

NEWS OF THE COUNTY

Liberal.

The heavy rain that started on the evening of the 4th of July has continued and many a farmer has hay out in the swath and cocked up. If it continues there will be a great deal of damage done, but the good it will do will over come the damage in different ways. Pastures were nearly gone. Even gardens were drying up. This is the making of late potatoes and will make late grain fill to perfection.

The Fourth of July passed with a good crowd. The speaker failed to make his appearance and the amusements were a little shy. The ball game was very good, however. Liberal and Molalla played, and the score was 4 to 6 in favor of Molalla. The ball in the evening was well attended and a good time was enjoyed by all present.

Pierce Wright and Ed Callahan took in Clarks Sunday and report a fine time and a large crowd.

Our rural mail carrier failed to make his rounds Monday; another legal holiday probably.

Clover that was sown in the spring is very thin and some fields failed altogether.

In this rain keeping up first class hay will be at a premium.

New Era.

The heavy showers that came the first of the week were welcomed by most of the farmers. Although considerable hay was cut in the fields and many cherries were spoiled.

Mr. and Mrs. Wallace Woodcox's home celebrated July 4th by the arrival of a baby girl.

George H. Brown attended the A-Y-P. fair at Seattle last week and reports everything looking most excellent.

Mr. Dunton of Molalla and Mr. Burgoine are painting the interior of the addition recently built on the Spiritist tabernacle.

L. Ferguson has remodeled the Bessie store building and has a fine stock of fresh up-to-date groceries, soft drinks etc.

George Ogde of Molalla and Mr. O. M. Garley of Canby were the guests of Mr. and Mrs. Elmer Veteto last Sunday.

Mrs. Alice Pitts of Milwaukee is visiting her mother, Mrs. D. McArthur, this week.

New Era can boast of three narrow escapes of serious accidents caused by premature explosions of fire crackers and fireworks.

Mrs. Laura Thompson of Portland is visiting her mother, Mrs. Dustin, this week.

Don't forget that the Spiritistall campmeeting commences July 10 and will hold over five Sundays and good speakers and mediums will be present all through the campmeeting.

Logan.

Rain, rain, in capulous quantities at last.

If it had come a few weeks sooner it would have put thousands of dollars in the farmers' pockets, but we must be thankful for such favor as we receive.

The patriotic dance at the Grange hall was a great success in that line, of several reasons. About 70 numbers were sold, as well as a large quantity of ice cream and lemonade. The committee in charge: G. A. Kohl, F. P. Wilson, H. H. Kitchem, Mahala Gill, Mrs. S. I. Wilson and Mary Swales, deserve much praise for the successful outcome. The hall was brilliantly lighted by L. Funk's gasoline lamp, Frank Whitteman's kerosene mantle lamp and O. D. Robbins' alcohol lamp.

Henry Huber lost a valuable horse last week by his going through the floor into the basement.

A daughter appeared at the home of Mr. and Mrs. Oscar Benson last week.

Arnold Mostal's daughter has been very sick with inflammatory rheumatism, but is better now.

Clear Creek.

Mr. and Mrs. John Hickman of North Yamhill were visiting friends here last week.

Miss Rena Ellen of Portland, is spending several weeks with friends in Redland.

Mr. and Mrs. Lutz of Portland were in this vicinity last week looking for a location.

Mrs. Lucy Ewart is nursing a crippled hand.

The saw mill of Griffin & Mumpower, located at Stone, burned down on the second and is a complete loss. It is not known how the fire started. There was no insurance on the property and the loss will be felt very severely by the owners.

The work of the Clear Creek Telephone Company at Estacada, under the Home company franchise, has been interrupted by the Estacada Telephone & Telegraph Company, who have begun suit against the Home Company and the late city council of Estacada. The Estacada company claim to have an exclusive franchise in the city and the case will have to be tried out in court. It is thought that work may be resumed in a few days.

Among those camping at the Chautauqua grounds from this community are: W. H. Hinchbottom, Mrs. J. Selver, Mrs. A. H. Kitchem, George Armstrong, Mrs. W. H. Bonney, Mrs. Lawarts and Mrs. W. H. Mumpower.

Mr. and Mrs. Oscar Benson are the

happy parents of a new baby boy.

The glorious rain that followed the glorious Fourth came in the nick of time and is well appreciated by the farmer. A large quantity of hay is out but mostly in the shock, some heavy pieces of grain and hay are lodging badly but unless the rain continues long no great damage will be done.

