

NEWS OF OREGON.

The Pacific Highway Convention will be held in Portland August 4 and 5 and arrangements will be made by the Portland Automobile Club and representatives from every prominent city on the coast are expected to attend.

John J. McNamara and his brother, James B. McNamara, who was accused of murder in connection with the destruction of the Los Angeles Times building, will go to trial October 10 next. This decision is given by Superior Judge Walter Bordwell.

Joseph H. Casaday, formerly deputy sheriff of Grant county, sentenced to be hanged for complicity in the murder of Oliver Snyder, will not pay the death penalty. Governor West says that Casaday's sentence will be commuted and Casaday will be given employment either in or about the state penitentiary.

George Chasno, aged about 50 years and a rancher of Hook Creek, Baker county, was shot and killed by his stepson, Emmett Blood, Saturday. The crime is believed to be the outcome of long domestic troubles in the family, chiefly among the children of Mr. and Mrs. Chasno, each having children by former marriages.

Colonist rates to Oregon will again be in effect this fall, from September 15 to October 15, on a basis of \$25 from St. Paul and the Missouri river to any point in this state, or \$33 from Chicago. Railroad traffic officials expect there will be a heavy movement to the Pacific Slope this fall, for there is heavy inquiry already about the rates.

Woodburn, in her stubborn fight against the liquor traffic, is now engaged in a suit in the Marion county court involving a principle not before tried in Oregon. She is suing the bondsmen of a liquor dealer who violated the law, for the recovery of the amount of the bond furnished as guarantee that he would not overstep the law.

The body of Jack Conant, a prospector, whose body is known in nearly every mining camp and town in the West, was found on Salt Creek, near Shasta, Sunday. Conant more than 30 years ago located the Uncle Sam gold mine in Shasta county and sold it for \$200,000. His estate is valued at the rate of \$120,000 a year, and ever since has wandered about, poverty stricken, but hopeful.

The Hill interests will spend \$25,000,000 in extensions and betterment to the properties in this state, according to advices received from the East. This sum will be made available for more mileage, aiding in the development of the whole state. The United Railways and the Oregon Electric will be extended and other feeder lines of the North Bank road, the backbone of the Hill system in the Northwest, will be pushed.

Worry is next to alcoholism in its record of victims sent to the insane asylum in Oregon, according to the latest report of Superintendent Stearns. Among other causes of insanity mentioned by the physicians by whom the patients have been committed are old age, exposure, inflammation of the internal ear, epilepsy, overwork and intemperance (aside from liquor intemperance.) The more depraved class of diseases exact heavy toll.

The Commercial Club of Vancouver, Wash., has the right idea. It will foster closer business relations between the business men of that city and the farmers throughout the county. Frequent visits to each part of the county will be made by the city men and every possible assistance will be given those of the outlying country. Co-operation in building roads and other matters of mutual benefit will be the result of this policy.

Efforts are now being made by State Forester Elliott to secure government aid financially, in the fight for the prevention of forest fires in this state and he hopes to secure assistance to the extent of \$10,000 for this year, which provides that the government will extend financial aid to any state which has an organized forestry department and policy March 1, and is spending a reasonably large appropriation.

Watched over by a dog, whose endurance for seven months is a most remarkable feat, the bones of John Parker, an old trapper, were found in the Cascade mountains, 63 miles west of Bend, last week. Establishing the date of the old man's death is a note scrawled in a diary on November 15, "I'm down and out." The fish had all been eaten off the bones by the trapper's dog and many of the bones even had been devoured by the starving animal. Every scrap of leather about the camp and everything else eatable had been eaten.

Willamette valley counties will combine to make splendid exhibits at the state fair at Salem and later the fruits, vegetables, grains and grasses grown on Oregon soil will be sent east to be exhibited at five of the largest land shows in the country next fall. At a meeting at Albany during the past week, representatives from Linn, Benton, Marion, Polk and Lane counties agreed to the program and Yamhill county will join in the plan also. The Willamette valley exhibit will be shown at New York, Omaha, Chicago, Knoxville and St. Paul.

