FIELD TESTS PROVE THE J. I. CASE SULKY TO BE BEST

We are continually receiving reports of the J. I. Case Sulky field tests. The manufacturers of this plow send plows to different sections of the country to convince skeptical farmers of the superior features of the J. I. Case. Every test sells a number of these famous plows, which seems to us pretty good evidence that the plow makes good under the severe conditions usually attending these tests.

In the eyes of the users one of the most attractive features presented by the J. I. Case Sulky is the following:—One lever controls all important operations and movements of the plow, leaving the driver more free to manage the team. This also makes the plow extremely simple. Case sulky plows have no latches or claps of any kind. The frame of this plow is constructed of extra high grade material and share is made of special process hardened steel. It is an exceptional light draft plow and for this reason has earned the title, "The Plow a Man Can Pull."

FREE CATALOGUE, Showing full line of J. I. CASE Plows, sent to any address upon request.

On the 18th inst. the Pomona Grange met with the Harding Grange at Logan and had a very interesting meeting, and as usual a "way up" dinner was served. The Garfield Grange gave the invitation for the Pomona Grange to meet with them in January next.

ACTUAL STARVATION

Huntley Bros. Co. Give Facts Regarding Dyspepsia

Although indigestion and dyspepsia are so prevalent, most people do not thoroughly understand their cause and how to obtain relief. There is no reason why people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling and good-tasting food, because it does not agree with them. Dieting cannot cure dyspepsia. If we refuse every article of food that disagrees with us, before long we have nothing left, and find ourselves chronic dyspeptics.

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to everyone who uses it according to directions who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want everyone who is troubled with indigestion or dyspepsia in any form to come to our store and get a box of Rexall Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. They are very pleasant to take; they soothe the irritable stomach, strengthen and invigorate the digestive organs, promote a healthy and natural bowel action, almost immediately relieve nausea and stomach irritation, produce healthy digestion and assimilation, promote nutrition.

A 25 cent package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases this is sufficient to produce complete relief. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases we have two larger sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Oregon City only at our store.—The Rexall store. The Huntley Bros. Drug Co.

Cold Weather Advice

To all is to beware of coughs and colds on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup the standard cure of America. Use as directed—perfectly harmless. A cure and preventive for all diseases of the lungs. Price 25. 50 and \$1.00 per bottle.

Sold by Jones Drug Co.