D. H. Mosier returned from his trip to Chicago on the 3rd by way of Seattle, having made a successful and enjoyable trip.

Twenty-Five Cent Piece is the Price of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price 25 cents. For sale by Jones Drug Company.

Molino.

Most of the Molino people spent the Fourth at Liberal.

A large quantity of hay was damaged by the rain here Monday.

W. A. Woodside departed for Washington Monday, where he will spend a week with his brother.

Mr. and Mrs. Tom Fish are home on a visit of a few days.

Mrs. Oscar Daniels and three sons are visiting Mrs. Crook this week.

Walter Waldorf fell from a cherry tree a distance of ten feet last Thursday and was knocked senseless for a few moments. He has not entirely recovered from the shock yet.

Charles Bowman, who has worked for Snodgrass the past year, quit a few days ago, and Elmer Erickson has taken his place as engineer.

Harry Smith, who has been in the sanitarium at Mexico, is now visiting his father at this place.

Mr. Howard is having the Miller's house shingled for future use.

Mrs. Ora Adkins cut her hand quite badly but is able to do her own work again.

Mrs. Mary Jones is on the sick list.

Mrs. Clarence Mallatt is spending the week with her mother.

The game of horse shoes played Sunday by Louis Churchill and Louie Callahan was very interesting.

Made Manning is able to be up again.

Help for Those who Have Stomach Trouble.

After doctoring about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctor's fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before—Samuel Boyer, Folsom, Iowa. This medicine is for sale by Jones drug Company. Samples free.

Canby.

Mr. Martinson was up from Portland Sunday visiting with Mr. Rape and family and his little boy and girl who are staying with Mr. Rape.

Mr. Porter was calling on Mr. Rape and John Burns Sunday evening.

John Burns paid his mother a visit a few days ago.

Ernest Jones and his brother-in-law of Eldorado were moving house hold goods from the Canby depot Monday.

Irvin Wheeler and family went to Wright's Springs the Fourth.

Last Sunday evening, the 4th, we had a much needed rain and thunder shower, which everybody in this neighborhood enjoyed.

Mr. Fellows has been helping Mr. Mundorf get in his hay.

Mr. Mallatt of Molino brought in some fat hogs to Mr. Allen's butcher shop and received nine cents per pound for them.

Old Mr. Hosford returned to Canby a short time ago. Mr. Hosford is still feeble in health.

John Graham and family, Mr. Moreby Mack and family, Mr. Roscoe Mack and family took their lunch baskets on the Fourth and went down to the river and stayed all day, returning home in the evening and all had a good time.

A good many took in the celebration at Aurora.

Molino.

Charlie Bowman, who has been engineer at the shingle mill, has gone to Oregon City. His position is being filled by Elmer Erickson.

August Erickson and wife went to Portland Sunday to spend a couple of days with their son, Albert.

Kate Daniels is home again after spending a couple of weeks with her aunt at Eldorado.

Walter Waldorf went to Oswego Friday to spend his Fourth with his parents.

Mrs. Clarence Mallatt spent several days recently with her parents of the Shaw vicinity.

Mr. Henry Gans of Oswego visited his daughter a couple of days the latter part of last week.

Greall Gans spent his Fourth with them.

Fred and Bert Wallace took in the celebration at Aurora.

Mrs. Fred Erickson, has been feeling quite bad during the past week.

Mr. Swift, the railroad promoter, was in this neighborhood last week and took dinner at the C. T. Howard home.

Most of the folks around here spent

the Fourth at Wright's Springs.

C. T. Howard is building a warehouse 30 ft. by 30 ft. on the west side of the mill. Four men are working at it, so it will be complete before fall.

Mr. and Mrs. Tom Fish are back from Eastern Oregon.

Louis Churchill, Arthur Mallatt and Charles Bowman went to Gladstone Monday.

Molalla.

Molalla infidelity received a great electric shock last Sunday and by night the rain was coming down to the "just and unjust". At 3:30 P. M. a good representation of Molalla assembled on the beautiful Molalla river at Wright's Bridge to witness the baptism of a young man, before performing the Christian rite Evangelist Wood extended the invitation to others.

When three noble women accepted and were straightway scripturally baptized.

Fred Watts had a blaze on the evening of the third, resulting in the roofing of his milk house, caused by the small "American boy" and his fire cracker. Only by the immediate assistance of his near neighbors were the buildings saved.