Oregon has a climate that is a great asset, but this fact is not generally recognized here at home. It was impressed when the national convention of Christian churches was in session in Portland. R. A. Long, millionaire lumberman of Kansas City, who pledged a gift of \$1,000,000 to carry on the work of the church, said the Portland convention was the best in the history of the organization, and was due to the favorable weather which made it comfortable for the delegates at all times, so that the sessions were not fatiguing nor were the speakers tired dull, as is so often the case when the conventions are held in eastern cities in midsummer.

Epileptic Fits

There is nothing more frightful in a happy home than to have one of its members instantly seized with a dreadful attack of epilepsy or fits. The many grateful letters from such homes, after the use of Kossine, the remarkable remedy for this dread ailment, testify to the real merit of the preparation. It is a meritorious article and is sold on a guarantee plan that deserves your confidence. The price \$1.50 will be refunded by Jones Drug Co. if not satisfied after using a bottle. Mail orders filled by the Kossine Co., Washington, D. C., or Jones Drug Co., Main street, Oregon City.

TEACHERS ASSIGNED.

School Board Makes Designations for Coming Year.

At a meeting of the board of education Monday night the following assignment of teachers was made: High school—S. E. Duff, A. B., principal, history and Latin; G. E. Todd, A. B., mathematics and German; Pearl G. Carlidge, Ph. B., English; George Pünsten, B. S., science and mathematics; Lola B. Kuss, A. B., commercial and science. Barclay building—Helen Grimes, first grade; Ola Mickler, second grade; Neita Harding, third grade; Ruth Nots, fourth grade; Gussie L. Hull, fifth grade; Ruth Leete, sixth grade; Estella Salisbury, seventh grade; A. O. Frel, principal, eighth grade. Eastham building—Christabel Jewett, first grade; Marjorie Caulfield, second grade; Anna T. Smith, first and second grades; Maude Mason, third grade; Marcia Romig, fourth grade; Queens Adams, fourth and fifth grades; Ethel Park, fifth and sixth grades; Roma Stafford, sixth and seventh grades; N. W. Bowland, principal, seventh and eighth grades. Manual training, Peter Forbes; domestic science, Lulu M. Porter; drawing, Edna McDaniels. Harry Jones was given the contract for a concrete basement in the Eastham building and Pope & Co. the manual training material. The contracts for the furniture will be announced later.

Clackamas Alumni Picnic.

The Clackamas County Alumni Association held a picnic at the Chautauqua grounds at Gladstone on Friday evening. All the people of the county who are graduates of the Oregon Agricultural College were in attendance and enjoyed a most delightful time in talking over old college days and listening to the speeches of the different old graduates. A sumptuous luncheon was served by the ladies. Those present were Mr. and Mrs. L. E. Jones, Mr. and Mrs. L. Andrews, Mr. and Mrs. L. L. Porter, Mrs. Geo. Guild, Mrs. Clara Rando, Mrs. Lena Harman, Misses Lore Parker, Belle Mattley, June Charman, Wynne Hanney, Maribel Cheney, Margaret Brown, Miss Shonkwiler, Myrtle Shonkwiler, T. L. Charman, W. W. Harris, Gaylord Godfrey, Chas. Parker M. J. Lazzelle, J. C. Knapp and Arthur Mattley.

THE WHEEL OF FORTUNE.

Luck? There is no such thing. That is to say, in this well ordered universe what is known as luck is merely an accident. And even as to accidents the rule holds good that—Nothing happens without cause. To rely upon chance or luck is to rely upon something that may never happen.

Events in this world are governed by the inflexible rule of fixed laws. There is no fate. The primitive man believed in a power he could feel, but whose laws he could not understand. Exhibition of this power he traced to self-willed notions of some erratic divinity. Therefore superstition. Therefore the consulting of sibyls and oracles by the ancients and, by the same token, the patronage of palmists and fortune tellers by the moderns.

If you merely hope for "something to turn up" you are indulging in the vagaries of dreamland. If you rest on the hazard of mere chance you risk ruin. Facts rule events. If you fail do not rail at your luck. Blame yourself.

If you, the captain on the deck of Destiny, run your vessel on the rocks, either it is the fault of your charts or your lack of seamanship. If you go adrift and without a knowledge of navigation your bark must become a derelict.

