ANTLER HERD SUDDEN DEATH AT CLAM BAKE

Oregon City Elks Enjoy Trip to Seaside

Report Enjoyable Time in the Salt Water and in Private

About twenty members of Oregon City Lodge No. 1189, B. P. O. Elks, together with their wives and sweet-hearts attended the Clam Bake at Sea-side Sunday, having a special pullman

side Sunday, having a special pullman car enronte and also retaining the car for sleeping accomodations during their stay in the city by the sea. Leaving this city Saturday afternoon the bunch went to Portland where their private car was boarded, arriving at Seaside early in the evening.

The evening and the following day was spent in roaming about the city and along the beach, buying "official badges" listening to what the wild waves were saying and endeavoring to locate their car which had been run down two miles into the woods for safe keeping. At one time during their stay, three were actually known to take a "dip" in the surf, and stood the water test first rate, though some expressed a much stronger desire for expressed a much stronger desire for the hot water bath.

Oregon City boys are noted for their free and generous spirit and the way they helped out the Astoria aggregation with dollar a throw for badges was a true example of the benevolent and protective order, and were not the least stingy when it came to the ladies partaking of the festivities as well, though we understand this lat-ter feature smacked slightly of a hold-

The boys went by invitation from the Astoria lodge, and were most courteously greeted and made to feel courteously greeted and made to feel at home(?) at all times and in every quarter of the seaside town by their host, who seemed to do all in their power to make them feel and wish they were somewhere else. Nevertheless the Oregon City delegation, as usual, had a good time, among them selves, enjoying their trip in their private car to and from the coast in their usual jully manner, incidents all along the line tending to make the trip more and more enjoyable.

(\$1) The affair at Seaside was supposed to be a claim bake, free (from send, grit, shells or shell games,) and the greatest credit is due the Astoria bunch in preserving peace. (\$1)

bunch in preserving peace. (\$1)
At last report the waves were still washing, the sand up on the beach, and

OF FRED JOY

Crushed By a Rolling Log at Paper Mills Last Friday Afternoon.

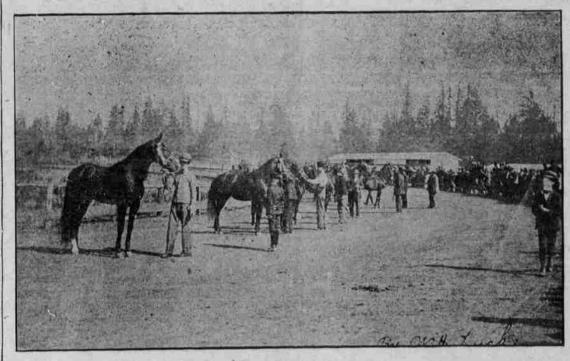

A sad accident occurred Friday af-ternoon at the Crown-Columbia Pulp CLAMS FOR A DOLLAR & Paper Company, when Fred Joy, an employe of the mill was killed while at work. He was engaged in rolling logs into the wood room of the mill, at which time one of the logs rolled on him, crushing his abdomen, which resulted in death in 25 minutes later. Dr. C. H. Meissner was immediately summoned. The deceased leaves a young wife and four small children, the eldest being five years of age, and the youngest is five months old. Mrs. Joy was formerly Miss Lucy Lovelace of this city.

The funeral services were conducted Sunday afternoon at 3 o'clock from the St. Paul's Episcopal church, Rev T. F. Bowen, officiating. The Fores ters of America, which Mr. Joy was a member, of having charge of the services. The Artisans of which he was also a member attended in body. The family of Mr. Joy have the sympathy of the community in their very

In other words, a coterie of wouldbe plitical doctors has declared the people of Oregon to be suffering from The exhibit table in the Chamber of the community are at stake. people of Oregon to be suffering from ills purely imaginary and employed themselves to prescribe a remedy. They also assume to mix the dose They also assume to mix the dose and expect the people to swallow it without a grimace. Later, they will expect the people to pay the bill in the form of legislation for special interests and distribution of political rewards. Unless I mistake the temper and intelligence of the people of Oregon, the dose will be refused, the prescription will be declined and there will be no bill to nay.

