WILLAMETTE

Everyone seems happy over the prospect of having a railroad to Portland on the west side in the near future. Mr. and Mrs. Will Kreitzer are the happy parents of a dear little daughter, who arrived a few days ago. Miss Ruth Shibley and sister, Miss Lee Anderson, were calling on friends on the west side last Tuesday.

Mr. C. Waldron of Iowa was visiting his cousin, H. E. Waldron, last Monday. Mr. Waldron likes this part of Oregon and thinks of buying property here.

Dr. and Mrs. Piekens and daughter picked up friends along the Tualatin last Sunday.

Mr. J. A. Kilian, a student of Mt. Angel College, was getting acquainted with the people here last Monday. Mr. Kilian has a charming personality.

Dame Rumer says that Mrs. Laura Dollar has purchased the Lacey property.

Mr. A. Bromer, who purchased the Charley Baker property, is building a fence and otherwise beautifying his home.

Mr. and Mrs. Downey visited friends in Portland last Wednesday. Several of the prominent democrats of this place attended the biennial love feast held in Oregon City last Saturday evening, and reporting being delightedly entertained.

Mrs. Millard Hyatt and children visited at the home of Mayor Downey the first of the week. Mr. and Mrs. Hyatt lived here several years before moving to Portland and their friends are always glad to see them return to the home.

The annual school election was held last Monday evening. The old officers would not accept re-election, and Mr. G. E. Snider was elected director, and Gordon Rogers, clerk. The utmost good nature prevailed.

Willie Levens, who has been working in the woolen mill for some time, has purchased a new carriage. He enjoys driving with his companions and is very well liked.

LIBERAL

With the cloudy and showery weather the farmers are not cutting hay, although clover is ready. Late grain is growing rapidly and grass is in time shape for stock. Late potatoes are growing nicely. Early beans are in bloom. Too cold for melons; they are not doing well. Corn is turning yellow but growing slowly.

D. A. Hart has a new bender and will cut his barley as soon as weather permits.

Several loaded autos made trips up the south fork of the Molalla river, fishing. Sunday the river is too high and the water too cold to catch many fish.

When this weather clears up and the farmers start on their hay crop there will be a call for hands to help, as it will have to be handled fast.

The pear and cherry crops are light, but the apple crop is all right.

Romer says Fred Shafer is driving sixty thousand miles in the Molalla river. Mr. Morris is foreman, with a crew of twelve men.

W. J. E. Vick, our merchant, is painting the front of his store and making other improvements. His business is increasing and we are all glad to see it.

Mrs. Susan Schaff has her barn nearly completed and it will be ready for the hay crop.

Geo. W. Wingfield is improving his place. The new yard fence in front of the house is a credit to the place.

Mrs. Fred H. Burns went to Portland to visit her sister, Mrs. Gny Osborne, for a couple of weeks.

Pierce Wright and Victor Grim left for Portland, Saturday, on a business trip.

The following school officers were elected Tuesday: B. Fredrick, J. Fletcher, T. S. Stipp, directors; W. J. E. Vick, clerk.

F. Dungan of Molalla is painting G. W. Wingfield's house with two coats of paint.

D. A. Hart butchered a porker Tuesday that weighed four hundred pounds dressed.

N. Farr of Oregon City is buying well sometime this week, when he will move his machine to a farm near by and begin another well. We understand that several parties are contemplating excavating deep wells.

J. S. Combs attended the race at McMinnville, Saturday last week. M. J. Lee is active these days rushing his irrigation system to completion. He intends to have water in plenty sometime in August, just when most needed for the crops. An extensive flume crossing the railroad track and extending to the north end of town will supply water for those on the prairie who intend to irrigate.

Only a small number of voters were out at the annual school election Monday afternoon and evening. The afternoon meeting was devoted to the union high school. The following directors were elected: Wm. Knight, Dr. Dedman, Chas. Ken Knight, A. Mr. Vinyard and Mr. Gilmore, and on Tuesday evening Prof. Buchanan, a brother of Mrs. Paddock, was chosen teacher for the high school. We hope that the high school may make progress under the new teacher, who comes to us highly recommended, and now it is the duty of the patrons to assist Prof. Buchanan in his efforts to make this school second to none in the state. At the evening mass meeting one director, Mr. Gilmore, was elected and Mr. William Knight was re-elected clerk for the ensuing year; also a six mill tax was made. It is planned to have four instead of three teachers for the regular eight grades, and thus the crowded rooms which existed last year will be avoided and each teacher will be able to do more efficient work having a less number of grades. It was also stated at the meeting that the salary of janitor should be increased so that the one who fills this position could afford to devote his time to it. Prof. Gil and Miss Stoddard are retained as teachers and two others will doubtless be added soon.

On Wednesday last week Orlando Romig, our Saturday Evening Post boy, received a telegram from the Curtis Publishing Co. informing him

SUPERIOR TO OTHERS

GRESHAM, Oregon Feb. 12, 1900

M. L. & S. Co., Portland, Oregon.
Gentlemen: In regard to your Champion Mowers, they have given me every satisfaction. No matter if the grass be heavy or light, I consider them superior to any other machine made for the same purpose. I bought one seven years ago, and I cut all of my own hay, besides a good deal outside, and I sold it last summer for \$20. Will buy another next summer of the same kind. They are strong and durable, and do not require a great deal of repair.

