

THE CITY NEWS.

There was a great crowd on the fair grounds today. Mrs. J. R. DuVall was visiting friends here last week. Ray Welsh has gone to Union Mills to teach school. Elmer Dixon and Wm. Beard are building a cement walk from their houses to Molalla Ave. Robt. Gintler has begun his term of teaching at the Maple Lane school. Secretary Eby must have a pull with the weather man for the fair weather seems to have been made to order. Mr. Robert Gintler of Schaubel, has moved to corner of Molalla and Willamette Sts. Perfect weather, large crowds and fine attractions are making the Canby fair a splendid success. Mrs. Barbara Bruce, who is an aged lady of 72 years, was sent to the asylum. She was there four years ago, and had been allowed to come home. Mr. Will Gillette of Wallawalla, Wash., came to this city Sunday and is visiting with his brothers Dan and George, and with his uncle John and family. He expects to stay three or four weeks. The cement forms have been taken down and the Hawley Paper Co.'s new factory is well along. It will take some time to complete the inside, but when finished, it will be a splendid factory building, permanent and fireproof.

A Cause for Joy.

There is more joy in the Oregonian editorial sanctum over one of Governor West's honor men who escapes than over the ninety- and-nine who refuse to run, but remain true to their promise.—Polk County Observer.

Running up or down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by Huntley Bros. Co.

CANBY.

Judging from the crowd at Canby and on the fair grounds, a greater interest is being displayed than on any previous year in the County Fair now in session. The number of entries are great and competition is strong. The live stock department is certainly a great credit to the management, as the exhibits are the best, and most extensive during the history of the fair. Rev. G. L. Creevy has been returned to Canby to fill the pulpit in the M. E. Church for another year. This action was taken by the regular annual Conference of Salem District, held at Asland during the latter part of last week and the first of this one. He hopes to soon complete the new church building which has been in process of construction for more than a year and the basement of which is now being used for church and Sabbath school services. The Sabbath school under the careful and efficient management of Mr. A. J. Burdette, his superintendent, has almost doubled during the past year. Mr. Burdette has been on the sick list for the past month and it has been with much regret that he has absented himself from his Sabbath school work. Canby is beginning to lay plans for the entertainment of the delegates of the County Sabbath School association, which is to hold its regular annual fall session at Canby this year. The new M. E. church is to be the place where it is intended that this organization shall assemble. One hundred and seventy-two pupils have already enrolled in the Canby public schools, of which thirty three are enrolled in the high school department, the teachers of which are C. F. Romig, principal and superintendent of the city schools, and Miss Addy B. Wyeth, assistant; thirty-two are to be found in P. L. Coleman's room, forty-six in Miss LaVine Sheridan's room, thirty-five in the primary department with Miss Emily Spulak as teacher, and twenty-six with H. H. E. Ives, who is again teaching "Riverside" school. After the fair and potato picking it is expected that the attendance will greatly increase. The work on the new school house is progressing rapidly and it is expected that it shall be ready for occupancy before the first of the year. The primary department seems to be perfectly satisfied in their new quarters, the Norwegian nurburch. The services in the M. E. church on last Sabbath, conducted by Rev. Piper of Oregon City, were well attended and much enjoyed by the large congregation present in both morning and evening. It is hoped that Rev. Piper will find occasion to again soon be present and enthuse and inspire us with his Spiritual and uplifting presence. The Courier has readers, a lot of them, and live ones. An ad. does the biz.

A Correspondence.

Editor Courier:— A few days ago I noticed an article in the Morning Enterprise that purported to be a real estate ad, but the article threw so much mud at our beautiful city and us "Cliff Dwellers" and us "Turkey trotters" that I would like a little space in your valuable paper to say a few words on the subject. If the gentleman from Gladstone can't sell his real estate without resorting to such methods, he had better quit, because that won't work. We Cliff Dwellers don't mind the little climb from Main St. to the splendid and substantial city on the bluff, that overlooks the mighty falls and big busy mills; here among the splendid homes and with pure air and water. We have clean and well kept streets, beautiful scenery and substantial business blocks and the people are contented and happy, so we have a few minutes exercise to reach the lower town and mills. It is a great deal easier for us than to have to chase a car several blocks and then hang on a strap for several miles, in order to get anywhere. Our little Turkey trots tend to keep us straight and healthy; keeps our brains clear and our judgment from warping. I won't go on and compare the two different localities because I like Gladstone and I wish the people well and it isn't considered necessary in Oregon nor is it customary to resort to "mud slinging" in order to sell real estate. Each community must speak for itself, and Oregon City is known to be one of the best towns of her size in the country. In spite of the knockers we soon will have an elevator for use at the bluff and street cars on the hill, and grow into a city that CAN'T be beat. And the gentleman from the town in the valley must behave himself when he comes up here. Chas. F. Terrill.