Meadowbrook Scribe, Molalla holds her school meetings in the sunlight to avoid hunting about for old burnt timber.

Miss Nannie Thomas, principal of the Rosedale High School of Kansas City, arrived at Molalla on the 5th, and will spend her vacation here visiting with her cousin Dr. J. W. Thomas, and her other relatives on the Coast. Miss Thomas attended the Lewis & Clark Fair and expects to view the A-Y-P. exposition next week.

EAGLE CREEK.

Death visited this burg Friday evening and took away one of our old friends, Mr. Baloo. A paralytic stroke of the brain was the cause of his death. Mr. Baloo leaves a wife and three sons to survive his death. The funeral service was held at the church which was erected on part of his land a few years ago. The remains were laid to rest in the Foster cemetery.

Mrs. S. A. Douglas, who has been sick for some time is improving very rapidly.

There was quite a large crowd of Eagle Creek people went to Sandy to celebrate the Fourth of July. All reported of having a good time. There were several horse and foot races, which caused considerable excitement, especially the foot race, which was between the Eagle Creek champion, Ed Douglas, and the Sandy one, Walter St. Johns. Douglas won the race with ease. There was a large crowd of people on both sides of the track to witness the race. Douglas is a limber kid and with a little training will make some of the professionals hit the grit to lead him off.

The recent showers are doing a good job to the potatoes and late grain. But hay will be damaged considerably.

EAGLE CREEK.

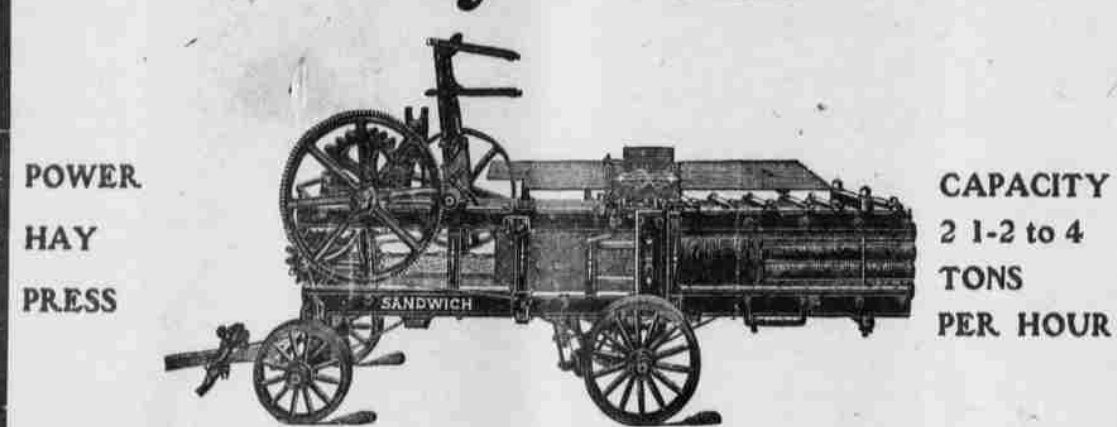

We are enjoying refreshing and much needed showers which are appreciated by the farmers.

Mrs. H. E. Gibson of Barton, and Mrs. Marie Fuller, of San Francisco, were visiting with Mrs. Henry Udell last Thursday.

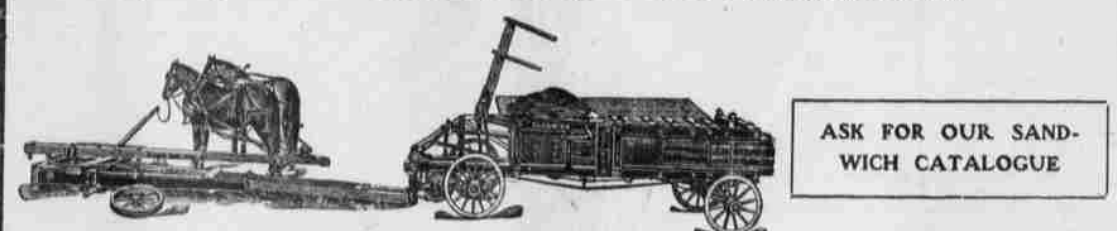

Mr. and Mrs. J. D. Norman returned

HAY

Bale It With a Sandwich Hay Press

Simple, Strong, Compact; can be operated to full capacity with an 8-horse-power Stover Engine. Self feeder. Handles large feed with great accurateness. Block dropper absolutely safe and sure. Slow, steady Speed—No quick jerky motions to ruin press and nerves of operator. Long plunger arm uncovers large feed opening. No super-lative cogs and gears.—A BUSINESS OUTFIT FOR BUSINESS MEN.