Truly yours, I. A. JOHNSON

Our CHAMPION testimonial sheet contains the opinions of twenty-two users of the CHAMPION MOWER, located in different sections of the Northwest. These users tell in their own way just exactly what they think of the CHAMPION MOWER. From the standpoint of the prospective buyer these letters are well worth reading. We claim that the IMPROVED CHAMPION MOWER for 1910 is as mechanically perfect as possible to make it. It is the strongest, smoothest running, cleanest cutting, most satisfactory machine manufactured. Nothing has been spared to make the CHAMPION the best machine to use.

Ease of operation and strength of parts are essential features of the 1910 machine. In it is embodied all the strong advantages of former CHAMPIONS with new improvements in construction. All levers are correctly located. Foot lever easily raises the cutter bar clear of obstructions. Driving mechanism smooth running and powerful. If others do not do the work to suit you, try the CHAMPION, it never fails. SEE IT BEFORE YOU BUY and in the mean time write for our testimonial sheet and catalogue. Both free

A Woman's Great Idea

is how to make herself attractive. But without health, it is hard for her to be lovely in face, form and temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney troubles show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want to be healthy, beautiful and young. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at all druggists.

MOLALLA

The Children's Day exercises will be conducted by the Juvenile Grange No. 3 of Molalla during the lecture hour of the subordinate No. 310, when everyone will be welcome and also to the ice cream social on the evening of Saturday, the 25th of June.

L. W. Robbins was elected director for three years and J. R. Cole was elected clerk of the subordinate No. 310.

A special tax of three mills was carried without opposition. \$1443 was paid for teaching our "tender vines" last year.

CANBY

William Bridge and family arrived here this week, together with a car of household goods, from Boring. Mr. Bridge recently bought the O. C. Edwards place and he is now comfortably located on it.

The K. O. K. A. Baseball Club of this place walked to Macksville last Saturday and engaged in a game of ball and returned much elated, having won the game by a score of 17 to 3.

The boys walked both ways and will probably make many more similar journeys on foot, as they are trying to get themselves into condition for the summer's outing, which will probably take place sometime in August when they will journey a long distance on foot.

J. S. Combs returned from a "three days' trip to Marion last Friday evening. His reports that no place looks as good to him as Canby.

Mr. J. M. Evans, who has been quite sick for the past ten days, is somewhat improved today and we hope that he may soon be seen going about again.

Mr. Beck from Portland, who is actively engaged in drilling a deep well on John R. Newton's place in the north part of town, reports progress and expects to complete this

that he had won the pony and trap-pings given by that company to the boy in the United States who made the highest score during the month of March and April. On Tuesday of this week a letter came to Orlando telling him that in addition to the pony, cart and harness, he had also won fifty dollars in cash for his good record at selling the Ladies' Home Journal, published by the same company. If the boy does not desire the pony outfit he may take \$100 in cash in its stead. Besides these prizes Orlando has won a watch, fob, rubber clock and pair of rubber boots and also \$2 cash for each of the months of March, April and May, which amount was paid him for making the best record in the state in terms of Canby's class. This shows what is possible for an eleven year old boy to do if he will hustle.

The Children's Day exercises of the M. E. church of this place will be fittingly observed this coming Sabbath morning at eleven o'clock.

John R. Newton leaves for Twin Falls and Lake City the last of this week, where he is called on account of business interests.

Chief of Police Dick is getting building material on the ground for a new house. He is planning for a fine residence on the lots he recently bought of Wm. Kendall.

The Rebekah lodge of this place went to Hubbard Tuesday evening and assisted in organizing a Rebekah lodge there. Mr. Harry Bair brought a number of the party back in his auto after the program, while the others remained over until Wednesday morning.

Last Sabbath John R. Newton and family and Mrs. Cressy and son, accompanied Rev. Cressy to his country charges where he held the regular service. Mr. Newton took the party in his auto.

[Scared Into Sound Health]

Mr. M. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free from all distress."

SPRINGWATER

Children's Day was a grand success. The program was performed by the children in a splendid manner, and a fine old-fashioned Asket dinner was enjoyed by all. The meeting was well attended, considering that it rained in the forenoon. Rev. Foster of Portland preached in the afternoon.

At the annual school meeting W. W. Tucker was elected trustee, W. H. Kandle's time being out; Henry Comer was elected clerk, which office was vacated by Sherman Killgore. It was ordered that the board call a meeting to vote on a tax. As the cemetery is in the care of the school board it was moved and carried that the workers in Springwater meet at the cemetery July 3 to improve the grounds and lay off the same in lots.

The Redland and Springwater baseball teams had a fine match game last Saturday. Result, Springwater 10, Redland 15. They propose to have a game on the Fourth of July on the Redland grounds.

Mr. and Mrs. Higgins from Brownsville are here visiting their son John and family, and friends.

What Everybody Ought to Know
