

News of the County

Harmony.
(Too late for last issue.)
At the annual school meeting held in Harmony, Mr. John Wise and Mr. Edward Spooner were elected directors and Mr. C. Battin school clerk. The district decided to build a new four room building complete in time for the fall term of school. The building will be erected on the present site. The meeting passed pleasantly and nearly everyone seemed to be working for the best interests of the district. We claim one of the most beautiful school sites in Clackamas county, as there is a beautiful view, good drainage and a number of fine trees furnishing shade in summer and shelter in winter. Mr. Wynn was elected principal and Miss McKenzie primary teacher.

Russellville.
We wish to make mention of the cause of the name of the county in which we live. There seems to be various opinions as to the reason why the name was given, but from an old pioneer we find that old "Billy" Russell, a pioneer of 1845, whose donation claim was east of the Wright's donation where Liberal now stands, was the owner of a large band of cattle and he drove them into this country for summer pasture. He built about four booths for his convenience, one for sleeping, another for his saddles, another for cooking, still another for his dogs—thus it was called a village and following that it was known as Russellville.

We have been visited by another big rain though many didn't appear to appreciate this last rain as it caught most of the hay unshocked, but the people will be benefitted, as the rains have pulled the short oats right up, making a fair prospect.

God be thanked for books! They are the voices of the distant and the dead and make us heirs of the spiritual life of past ages. Books are true levelers. They give to all who will faithfully use them the society, the spiritual presence, of the best and greatest of our race. No matter how poor I am, no matter how the prospect of my own time will not enter my obscure dwelling. If the secret writers will enter and take up their abode under my roof—if Milton will cross my threshold to sing to me of paradise, and Shakespeare to open to me the world of imagination and the workings of the human heart, and Franklin to enrich me with his practical wisdom—I shall not pine for want of intellectual companionship, and I may become a cultivated man, though excluded from what is called the best society in the place where I live.—William Ellery Channing.

Result of Poor Writing.
The Duke of Wellington, through misreading a badly written letter, made a ludicrous blunder. This letter was written by C. J. London, a botanical author, who wrote to the duke requesting the privilege of seeing his beautiful beeches. The duke misread the signature for that of C. J. Bloomfield, bishop of London, and wrote in reply: "My lord, I shall always be glad to see you at Strattonfields, and my servant shall show you as many pairs of my breeches as you may choose to inspect. But what you want to see them for is quite beyond me."—Exchange.

An Easy One.
"You imagine you know a lot about Biblical things," said the scoffer. "Suppose you tell me who Cain's wife was." "That's easy," rejoined the old deacon. "She was Adam's daughter-in-law."—Detroit Free Press.

System.
"I'm afraid I can't write that article on 'System,'" "write me!" "I can't find my pen."—Columbian Courier-Journal.

Thousands Have Kidney Trouble and Never Suspect it.
How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; if a brick dust, sediment, or stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.
There is no certainty in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding. It stands the highest because effects following use of liquid, wine, beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right" when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

Such a man should use a secret nostrum as a substitute for this non-toxic medicine of known composition, not even though the dealer hereby make a little bigger profit. Ingredients printed on wrapper.

The persistent agitation for a "safe and sane Fourth of July" seems finally to have borne fruit. In a majority of the great cities of the nation, the Fourth which fell on Sunday, and the fifth on which the holiday was celebrated, passed with little noise and few accidents. The day was marked by picnics and athletic games. This improvement over the insane methods of the past is due to the press which in season and out has preached the gospel of sanity and common sense in the celebration of Independence day.

Taft luck seems likely to approximate, if not to equal, Roosevelt luck. To the voice of the metropolitan press which was almost unanimous in its condemnation of the Taft scheme for taxing the profits of corporations was added that of Joseph B. Foraker, erstwhile Senator and special counsel for the Standard Oil Company.
