an authority on medicinal herbs, says of the properties of this Wild Cherry bark: "Uniting with a tonic power the property of calming irritation and diminishing nervous excitability. Adapted to the treatment of diseases in which there is debility of the stomach or of the system. Another authority, King's American Dispensary says, "It gives tone and strength to the system, useful in fever, cough, and found excellent in consumption." This ingredient is only one of several very important native medicinal roots in Dr. Pierce's Golden Medical Discovery. This is a remedy which has enjoyed the public approval for nearly forty years, nothing new or untried about it, has cured thousands of people of those chronic, weakening diseases which are accompanied by a cough, such as bronchitis and incipient consumption. More than that, by reason of the other ingredients, Bloodroot, Mandrake, Golden Seal, and Queen's root, all of the medicinal virtues of which are scientifically combined in Dr. Pierce's Golden Medical Discovery, remarkable cures of dyspepsia and stomach disorders have been accomplished.

Nearly forty years ago, Dr. Pierce discovered that chemically pure glycerine of proper strength, extracted and concentrated by the scientific medicinal principles residing in most of our indigenous or native medicinal plants than is alcohol. As its use is entirely unobjectionable, while alcohol is well known when used even in small portions, for a protracted period, to do lasting injury to the human system, especially in the case of delicate women and children, he decided to use chemically pure glycerine instead of the usually employed alcohol in the preparation of his medicines. He found that the glycerine, besides being entirely harmless, possesses intrinsic medicinal properties of great value. Its nutritive properties, Dr. Pierce believes, far surpass those of cod liver oil, and, in cases of those of a scrofulous or debilitated nature, consumption and other wasting diseases. It is an invigorating, tonic alternative and owes its virtues to Nature's vegetable garden. Dr. Pierce is only the scientific gardener who knows how to combine the plants given us by Nature to cure our diseases. This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures inflammatory troubles of the stomach as well as indigestion and dyspepsia arising from weak stomach. One reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons from the blood through the liver and kidneys. It then begins its reconstructive work in building up flesh by first making good, rich, red blood.

Nature's Garden.

Who knows how to combine the plants given us by Nature to cure our diseases. This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures inflammatory troubles of the stomach as well as indigestion and dyspepsia arising from weak stomach. One reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons from the blood through the liver and kidneys. It then begins its reconstructive work in building up flesh by first making good, rich, red blood.

The "Golden Medical Discovery" is made in a large laboratory, thoroughly equipped with every scientific appliance, at Buffalo, N. Y. Qualified chemists are in charge of the laboratory, with nearly a score of skilled physicians and surgeons employed to scrutinize, determine and prescribe these remedies and other means of cure as seem best suited to many thousands of cases of chronic diseases which come before them for treatment. It costs you nothing to write to Dr. R. V. Pierce, the head of this Institution, at Buffalo, N. Y., and get an accurate medical opinion in your special case and wholly without charge.

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Red Banks, Miss.—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

Hampstead, Maryland.—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Summons.

In the Circuit Court of the State of Oregon, for the County of Clackamas. Frank Isela, Plaintiff, vs. Amelia Isela, Defendant.

To Amelia Isela, Defendant: In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above-entitled suit, on or before the 12th day of July, 1909, and if you fail so to appear or answer, plaintiff will apply to the Court for the relief prayed for in the complaint filed herein against you. The relief demanded in the complaint is for a decree dissolving the bonds of marriage now existing between the plaintiff and defendant and for such other and further relief as to the Court seems equitable.

This summons is to be published for six consecutive weeks in pursuance of an order of Hon. Grant B. Dimick, Judge of the Court of the County of Clackamas, State of Oregon, which order was duly made and entered on the 21st day of May, 1909, and the date of the last publication of this summons is the 28th day of May, 1909, and the date of the last publication will be the 9th day of July, 1909. WALTER G. HAYES, Attorney for Plaintiff, 513 Fenton Bldg., Portland, Oregon.