The growers are very loyal in their support of the work of the Publicity Department, as is shown by the following prominent growers that have brought fruit to the office of the secretary in the Masonic building:

W. W. Quinn of Canemah brought

people of Oregon, under the innative, the question whether the people desire the Oregon law amended by restoring the convention system. They are not willing to trust the intelligence of the people even in this. The issue presented is not one of personalities, but of principles. Doubtless, the goiding spirit of the assembly movement, in the hoge of reinstating themselves in power, have tried to select as candidates men who are as free as possible from objection on personal grounds. They hope thus to accomplish a double purpose, secure the assistance of influencial citizens and design and foreable speakers and design and plish a double purpose, secure the assistance of influencial citizens and deceive the people generally as to their nitimate objects. But the principal at stake is of vastly more importance than the personal interests of any individual. The issue involves the right of the members of a party to select their candidates without dictation from a party boss who is willing to spend time and money necessary to build up a machine organization.

It's truitless for advocates of the as-

sembly plan to assert that there is ro intention to restore the evils of former days. Wherever responsible political machines exist, misrepresentative government obtains. Only by making all public servants responsible direct to the people and to them alone, can be travier be secured. An obligabest service be secured. An obliga-tion to a party boss or to manipulators of conventions is inconsistent with faithful service in the interest of all

the people.

Voters who have lived long in Oregon Lead not be told of the evils of the convention system in this state. Those who have in recent years made their homes among us have observed the operation of the "system" in other states and a e familiar with its results. Return to that system in Oregon means repetition of the disgrace ful scenes which were exhibited in elections and Legislation prior to her popular government demonstration. In an effort to conceal their selfish purpose, the leaders of the assembly

OREGON CITY IS RIGHT IN LINE

Cement Walks Proposed Which Make Better Looking Streets

The improvement on Eleventh street is fast nearing its completion and is very satisfactory. Work has been commenced on Washington street and the grading of Twelfth from Taylor to Adams street is nearly to the standard of any of the progres-sive towns in the Willamette Valley. The construction of new cement sidewalks which the city council are trying to persuade property owners to lay in place of wood walks wherever it is practicable, is a wise suggestion and pre-eminently in the

Some hot shots anent the political

ions, and proof of this is at hand on Main street, where cement walks were laid in places when the original improvement of Main street was made Egg Plant—six samples of eac provement of Main street was made and are still in fine condition.

THE FRUIT INDUSTRY

The Future Enterprise For Clackamas County.

As a positive proof that some of the most prominent farmers in Clackamas County have faith in the fruit industry is shown by the country in shown by the country is shown by t try is shown by the way they favor the union of the growers that is now in the course of organization.

Each day growers of fault.

union of the growers, which will build up the industry and by assuring the ready disposal of all crops produced place the whole community in a better position. Among the latest fruit growers to join the large list of union men were O. D. Eby and Dr. L. A. Morris. These men are both extensive growers and will be of much leastly to the union.

Sweet Potatoes—Not less than two varieties.

Timothy Seed—Une peck.

Tobacco—10 pounds "in hand."

Tornips—Not less than two varieties.

Wheat —Winter and Spring. Not less than two varieties.

Other vegetables in quantities each for creditable display:

Fruits in season—Apples, peaches, Under New Management Re-

benefit to the union. A union is needed here and it can not be stopped, no more than it could is pushing along the work of advancof Commerce in Portland, which the

per and intelligence of the people of Oregon, the dose will be refused, the prescription will be refused and there will be no bill to pay.

Lacking the course to make a direct assault upon progressive laws which have been enacted in Oregon, self-constituted leaders have planned an indirect a n d covert attack, by which means they hope to be successful. Their pretension of allegiance to the direct primary law is but the kiss which preceeds betrayal of their master, the people of Oregon. In an attempt to fortify their position they quote Governor Hughes of New York, as favoring an assembly prior to the direct primary in that state, but they have not the honesty to submit to the people of Oregon, under the iniative, the question whether the people desire the Oregon law amended by re-

draws a crowd.

Announcement is made that on tire new equipment which cost the Hospital, from Portland, week ago, apparently as strong as usual upon his arrival.

EXHIBIT AT STATE FAIR

Clackamas County To Be Represented

finished. It will be but a few years when Oregon City streets will be up Fair Will Be Held at Salem, Oregon

Clackamas County has at last seized wherever it is practicable, is a wise suggestion and pre-eminently in the interest of better walks and a better looking street, the cement walk will not only outlast the wood, but in the event of a wood walk being constructed now, it will sooner or later be incumbent upon the property owners to replace that walk with cement, and there will be no actual saving.

