

# Regardless of What It Costs Us We Keep Faith With Our Customers

We have rather a peculiar idea about running a retail store. We believe that the merchant who looks out for his customers' interests will never have to worry about his own interests. Business success, like happiness, comes to the average man directly. The fellow who goes about seeking happiness is the most unfortunate individual imaginable; the man who does his duty from day to day, and tries to make others contented finds true happiness. And so it is in business. We believe and always have believed that by serving your interests we shall in the end serve our own best interests.

### GOODS MUST BE AS REPRESENTED

Every article we sell is exactly as we represent it to be. There is no deviation from this rule. A child can buy here with the same assurance that a jewelry expert would have of getting full value for his money. If we tell you a locket is solid gold, you may depend upon it that it IS solid gold; if we sell you a watch, you can depend upon its quality, if your watch needs regulating and nothing more you will never be charged for a repair bill.

### Jewelry Cleaned, Watches Regulated Free

If you have gems or jewels, that need cleaning and polishing, bring them in and we will be glad to do the work free. If your watch is irregular in its time-keeping habits, we shall be glad to regulate it and no fee will be asked.

### BARGAINS ARE BARGAINS HERE!

Whenever you see an article advertised by this store as a bargain, it is a bargain. Only goods sold at reduced prices are advertised as bargains. Please remember that.

When you see an announcement of a Special Sale at this store, it means we have something special to sell—either an ORDINARY article at a REDUCED price or an EXTRA QUALITY at the price of an ORDINARY.

### We Want Visitors as Well as Customers

We now have a most complete and interesting display of JEWELRY, WATCHES, CHINA, CUT GLASS, etc. Come in and see these beautiful creations. Don't feel obligated to wait until you are ready to buy. Come now, tomorrow or next day. And bring your friends along—we like to have visitors.

DR. CLYDE MOUNT, Dentist, Masonic Temple.

Wanted, one to six small heifers, with some Jersey blood. Inquire at Courier office.

A presidential election does not scare Oregon. Business and building moves on just the same and one would never think that the greatest campaign in the history of this nation was on. But the scare day has gone by. The people will not take any stock in the ruin stories. It will take more than politics and the change of an administration to keep Oregon from booming for the next ten years.

Fred Clarke had a thirst, and he slipped into a Main street saloon through a rear window to quench it, and took two bottles of liquor. Every time he took a drink he felt more sociable and he finally led James Kiser and Robert Phalen into his wet goods emporium. These men took too much of a load and chief Shaw gathered them in. Then they squealed on Clark, which led to his arrest. Kiser was given 30 days in jail and a fine of \$5, by Recorder Stipp; Phalen drew 20 days and a \$5 fine and Clark was held for the grand jury.

"What is a chicken yard doing in this place?" asked a new comer who was watching the workmen on the Carnegie library building the first of the week. Let us hope that the new building will crowd out this unsightly spot, or that the ladies of the Women's Club will teach pretty vines to twine around the poles and cover the unsightly netting. Dr. W. E. Hemstead, Dr. Meisner's partner, who moved to this city some months ago, has purchased the Mrs. Ely residence at Gladstone and now has his family comfortably located in their new home. A city park is no place for a tennis court.

At the coming city election you are going to have another chance to vote on the proposition of a city elevator for the residence section. Just as sure as that you are a foot high this is the move to make. With a free elevator the heights section as a residence location would be without an obstacle or drawback. It is of much more an investment than the improving of a street that would cost many times as much. And then, too, you want to ever bear in mind the improvements that are about due for the west side, and let this have a lot of consideration. If we get at it, work for it, explain it, it will go and go dead easy. If we fold our hands, it will go where it did before.

Mrs. R. B. Beattie is confined to her bed this week on account of sickness.

Albert Engle of Molalla, was in the city Wednesday.

Ripe strawberries are in the market this year. Oh you easterners!

Dr. Eleanor Beatty made a business trip to Portland last Monday.

Gene Lewellen, wife and son, Gilbert, visited Mr. and Mrs. J. Lewellen last week and while here attended the fair at Canby.

Dr. M. C. Strickland has returned from a vacation trip through California, and he says there are some sections that are delightful.

Moffit & Parker of the Oregon Construction Co., have J. Q. Adams, Jackson and Sixteenth streets practically graded and will have the rock on in about five weeks. The big quarry that they opened with the giant blast a few weeks ago is yielding some splendid road material. It has been tested by the state agricultural college and by Prof. Bongham, the road chemist, and pronounced as first class. This mountain of rock will supply the come, and the company is now running night and day shifts to catch up with the street work. Oregon City is spending a lot of money on improved streets, but every dollar more than comes back in the way of additional value to property.

### A Woman's View.

Springwater, Ore. Sept. 29.

Mr. M. J. Brown:— I saw in the last weeks Courier a call for contributions to the Wilson campaign funds and will say I am already contributing more to the campaign funds of Wilson, Taft and Teddie than I feel able to.

I guess with Tammany and the rest of his followers backing Wilson he will not suffer for lack of funds. In the first place if he had anything to offer the working class, why didn't he tell us so, when the Appeal offered him their whole front page free? And will you please tell me why they did not redeem their past pledges instead of making a lot of new ones they never intend to fulfill. It doesn't make any difference to me which of the three T. R., Taft, or Wilson is elected. They all dance for the same music, and are all tarred with the same stick.

Mrs. Dora Millard.

### TAKE A DOLLAR CHANCE

Look at it as an investment and Help the Party.

Five weeks from next Tuesday is election.

Every power that money can bring into play is getting behind the Republican nominees for president.

Woodrow Wilson is depending on the single dollars of the thousands of plain people to pay the expenses of his campaign.

The other candidates are depending on the trusts.

Don't you think you can take a dollar chance on a candidate for president who promises to pry loose the trusts that are forcing you to pay many dollars every month you live?

A dollar for the Wilson campaign goes where it will help Wilson's chances. Not a cent of it will be used in Clackamas Co., or Oregon. It goes to the National committee.

Look at it first as an investment; that if Wilson wins you will get it back with mighty good interest. Then look at it from the standpoint of a loyal Democrat.

The time is short for this money to be effective. Send in your dollars and line up with the men below who are helping:

### Mulino Circuit Dates.