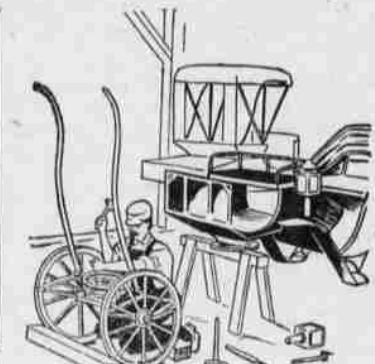

Mrs. Longworth's Shell Chair. Curious collections of shells are coming to the United States, and shells as ornaments in every sort of way are seen in modish homes. Mrs. Nicholas Longworth is fond of shells, and she got some exceptionally fine necklaces and bracelets in Hawaii. She has a lovely little shell rocking chair. The woodwork is inlaid with tiny iridescent shells and water color landscapes framed in exquisitely tinted shells. Every man who goes to the south seas are begged by their friends for the small opal shell which is seen so much just now strung on gold for necklaces.

Ohio Oranges.

A Bellefontaine (Ind.) man who recently returned from Kenton, which is also a "dry" town now, says he went into a fruit store while there and asked for two oranges and laid down \$1. When the oranges were handed to him he found each one contained a tiny ethereal flask of whisky.

Workingman Senator In France.

The first workingman in France to be elected to the senate took his seat a few days ago. His name is Victor Reynaud, 57, and he is employed in the arsenal at Toulon.

FIXING A CARRIAGE

requires a whole lot of know how. That is why you should send your carriage here to be repaired. We employ only skilled workmen who know carriages from the ground up. Being skilled they work quickly, and quick work means less cost for labor. See the point!

May the single all be married and the married all be happy.

A VIEW OF THE COURT OF HONOR, A-Y-P. EXPOSITION, SEATTLE.

All of the principal buildings of the Alaska-Yukon-Pacific Exposition are grouped in close compass around the Cascades and Geyser Basin and the flower beds which line each.

The picture shows a view from the lower side of Geyser Basin, directly up the Court of Honor. On the right are seen the Palace of Manufactures, the Oriental and Hawaiian Buildings. On the left are the European Exhibits and Alaskan Buildings. In the far center is the Central Government, which shows its incomplete front as it looked on April 15. On that date this was the heaviest piece of construction to be finished before the opening day of the Exposition and the contractors estimated that it would take them ten days to do the work.

Geyser Basin is in the foreground, and just beyond it show the steps in the Cascades.

SPORTING GOSSIP

Shubel Wins 3 to 1. SHUBEL ORE., May 28.—The best game of ball ever played on the home grounds was played Sunday, between the Shubel and Logan teams. Up to the seventh inning neither side scored. In the seventh Shubel made two runs and in the eighth one more. In the ninth Logan scored one, and thus ended the best game seen here.

Batteries were: Shubel, Hart and Brenner; Logan, Anderson and Benson. Hart struck out seventeen men. Next Sunday the Shubel team will cross bats with the Liberal boys on the home grounds.

West Side Wins. In a game of base ball Sunday afternoon between the West Oregon City team and a team of Oregon City lads at Canemah Park, the West Siders were victorious, 16 to 11. This is the first game of the season played by the West Oregon City team, which was lately organized, and their prospects are most promising. Sunday they will play a game with the Oswego second team. The line up in Sunday's game was:

West Side Oregon City. H. Burdon p. Moore. Endres p. Smith. Shaw p. McClure. Wyrick c. 2b. Seller. Nelson c. 3b. Roos. Helton c. lf. Brown. L. Melvin c. of Montgomery. Base runners: rf. Bennett.

Score by Innings: Oregon City... 0 3 1 0 2 0 4 0 1—11. West Side... 0 2 5 2 6 1 0 0 0—16.

ON THE TARIFF'S TRAIL

Views of Women on Alleged Discrimination Against Them.

TAX THE FRIVOLOUS, SAYS ONE

Proposed Increase on Hats, Stockings, Gloves and the Like Resented in Terms Not to Be Mistaken—"Hard Enough Now to Dress Properly," Claims Milwaukee Woman.