The estimate of Moffatt & Parker, the contractors who are in charge of AT CITY PARK

AT CITY PARK

The estimate of Moffatt & Parker, the contractors who are in charge of the improvement of Eleventh, Twelfth and Washington streets, is 50 cents for Clackamas sand and gravel, and per running foot for wood, 95 cents for Clackamas sand and gravel, and for Columbia River sand and wash gravel.

The cost of either cement or wood walks is equalized by the city accepting payment under the Bancroft act, which gives the property owner product of the farm that has special to years in which to pay, just as is most enterprises will come through united effort. Success in this as in most enterprises will come through united effort, the contractors who are in charge of the improvement of Eleventh, Twelfth and Washington streets, is 50 cents for Clackamas sand and gravel, and \$1 for Columbia River sand and wash gravel.

The cost of either cement or wood walks is equalized by the city accepting payment under the Bancroft prises will come through united effort. Success in this as in most enterprises will come through united effort. The company of the country who has a truly meritorious product would prepare it for exhibition, we would have an exhibit that would be the talk of the whole Pacific Northwest. Clackamas Country people should do this part. If the growers have fruit, grains, grasses, vegetables, seeds or any other product of the farm that has special to the country who has a truly meritorious product would prepare it for exhibition, we would have an exhibit that would be the talk of the whole Pacific Northwest. Clackamas Country people should do this part. If the growers have fruit, grains, grasses, vegetables, seeds or any other more than the country were product of the farm that has special more in the country who has a truly meritorious product would prepare it for exhibition, we would have an exhibit that would be the talk of the whole Pacific Northwest. Clackamas Country people should do this part in the country meritorious product would prepare it for exhibition, we would have an exhibi 10 years in which to pay, just as is merit, save it and send it to the com-done in the improvement of streets. mittee or notify the committee and it

For instance, if a cement walk cost a property owner \$50, it would mean a payment of \$5 per year and interest for 10 years.

Cement walk will outlast three wooden walks under ordinary conditions and area of this fact, but the street wooden walks under ordinary conditions.

Beets—One-half bushel.

Broomcorn Seed—One peck. Broomcorn Seed-One peck.

variety. Carrots—One-half bushel each variety. Clover Seed—Not less than two varieties.
Corn in Ear—12 ears each variety of Dent; 12 ears each variety of Fint; 12 ears each variety of sweet; 12 ears each variety of Popcorn. Not less than ten varieties in all.

the union of the growers that is now in the course of organization.

Each day growers of fruit and produce call at the office of the secretary in the Commercial Club rooms and encourage the organization of a union of the growers, which will up the industry and by assuring training the course of the secretary in the Commercial Club rooms and encourage the organization of a union of the growers, which will seed—One peck. Sweet Potatoes—Not less than two valuations.

pears, grapes, quinces, muskmelons, watermelons, quash and pumpkins, in quantities each for creditable dis-

place where the welfare and interests of the community are at stake.

So by all means if you are a grower of any kind, do not be a laggard and allow your neighbor to push this proposition through for you when you will receive the benefits as well as he. Place your name on the list at least and help by your influence.

Place your name on the list at least and help by your influence.

Place your name on the list at least and help by your influence.

Corn, broomcorn, tobacco, and seghum, not less than six stalks each.

ing Operation

A fire broke out early Sunday morning in the building occupied by J. M. Foster, who conducts a candy store and soda fountain, the fire was discovered by a Chinaman who was asleep in a room on the second floor. he was awakened by the smoke and immediately turned in an alarm which was readily answered by the volunteer fire department and the fire extinguished.

Harvey W. Scott, the venerable editor of The Portland Oregonian, died in Johns Hopkins Hospital, Baltimore Md., Sunday, shortly before 6 P. M. of heart failure, 32 hours after a surgical operation for prostatectomy, Mr. Scott began failing nearly three months ago from an attack of sciatica. Early in June he went to Hot Lake, Eastern Oregon, but the baths there greatly debilitated him. At last convinced that only surgery could relieve vinced that only surgery could relieve him, he started for Johns Hopkins

The operation was pronounced en-tirely successful and the surgeons and physicians were confident of recovery up to Sunday, when an unexpected weakness of the heart ensued which the physicians were powerless to cope

Mr. Scott was seventy-two years old, and over, with a physique as powerful as his dominating intelect. It seemed that he must live for many ****************************** years. His office affars were aranged in the expectation of a long life, and there was no preparation by his asso-clates for his passing.
