RIXDORFER **Parkett** Floor Covering

[IT COMES IN ROLLS 78 INCHES WIDE]

is the most practical, economical and satisfactory floor covering. It is cleanly, sanitary and pleasant to tread upon. Its parquetry patterns are exact reproductions of hardwood floor designs in natural wood colors, even showing the grain of the wood. At the same time it costs less than parquetry floors. It wears longer and, with ordinary care, looks as good as new all the time.

Rixdorfer Parkett Floor Covering is ideal for every room in the home. It is in every way superior to carpets or hardwood floors-more durable, sanitary and beautiful, less expensive and easier to keep clean.

Come in and examine this wonderful new floor covering at any time.