The "ad" referred to in Mr. Terrill's article was written by Mr. T. A. Burke, who is assisting in the present sale of Gladstone property by the Gladstone Real Estate association. We read the "ad" ourselves and though a resident of the hill, we fail to agree with Mr. Terrill that there was any malicious mud slinging in Mr. Burke's advertisement, and we know for a fact that there was no intention of the sort on the part of Mr. Burke. We interpreted the "ad" in the vein in which it was written by the author—that of a good natured burlesque on the hill climbing of our town. If the "ad" has any thing to do with bringing about a realization of our long desired "elevator" it will go a step farther and aver that the ad served a mighty good purpose.—Editor.

KNOCKERS.

Every town is cursed with a few knockers who find fault with everything who tries to do business. If a man is about to buy a piece of property they tell him it is not worth the money. If he wants to sell a farm they tell him he is not getting enough for it. They nose around with their hammers out trying in every way to injure the community in which they live. They like to see people in trouble and are delighted when any one goes broke or has a death in the family. The knockers will not likely get their just deserts in this world, but we should not like to take their chances in the next.

KEEP YOUR MOUTH HEALTHY

Rehall Tooth Paste, Pleasing and Dainty, Is Good for the Mouth

The perfect tooth preparation should have antiseptic properties that destroy the germs of decay. Simply brushing off the teeth will not do this. It is essential, if the mouth is to be healthy, not only that the teeth be cleaned, but that the whole mouth be purified, made antiseptically clean. In this way, the general bodily health is also promoted, for it is influenced greatly by the health of the mouth. Rehall Tooth Paste contains antiseptic properties that make it not only a toilet necessity, but a health requisite. It is not only pleasing and dainty to use, but it leaves the mouth antiseptically pure and clean, and feeling cool and comfortable. It goes to every crevice, destroying the germs of decay. Its use helps to make and keep the mouth in perfect health. It removes the tartar from the teeth and helps to sweeten the breath. It is a delightful dentifrice, made for the needs of people who are particular about the care of their mouth and teeth. We guarantee it to please you—no money back. Price 25 cents. Sold in this community only at our store, The Rexall Drug Store, Huntley Bros. Co.—Oregon City, Canby, Hubbard and Molalla.

HOT FLASHES.

Women in middle age often complain of hot flashes. They are at that stage of life—when their delicate organism needs a tonic and helping-hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girlhood to womanhood and from motherhood to old age—with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about

Doctor Pierce's Favorite Prescription.

Mrs. J. Emmet, of 321 S. Benton Street, Baltimore, Md., says: "I write you about nine months ago, telling you of my condition. I have a fine baby girl—she weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Smart-Wood. I never had a well day before I took your medicine. I was smarted how well I felt—could eat—was always hungry, and never had a flat stomach. The nurse who was with me said the medicine was wonderful because I got along so nicely after having had so much trouble before. She intends to recommend it to all her suffering patients. Everybody is astonished at me because I only weighed 102 pounds before and now I weigh 155. I have had several ladies come to me and ask about Dr. Pierce's medicine. I am willing to recommend it to all who suffer and want help. If any want information I will be glad to give it to them."

STAFFORD.

The weather is beautiful after threatening rain on Monday, and farmers are hastening fall work. Clover seed is turning out well, also early potatoes and those of the late sorts which were planted early, are yielding well also, as they were not struck with the blight which is affecting nearly all fields of late potatoes. School began Monday with the rooms almost too full. Mrs. Athy has been quite sick again, but is better now. Mr. Johnson who had a place on Tualatin meadows, died Tuesday. Mrs. Kate Turner has been quite sick. Mrs. Chris Miley passed away Tuesday at the Sellwood sanitarium, where she had been a patient for several months, suffering from cancer. The interment was in the Stafford cemetery beside her mother, who also died of cancer a number of years ago. Mrs. Miley was a daughter of Capt. Hayes, a long time resident of this place, who is now living near Mt. Tabor with an adopted daughter, Mrs. Fannie Shipley. Mrs. Fred Baker has just returned from a visit with her parents at Cornelius. Mrs. Widdle is confined to her bed by a bad fall last Saturday, when she struck her hip and back on a projecting board, straining the muscles and tendons severely.

U. A. Smith, Bridgetown, Ind., had kidney trouble for years, and was so crippled with rheumatism he could not dress without help. He started using Foley Kidney Pills, and says: "I began to get better at once, and now all my trouble has left me and I do not feel that I ever had rheumatism. I rest well all night and tho' 59 years old, can now do the work of a man of 35 years. I would like to be the means of others getting benefit from Foley Kidney Pills."