Belief in luck ruins men. Belief in God, in self, in just and righteous laws, makes men. If you persist in depending upon "signs" and peril your future on the jeopardy of speculation what may you expect? And note this: The man who risks his fortune on the turn of a wheel can have no reverent or trusting mind and no proper self respect, because he believes only in "luck," and the god of luck will betray him. He is ignorant.

The wise man believes in natural causes and effects, natural laws and penalties. Broom Corn in America. Brooms and brushes were made of Guinea wheat in Italy nearly two centuries ago. Benjamin Franklin, who was ever quick to see and to develop anything that would benefit his native country, noted a few seeds of broom corn hanging on an imported brush. He planted these seeds and raised some of the corn, and Thomas Jefferson placed broom corn among the productions of Virginia in 1781. By this time many people had planted it, but no systematic plan of raising broom corn for the manufacture of brooms was made until 1798, when Levi Dickenson, a Yankee farmer of Hadley, Mass., planted half an acre. From this he made between one and two hundred brooms, which he peddled in a horse cart in neighboring towns. The industry with him continued to progress, and finally in 1805 he was not only carrying brooms to Pittsburg and New London, but to Albany and Boston. So rapid was the increase of manufacture that in 1810 70,000 brooms were made in the country.

THE MARKETS.

Portland. Wheat—Track prices: Club, 81c; newstem, 95c; red Russian, 80c. Barley—Feed, 22c per ton. Oats—No. 1 White, 22c per ton. Hay—Timothy, new, \$19; alfalfa, \$12.50. Butter—Creamery, 26c. Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by all good dealers.

Watch Your Kidneys

Their action controls your health. Read what Foley Kidney Pills have done for your neighbor. Mrs. H. W. Allen, Quincy, Ill., says: "About a year ago my kidneys began bothering me. I had a swelling in my ankles and limbs, then headaches and nervous dizzy spells, and later severe backaches. I was getting worse, when I began taking Foley Kidney Pills. I kept on taking them until I was once more freed of all kidney trouble and suffering. I have a great deal to thank Foley Kidney Pills for and shall always recommend them." Jones Drug Co.

JAMES WICKERSHAM

James Wickersham, Alaska's delegate in Congress, who accuses Attorney-General Wickersham of permitting men who defrauded the government to escape prosecution.

TACOMA ACCOUNTS SHORT

\$35,000 Due in Licenses Not Collected, Say State Officials. Tacoma.—A "technical shortage" whereby the city has lost thousands of dollars will be shown by the report of the State Accountancy Bureau which has been checking the city's books. W. W. Clark, chief examiner, submitted to Commissioner Pettit a report showing where the department of public safety has overlooked \$35,000 for liquor licenses. In addition, the examiners have found that the city failed to collect licenses from the 42 drug stores which according to the pure food ordinance, should pay \$3 a year. From comparisons with the Federal list of liquor licenses it was found that 35 "blind pigs" are being conducted in Tacoma.

Coast Lumbermen Form Association.

Tacoma.—At a meeting of the Pacific Coast Lumber Manufacturers' Association a plan for the consolidation of all the lumber manufacturers' associations of the Pacific Coast was ratified.

HAY NAMES DELEGATES

Disposition of Public Lands to Be Convention Topic. Olympia, Wash.—In response to the call issued by Governor John F. Shafer, of Colorado, delegates for the Public Lands convention to be held in Denver, September 23-30, are being selected by Governor Hay of Washington. The convention will include delegates from those Western states and territories having 1,000,000 or more acres of public lands—reserved or unreserved—with their borders.

WARRANT FOR DR. NORTH

Corvallis Dentist Sought for Murder of Mrs. Griffith, Near Philomath. Corvallis, Ore.—Edward North, a dentist, is charged by the state with the murder of Mrs. Eliza Griffith at Philomath. A warrant for North's arrest has been issued and officers are searching for him.

Mrs. Eliza J. Griffith, a widow, was murdered at her home near Philomath on the night of Friday, June 2. Her body was found the following day in a shallow pond a quarter of a mile from her home. On June 6 the coroner's jury investigating the crime found that Mrs. Griffith was killed by strangulation by persons unknown to them.

