**Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running ear or impaired hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. No case out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

The Parkplace basketball team played its first game at Clackamas, Dec. 20. The lack of practice on the part of the Parkplace boys showed strongly from the first, the game going to Clackamas by the score of 40 to 8. ## OLEAR CREEK

Girls Wanted—We have noticed with no little alarm that the natural increase in population in the vicinity of Redland for a number of years has tended very strongly to the masculine sex, also a number of large families have moved in who have a large majority of boys, and at present things are beginning to take on a serious aspect and as time goes on they are liable to be more serious. In some ways it is pleasant for the girls to be in the minority, and in social functions the boys have to play the roll of the emcee and do it all good naturedly, but this thing cannot always go on in this unbalanced condition. Some of the fond mothers have been trying to console themselves with the idea that sooner or later their boys will turn to girls, and we have noticed a tendency in that direction already, but that is only going to make matters worse, for anyone can see with half an eye that when all the boys have turned to girls there will not be enough girls for them to turn to. We are not finding fault with the boys for they are the best lot we have ever known. They are not what are called "goody goody" boys, but jolly industrious boys with enough good sense and backbone to go to town and return without a foul taint on their breath or character. We do not want to lose these boys and hope everyone will do all they can to bring about an equilibrium of the sexes.
