

MOLALLA

Mr. Burrell Cole was surprised last Saturday night by about 40 of his friends...

Mr. P. J. Kayler had the misfortune to lose a very valuable mare last week.

Mollala Grange No. 310 had a very interesting meeting last Saturday.

The attendance was small on account of Bonister day at Oregon City.

The juvenile Grange is doing the work under the instruction of Mrs. Rhoda Macerall.

Mrs. Caroline Sprague of Stone is ill at the home of her daughter, Mrs. Sidney Coriell.

M. J. Lee was in our town last week.

Mr. J. J. Haight of Medford, who has been visiting relatives here for the past week left Monday for eastern Oregon...

James Heckart of the Shearer Lumber Co. was in town Tuesday.

The ball game Sunday between Molalla and Shubel was a victory in favor of Shubel.

The Scotts Mill team defeated the Molalla school nine at Scotts Mills.

The Molalla school team will play Willamette next Saturday at Willamette.

Delbert Ramsey and Edgar May bought a fine driving horse piece at the sales at Portland.

W. O. Vaughan and Grant White were taking in the country in a new Mitchell car recently.

The ladies of Molalla will have a carpet rag sewing next Tuesday at the Grange hall.

There will be a dance in the Grange hall next Friday night.

Mr. O. Dickerson is hauling material for his new house.

Mr. E. Lamm is hauling lumber from his mill to Molalla.

J. H. Looney is receiving lumber from the Schaffer Lumber Company for his new barn.

The Molalla band met every Wednesday night.

Molalla will celebrate the Fourth of July at home this year.

The Canby Railway Co. finished their permanent survey to Molalla Wednesday.

NEWS FROM ROUND ABOUT

PARKPLACE SCHOOL

Miss A. P. Horner, who teaches the eighth grade and assists in the high school branches, was taken seriously ill last week and returned to her home in Corvallis.

The Eastham and Parkplace baseball teams from the grammar schools played Friday afternoon, April 23.

The teams stopped the game at the seventh inning, the score then being 7 to 5 favoring the former.

Miss Mildred Barnet of the senior class has been teaching in place of Mrs. Horner the past week.

The eighth grade is making ready for their examinations which will occur in the course of a few days.

The drama books have arrived and parts are soon to be assigned.

The P. H. S. D. held their regular meeting again Friday afternoon.

No debate was given and the program was a purely literary one.

CRESCENT

The ball team went out to Logan last Sunday and played an extra good game up to the eighth inning.

Kohl and Gill of the Logan team each made a score in the second inning, then nothing was made until the seventh inning.

Grabber and Fredrick each made a score. Then the Crescent boys all fell to pieces and let the Logan boys run in ten scores in the eighth inning.

Blood of the Crescent team made a score in the second inning and Allen, also of our team, made a score in the eighth inning.

This shows that the boys played a good game to the eighth inning.

The Crescent ball team will play on the home ground with Greenpoint, Sunday, April 30, and May 7th will play a game at Shubel with the Shubel team.

On the morning of the big day in town sixty-three rigs were seen going through this burg.

Mr. Oldham's team took second prize for a farm team.

SOUTH CARUS

The warm weather has started the spring sown grain to growing well and the fall sown grain is also looking fine.

South Carus people took in Booster day in Oregon City last Saturday and helped to boost the city.

A large crowd of young folks from here attended the party given by Miss Pearl Christian last Saturday night in North Carus, and reported a good time.

Miss Grace Duvall, who has been on the sick list, is slowly improving.

Some of the young folks witnessed the baseball game at Molalla last Sunday.

CANBY

Mr. and Mrs. Grimes were visiting John Burns and wife a short time ago.

Henry Knight is at present building his fence higher in order to keep his sheep where they belong.

James Jesse was in Canby a few days ago. He has recently been visiting his parents in Barlow.

William Lucke is building a large lumber shed.

Grant White and George Shears are building a garage.