Sandwich Horse Power Press Large Capacity

RELIABLE—In every Sense of the Word. SAFE—From Accidents of All Kinds

SURE—In operation, because made Right

Can take big feeds and handle them to Perfection. No Pits to dig. Stands on its wheels while in operation

Portland, Or. Spokane, Wash. Boise, Idaho

Mitchell LEWIS STANLEY

This beautiful rain means twice as many oats and four times more potatoes for the Willamette Valley. Hay? Well it's most to late for anything doing in that line.

E. K. Dart has built his barn larger and re-shingled the whole of it, which greatly adds to the holding capacity, as well as appearance.

Miss Flora Kayler had the experience of having a bullet passing through her hat and hair yesterday. Royal Davidson shot at a chicken, the bullet glancing on some oblique surface, directing its course to Miss Kayler's window. It is hardly necessary to say that the excited young lady thought that she had been shot.

Several families of this community attended the celebration at Sandy on Saturday and enjoyed the day exceedingly. The programme was excellent.

Ed Douglas is the champion foot-racer of Eagle Creek. He ran three races and won all of them at Sandy, on Saturday.

Mr. and Mrs. John Reid and children, of Springfield, were visiting at the home of James Gibson Sunday.

Mrs. Wesley Douglass, and Mr. and Mrs. Walter Douglass called on James Gibson and his daughters, Mrs. Reid and Mrs. Udell, Sunday afternoon.

Ray Woodie butchered two pigs on Monday, and took them to Estacada Tuesday.

H. S. and R. B. Gibson were Estacada visitors Monday.

J. P. Woodie is working at the mill for Mr. Lazarus.

NEW ROAD NEARLY DONE.

Milwaukee Heights Road All Complete But Bridge.

The new road through Milwaukee Heights, which is being built by the county under the supervision of Road Supervisor T. R. Worthington is almost completed, there being a bridge near Oak Grove yet to construct.

When completed, this will be one of the best roads in the county.

Don's Regulates cure constipation, tone the stomach, stimulate the liver promote digestion and appetite and easy passages of the bowels. Ask your druggist for them. 25 cents a box.

Reward of the Faithful Servant.

The Merchant Prince had sent for a faithful clerk, who confronted his master trembling.

"Jenkins," said the Merchant Prince, "you have been in my employ for twenty-five years."

"Yes, sir," faltered the faithful clerk.

"Twenty-five years to-day, is it not?"

"Yes, sir. Thank you for remembering it."

"Tut! Tut! You have been an honor to the house."

"Thank you again, sir."

"You have proved yourself worthy of my confidence."

"Oh, sir."

"You have grown gray in my service."

"Yes, sir."

"Jenkins, as a slight token of my recognition of this fast I have a present for you. Pray accept this bottle of hair dye!"—Woman's Home Companion for July.

The first food of the day.

Every man, woman and child begins the day with more or less vigor of mind and strength of body according to the first food supplied to the stomach. The best first dish of the day is a bowl of Quaker Oats. The stomach can assimilate it more quickly and with less effort than other foods. There is little or no waste and every ounce of food is converted into muscle, vigor and brain activity. The strongest people in the world are the regular eaters of Quaker Oats. You should eat it for breakfast every day.

If you are convenient to the store you'll probably buy the regular size package. For those who live in the country the large size family package is more satisfactory.

Feed For Heavy Horses.

There is, not uncommonly, woefully bad management in feeding heavy horses—others, too, for that matter. It is too much the practice at the season when green stuff comes to withhold a portion or all of the grain. Of course, the idle horse will put on flesh of a sort, much faster on green stuff than if fed hay in the stable, but the condition becomes so soft a nature as to be little suited where daily toll is required, for hard flesh and muscle are absolutely essential there. Later on in the summer, when herbage matures and holds in excess of sap, the case is rather different, but even then to withhold the grain to any great extent is bad policy, and is sure to tell against the horse sooner or later—sooner in the way of perspiration and weakened state, and later in but a poor state against winter.

MILK FOR CALVES.

By Prof. D. H. Otis.

An inquirer asks the University of Wisconsin College of Agriculture: "What is the difference in feeding value of skim milk fresh from the separator with the animal heat still in it, and the same milk cooled and reheated to the same temperature, if in both cases the sourness be nearly the same?"