From many points in the United States since the publication of the Payne tariff bill have arisen cries from the women on what they claim is the discrimination against them. It appears to them that the revenue needed to overcome the threatened big deficit in the national treasury must come out of their pocketbooks in the increased tariff on hats, gloves, stockings and other articles of necessity, together with higher priced tea and cocoa. Some of the indignation follows:

Wants the Frivolous Taxed. Miss Florence Sanville, secretary of the Consumers' league, in Philadelphia, said: "If the increased tariff causes the poor working woman to have but half a pound of tea whereas her slender income now allows her a pound, it is surely all wrong. And stockings for her little ones! There certainly never have been so many pairs of stockings in the homes of the poor. If the frivolous ones want Paris creations let them be the ones to pay for them. A woman who can pay \$10 for a willow plume might as well pay \$11. Those are the ones to add in making up treasury deficits, not the women in mills and factories who earn \$5 a week and subsist largely on tea and cocoa."

At the College club Miss Margaret Brendlinger, the club's president, said: "We are all in fear and trembling over our Easter bonnets. They may have to be homemade."

"It Is Hard Enough Now." Milwaukee women resent paying the proposed duty on gloves, stockings and other articles of women's apparel. The directors of the State Consumers' league of Wisconsin will memorialize congress in the matter.

Said Mrs. Julia Kurtz, head of a Home For Unfortunate Girls: "The tariff on clothing, as proposed in the Payne bill, is not going to affect the rich, but the poor. The rich woman will be rather glad than otherwise to have a higher price on her clothes. It makes it harder for the poor woman to approach the rich woman's style. The working girl will be the one hardest hit. It is hard enough now for her to clothe herself properly."

"Stockings Cost Too Much Now." The clubwomen of the two Kansas cities have signed petitions to congressmen to vote against the Payne tariff bill unless it is amended with respect to stockings and gloves, tea, chocolate and cocoa. Isaac K. Kimbrell, former prosecuting attorney, wrote the petition.

Mrs. Harlan I. Spangler, president of the Bancroft club and secretary and treasurer of the Women's Council of Clubs, says: "I have figured that my stockings cost me too much now without paying any more. I don't see how any woman can get along with less than twenty pairs of stockings a year. Gloves, too, are a big expense. The Bancroft club is going to take the tariff question up at its next regular meeting. I am sure the club will complain against the passing of the bill, as every woman in Kansas City should do."

Mrs. Viola Dale McMurray, athletic instructor for the Kansas City Women's Athletic club, said: "Congressmen are not going to overlook petitions signed by women. They know that married women often control the votes of their husbands, and some unmarried girls can control two or three votes."

Said Mrs. Welbur L. Bell of the Athenaeum club and one of its ex-presidents: "The clubwomen of Kansas City study all public measures, but they are doubly interested in the tariff on stockings and gloves because it will affect every woman, no matter what her station. The Athenaeum club has 425 members, and I'm sure they will all sign the petition."

"Without aid from the tariff, prices on women's clothing have been going up for a long time," Mrs. G. B. Longan, president of the Parliamentary club, said. "The proposed tariff would make it even worse. The women are alive to the importance of this bill, and they will let the legislators know of their objections."

Ohio Women After Burton. Cleveland (O.) clubwomen are planning to interest Senator Burton in the fight against the proposed increased tariff on women's apparel. He is a bachelor and usually prefers to side-step conferences with the gentler sex, but he will not be allowed to escape now.

"We must make it so uncomfortable for our congressmen and senators that they will join us in our fight," said Mrs. Henry Thompson, a leading clubwoman.

"Not only are we opposed to the advances in the Payne bill, but we believe that the duties on certain of these articles should be reduced from the present rates of the Dingley tariff," said another clubwoman, adding, "You must not use my name if you put that in the paper."

LOSING FLESH in summer can be prevented by taking SCOTT'S EMULSION. It's as beneficial in summer as in winter. If you are weak and run down it will give you strength and build you up.