Mr. Fellows is planting potatoes on William Porter's place.

Ed Hutchison is plowing some new ground for Ed Bradt.

Mr. Mosberger is fitting up the old Hosford building for a blacksmith and wagon shop.

Charles Harris is engaged in loading general cars for the Southern Pacific Co. at Canby.

Potatoes command a good price at present, but they are getting scarce at any price.

Mr. Macy has been hauling rock for several days for Mr. Fred Hurst. The rock will be used at the head gate of the electric power plant to keep the

BEAVER CREEK

The nice weather which the farmers have been long looking for has come at last.

The fruit trees are out in full bloom and if Jack Frost stays away we will have a nice crop of fruit.

Mr. and Mrs. Wilson from Portland are out visiting the latter's parents, Mr. and Mrs. J. Herman.

Mr. and Mrs. J. Steiner from Oregon City spent several days in Beaver Creek last week.

Some of the early planted potatoes were frozen one night recently.

T. H. Steiner made a flying trip to Portland last week on special business.

Most all the children in this burg are having the measles and are out of school. We hope that they will soon be able to again answer roll call at school.

Our teacher, Miss Ennis Snodgrass, spent Saturday and Sunday with her parents and friends in Malheur.

Miss Mary Terry is working over at Carus at the home of Mr. Davis, as Mrs. Davis has not been strong since returning from the East.

J. Bohlander sold a fine span of

CLACKAMAS

Saturday evening, April 23, the Clackamas Amateur Dramatic Club gave a play entitled "Brookside Farm."

The play was a great success. The hall was filled to the utmost and everyone pronounced it fine.

The Methodist Sunday school gave their Easter entertainment last Sunday. Everyone said they enjoyed it very much.

Miss Flannery, who has been some time at the St. Vincent's Hospital in Portland and who was very low and not expected to live, has taken a turn for the better and is on the road to recovery.

Late Tuesday evening Dr. Hickman of Portland was lastly summoned for Mrs. Noe, who is quite ill.

Sunday evening, April 23, Mrs. Jennings and her little boy were taken to the Good Samaritan hospital in Portland.

Clackamas was well represented at Oregon City on Booster day.

April has gone back on himself here. We miss his warm showers, and the gardens are in need of them.

Mrs. Elsie Steelhammer, who gave birth to a baby Monday, passed away Tuesday night at 11 o'clock.

The funeral services were held at the Methodist church, Wednesday.

STAFFORD

Seeding in the fields is nearly done for this spring and gardens are being attended to.

Strawberries are full of bloom, as also are fruit trees, and it looks as if Oregon were putting on

OF INTEREST TO DAIRYMEN

Good Results Obtained When Properly Handled.

Editor Courier: Harve Mattoon, for March, received \$16.40 from two cows, one a fresh cow and one a stripper giving a very small flow of milk.

Besides this there were two cows supplied milk, cream and butter for a family of four.

We consider this an extra good return. Such cows would be a fine foundation for a future dairy herd.

Mr. Mattoon has been feeding green rye since the first of March, and it goes without saying that the rest of their feed has been liberal.

A stinging feeder makes a stinging return at the pail.

Returns from a dairy herd are made or marred by the "man behind the cow."

Well bred, well fed, well cared for cows pay well for all their care and feed.

If your cows are not as profitable as your neighbor's, find out why. There must be a reason.

Dairying is a business that must be strictly attended to by the ones interested.

We will give the returns of N. H. Smith's herd for the four months past:

Table with 2 columns: Month, Returns. December, nine cows \$170.00; January, eight cows \$92.00; February, six cows \$60.00; March, six cows \$59.62.

Mr. Smith's art was several years ago on a small logged-off farm. He had several cows and a pure bred Jersey bull.

He sold all of his herd but one cow and the Jersey bull. This cow on test later made 517 pounds of butter in a year.

Shortly after this he saw a copy of Hoard's Dairyman and subscribed then and there for it and still takes the paper.

