Sunday School Lesson

(Copyright, 1908, by Rev. T. S. Linscott, D. D.)

Aug. 1st, 1909.

Close of Paul's Missionary Journey. Acts xviii:1-32.

Golden Text.—In the world ye shall have tribulation; be of good cheer; I have overcome the world.—John xvi: 33.

Verse 1.—What remarkable thing had immediately preceded Paul's start for Corinth?

There is no record of a vision or any special Divine instruction for Paul going to Corinth; but is a good man as much guided by God when he is not conscious of it, as when he is, and why? (This question must be answered in writing by members of the club.)

Verses 2, 3.—What was the attraction between Aquila and Paul?

How do you account for it that there is an affinity between men of the same trade?

Have labor men a perfect right to band themselves together, for mutual protection, against the undue demands of capital?

Has capital a moral right to protect itself against labor?

Have business men a right to protect themselves against undue competition?

Paul worked at his trade as a tent maker for a living, is there any suggestion in this that modern preachers should do a similar thing?

A large proportion of the membership of the present day Christian Church, have the latent ability to preach; ought not this ability to be developed, thus giving to every local church several preachers, and the work being divided between them, and each preacher make his own living?

Verse 4.—Is it the duty and privilege of every adult Christian to be engaged, at least every Sunday, in some specific spiritual work?

Why did Paul, in the beginning, in Corinth, confine his work to the Sabbath day and to the Jews?

Verses 5-6.—What effect did the visit of Silas and Timothy have upon Paul?

If a good man is ever so much in earnest, may the visit of another earnest man intensify his spirit?

When a man does his very best in preaching, and fails to make converts, is he entitled to as much credit as if he had great success?

Did Paul blame himself for his failure, and that the Jews resisted and blasphemed; and ought a man of God always take a similar position in like circumstances?

Verses 7.—Has it ever been in the past, as it is today, sometimes necessary for a good man to leave the church and start a meeting of his own?

Verses 8-11.—Is belief in Jesus an intellectual effort, or is it spiritual and supernatural?

Verses 11-11.—What method did God take in this instance to talk to Paul?

Why is it that so few Christians have any experience of any special message from God?

Do Christians speak as much as they ought for Christ today, and is there any fear of being hurt by speaking for him?

Verses 12-17.—Can any man expect, even in these days, to be unflinchingly faithful to God, and not make some people angry?

How do you estimate the character of this man Gallio, and what is there in him worthy of imitation?

Verses 18-22.—Sum up the effects of Paul's efforts as revealed in this lesson.

Lesson for Sunday, August 8th, 1909. Paul's Instructions to the Thessalonians. 1 Thess. v:12-24.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Fierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which stem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

Given Away.—Dr. Fierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address, Dr. R. V. Pierce, Buffalo, N. Y.