Senator Bristow's amendment to abolish the Dutch standard in the sugar tariff schedule was defeated in the Senate by a vote of 8 to 28.

Monitor Survivor Dies.

Sawtell, Cal.—Michael Mooney, said to be one of the three survivors of the crew which manned the "Monitor," when it fought and vanquished the Confederate ram "Merrimack," died here, aged 74, at the National Soldiers' Home.

Explosion Kills 21 in Coal Mine.

Dubuque, Pa.—Twenty-one miners were killed in an explosion in the shaft of the Cascade Coal & Coke Co.'s mine at Sykesville, nine miles from here.

Deafness Cannot Be Cured

by local opticians, as they cannot reach the inner portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it swells and its normal function is lost, and when it is entirely closed, deafness is the result, and unless relieved by constitutional means, hearing will be destroyed forever. Many cases of deafness have been cured by the use of Dr. J. C. Cheney's Catarrh Cure, which is sold by E. J. Cheney & Co., Toledo, O.

STRAYED—July 4th, from the old Erickson place on the Clackamas, a large brown tabby Persian cat, long hair. Reward. Mrs. O. O. Kinnhart, R. F. D. No. 2, Box 174.

FOR SALE—Portable steam engine, 7x12, with boiler, cheap. Drag saw without power, \$10. Cast iron fly wheel, 23 inch, \$12. Gymnasium launching bar, \$9. 16 foot gasoline launch, cheap. Uncalled for drag and crosscut saws, cheap. Oregon City Machine Works, 13th and Main Sts.

FOR SALE—House, two lots on corner, house recently built, 12x28, brick fire, other improvements fine view, near Winkle's store, West Side. Price \$475. Harvey Buck, Oregon City.

CHOLERA MENACES

NEW YORK CITY

Ships Arriving From Italy Are Feared; One American is Dead.

New York.—With cholera at its gates, the health officials of New York are taking more energetic precautions than ever to prevent the disease gaining a foothold in the city. Allegations of carelessness on the part of the quarantine officials were freely made and stringent regulations will be adopted to prevent employees and attaches of the quarantine station mingling with outsiders. The first native case of Asiatic cholera to develop here this season ended in the death of Patrick Cushing, night watchman at the Swinburne Island quarantine station. There have been several deaths among immigrants detained, and two suspects kept for the required observation period developed the disease and died, but Cushing is the first American resident to be infected.

"The quarantine department on every port in this country is facing a very serious and onerous task," said Dr. Doty, "and it is not impossible that many vessels arriving from Italy in the next few days will bring one or more cases of the disease."

A majority of the vessels which have recently come from Italy have either brought actual cases of this disease, or furnished evidence of its having occurred in transit. It is with great difficulty that the latter condition is established, and it is only through the most exhaustive bacteriological examination that I am able to secure the facts.

Ballingier Denies "Dick" Letter. Seattle, Wash.—Richard A. Ballingier, former secretary of the Interior, declared that he never heard of that "Dick to Dick" letter until he saw it printed in the papers. Ballingier was positive in his statement that he did not remember receiving such a letter.

RATES ARE REDUCED

Canadian Pacific Makes Tariff Reduction of 25 to 40 Per Cent. Portland.—Reductions in the new apple tariff applying between Oregon and Washington points to destinations on the Canadian Pacific Railway. From the new rate schedule the following comparative quotations are made: From Hood River to Regina and Winnipeg the old and new rates are \$1.25 and 80 cents respectively. From Walla Walla, La Grande and North Yakima to Regina and Winnipeg the old rate was \$1.12 1/2, while the new is 65 cents. As there is a great demand for Oregon and Washington apples in Canada, the movement as a result of the reduced rates likely will be heavy.

Money to Loan.—In sums to suit, on first mortgage, one year or longer. Charges reasonable. Apply at once. Cross & Hammond, Beaver Building.

Honest Medicines Versus Fakes

President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to prepared medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley Kidney Pills are equally effective and meritorious. Jones Drug Co.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, an equally sure remedy for cholera. For sale by all good dealers.

FOR SALE—Two wagons, horse and set of harness, 6 horse power gasolene engine, and 16-inch potter lathe. D. A. Dillman, 915 6th St.