From this start he bought a pair of sales and a ten-bottle Babcock tester, and has been testing his cows ever since.

He knows what every cow in his herd will do.

At the present time Mr. Smith owns several registered Jersey cows and heifers and another good-sized farm in addition to the original home place where he made his start.

He is now building a modern house on his new place. Mr. Smith's dairying covers a period of about 12 years.

He will plant four acres of kale this year. He has been raising kale since he has been in the dairy business.

Speaking of kale, harrow the fields to be transplanted every few days from now until time to set the plants in the field.

It will save lots of hoeing and also help the ground to hold moisture by having a loose surface soil.

I will give a few items from the Gurney's Breeders' Journal in regard to well bred cows in Jefferson Co., Wisconsin:

OREGON CITY MARKET REPORT

A sharp advance has been made in the potato market, the buying price now ranging from \$1.55 to \$1.85 per hundred.

Poodstuffs have again advanced, shorts being quoted at \$1.15; barley, \$1.10; bran, 80c per sack; corn, \$1.10 to \$1.20; white oats \$28 per ton; grey oats, \$25 to \$26 per ton.

Hay—Timothy is now quoted at \$18 to \$20 per ton; clover \$9 to \$11; Alfalfa \$15 to \$17.

Wheat has also advanced, the price now being \$1.75 to \$1.90 per hundred.

Eggs are quoted at 18c. Butter—country 10c to 20c; creamery 30c to 35c.

Poultry—Hens 15c, roosters 12c, young cocks and mixed chickens 13c to 16c.

Meats—dressed veal 10c to 12c, hogs 9c to 11c.

Hides—green 5c a pound, salted 6c; dry hides 12c to 14c; sheep pelts 25c to 75c each.

Wool 15c to 18c; mohair 30c to 35c. To 7c, and dried 5c; prunes 4c to 6c.

Salt selling 60c to 75c for fine 70-pound sacks; half ground 40c; 100-pound sack 75c.

If plans afoot are carried out the school children of Kansas City, Mo., will assist in the planting of 100,000 catalpa trees on Arbor day, which was instituted by J. Sterling Morton, a former secretary of agriculture.

This planting will have value not only because the trees need planting, but because the little people will thus have a greater interest aroused in a very practical and helpful form of conservation.

Take CARDUI

The Woman's Tonic

Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered, nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

SCOTT'S EMULSION

is now a summer as well as a winter remedy. It has the same invigorating and strength-producing effect in summer as in winter.

Try it in a little cold milk or water. ALL DRUGGISTS

The FEED is the HEART of the DRILL

Some Drills Have Heart Disease—but Not The

HOOSIER

Its Heart is Perfectly Sound

Its feed is a positive force feed, which sows uniformly and accurately, regardless of conditions. It works as well on the side hill, up hill or down hill as on the level, always seeding evenly and correctly.

There is no guess work with the Hoosier Drill; you set the feed regulator at the quantity you want to sow, and you know that you are seeding just that amount, no more and no less.

That is why you should be sure that your drill is a positive force feed machine, and the only way to be absolutely sure is to buy Hoosier. Write for our circular, "The Feeding of The Seed".

Never Out of Work

The busiest little things ever made are Dr. King's New Life Pills.

Every pill is a sugar-coated globe of health, that changes weakness into strength, languor into energy.

brain-fog into mental power; curing constipation, headache, chills, dyspepsia, malaria. Only 25c at all drug stores.

It is too late when the stack has tumbled and smothered your best cow to regret not having fenced it off.

Mr. Scholtz and the Sharp boys are soon here and there with the grader wherever it can do the most good.

Mrs. Nemec's two-year-old colt ran off, Saturday. Joe and Lucy have been hunting for it ever since.

It is a fine animal and all hope they will succeed in finding it, as the loss would be a heavy one at the present time.

Correct and Artistic Decoration at Moderate Cost.