"There is no difference whatever if other conditions remain the same. In a test I have fed two lots of calves in comparison, giving one fresh hand-separator skim milk still containing the animal heat, and feeding the other lot sterilized creamery skim milk cooled to about 58 degrees F., to keep it sweet from 12 to 24 hours. As good results were obtained with one as with the other. Under ordinary farm conditions it is difficult and often inconvenient to keep skim milk sweet, and for this reason better results are usually obtained with hand separator skim milk. Sufficient heating will, however, prevent the transmission of tuberculosis, which is quite frequently spread through swim milk."

Feed For Heavy Horses.

There is, not uncommonly, woefully bad management in feeding heavy horses—others, too, for that matter. It is too much the practice at the season when green stuff comes to withhold a portion or all of the grain. Of course, the idle horse will put on flesh of a sort, much faster on green stuff than if fed hay in the stable, but the condition becomes so soft a nature as to be little suited where daily toll is required, for hard flesh and muscle are absolutely essential there. SHIPPING BERRIES.

(Continued from last week.)

Blackcap raspberries are handled in much the same way as the red raspberries, but they are not quite so soft and handle a little better. When properly grown there is a good demand for them; in fact, the supply is not equal to the demand at the present time. In several places through the Northwest a splendid business is being built up in drying small fruits. I will take this matter up in a future article.

Did you ever eat a ripe blackberry? Few persons have ever done so, for the majority of the fruit that is found in our market is picked while it is yet very hard and green and consequently very tart and often unattractive. There is a fine opportunity near every city to build up a retail business with black berries. To do this, allow the berries to hang on the vines until they are full grown, thoroughly black and sweet. A basket of such fruit is in great demand. Of course, such soft fruit will not stand long shipping but if you will ripen your fruit thoroughly on the vines you will not need to worry about shipping. Local demand will handle all your product. There is, however, a very limited demand for a hard, seedy, sour blackberry.

It is generally supposed that the loganberry is so soft that it will not stand shipping but such is not the case. For the past few weeks Portland, Seattle and Spokane have been receiving loganberries from California and in the past some of our growers have sent the fruit as far north as Idaho and Montana. For such long shipments, however, the fruit must be picked while still very firm. Soft loganberries ship a very short distance, but for local trade, to be eaten fresh, the berries can be allowed to ripen fully on the vines. For jelly purposes the firm berries are preferred.

Our small fruit growers need to organize more. Especially is this true in the Willamette Valley, Oregon. With proper organization much better prices will be realized, for better distribution would be insured. For the past two years berry growers have persisted in overloading Portland with Friday and even late Saturday shipments, while many other markets were practically short on berries.—Prof. C. I. Lewis

Woman loves a clear, rosy complexion. Burdock Blood Bitters purifies the blood, clears the skin, restores ruddy, sound health.

Eggs for Summer Dishes.

The men of the family will like Caviary Shirred Eggs. Cut six small sausages in one-half inch pieces, and fry in one and one-half teaspoonsful of melted butter six minutes. Add one cupful of tomato sauce and one teaspoon of finely chopped parsley. Put the mixture in six Shirred-egg dishes and slip two uncooked eggs in each dish. Bake in a moderate oven until the eggs are set, and serve at once.

Stuffed eggs, when made after the following fashion have an epicurean taste: Cook six eggs until hard-boiled, and when cold cut in halves crosswise. Remove the yolks and mash twice. Season the mashed yolks with three tablespoonsful of melted butter, three anchovies finely chopped, two teaspoonsful of tarragon vinegar, one half tablespoonful of finely chopped capers, one half teaspoonful of paprika, and salt to taste. When thoroughly mixed, shape into the forms of the original yolks, and refill the whites. Place each egg on a slice of tomato seasoned with French dressing, and arrange a crisp lettuce leaves.—Woman's Home Companion for July.

Oregon Patents.

Granted this week. Reported by C. A. Snow & Co., Patent Attorneys, Washington, D. C.—F. P. Coulter, Clatskanie, Bencon or anchor lantern, I. Knappke & M. Lange, Selma, Fire-escape, W. P. Scheetz, Baker City, Mop-wringer; C. C. Woodworth, Portland, Incandescent lamp. For copy of any of the above patents send ten cents in postage stamps with date of this paper to C. A. Snow & Co., Washington, D. C.

My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep.—Mrs. Nancy H. Hanson, Hamburg, N.Y.
