**Political News Bits**  
A political feature of the past week  
was the organization in California  
of several Taft women clubs.  
Wilson's managers charge that the  
Underwood, Clark and Harmon forces  
have combined to defeat the governor.  
Colonel Roosevelt has about made  
up his mind to take the stump and  
personally make the fight for the num-  
liation.  
In his address at Toledo, Ohio, Presi-  
dent Taft denounced the Roosevelt  
idea of recall of decisions as "utterly  
without merit or utility."  
Eight delegates have been elected  
from New Mexico to the national con-  
vention at Chicago. Four are in-  
structed for Taft and four for Roosevelt.  
President Taft leads in the race for  
the Republican presidential nomi-  
nation. Of the 107 delegates so far  
elected to the national convention, 95  
are pledged to President Taft against  
12 for Colonel Roosevelt.  
Returns from 115 counties in Okla-  
homa where Republican county con-  
ventions were held showed 293 in-  
structed delegates for Roosevelt and  
70 for Taft. There will be contested  
delegations from six counties.  
Champ Clark of Missouri leads in  
the race for the Democratic nomi-  
nation for president. He has pledged to  
him 44 of the 54 delegates already  
elected, the remaining 10 being in-  
structed to vote for Woodrow Wilson.

**HOT FLASHES.**  
Women in middle age often complain of hot flashes. They are at that stage of life—when their delicate organism needs a tonic and helping-hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girlhood to womanhood and from motherhood to old age—with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about  
**Doctor Pierce's Favorite Prescription.**  
Mrs. J. Lator, of 321 S. Denton Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a fine baby girl—she weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Smart-Weed. I never had a well day before I took your medicine. I was surprised how well I felt—could eat—was always hungry, and never had a sick stomach. The nurse who was with me said the medicine was wonderful because I got along so nicely after having had so much trouble before. She intends to recommend it to all her suffering patients. Everybody is astonished at me because I only weighed 100 pounds before and now I weigh 135. I have had several ladies come to me and ask about Dr. Pierce's medicine. I am willing to recommend it to all who suffer and want help. If any want information I will be glad to give it to them."  
Mrs. LATOR & CHILD
