

Needful Knowledge

Oregon City People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys create a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue.

You can use no better remedy than Doan's Kidney Pills. Here's Oregon City proof: Frank H. Busch, Jr., Main St., Oregon City, Ore., says: "I suffered from acute attacks of kidney and bladder trouble for some time and got no relief until I tried Doan's Kidney Pills. The contents of two boxes disposed of my complaint and I have had no return attack. I consider Doan's Kidney Pills an excellent preparation."

Remember the name—Doan's—and take no other.
