HOME ENEMIES OF RAILROAD

ARE BUSINESS ASSASSINS AND CHARACTER ASSAILERS.

Dimick and Eby Flied Knockers of the Railroad Work.

At the Live Wire session Tuesday, Mayor Dimick was asked to give a little talk on the progress of the Clackamas Southern railroad. He talked. So did O. D. Eby, E. H. Cooper and others, and they were vigorous in their English, and one did not have to guess at their meaning. Mr. Dimick said that the directors had not been giving out very much regarding the railroad, for the reason they were forced to keep their work and plans under cover on account of the enemies of this project and he made it doubly warm by the further state-

ment that our home people (some of them) were the worst enemies and obstacles the company had to deal with.

The mayor said there were many loyal friends and boosters for the work, but some who persistently and maliciously try to kill it; that the company did not want nor would it take their money, but wanted them to quit their knocking; that this class included business men and residents of Oregon City; that their names should be displayed on a black board where all could know them. He said it was a matter of record that Oregon City had not done so much to help on this railroad, as had Mt. Angel, and had not done half of what the little town of Molalla had done.

He briefly review the work of a year and a half; that the largest part of the grade to Molalla and the bridges were completed; that the company has paid every dollar for the work as it was done; that the rails would be here within two weeks, and if the public spirited men of this city would take hold and help out on the stock, they would have trains running to Beaver Creek in less than 60 days. Mr. Dimick told the men present that they would find that this investment would be the best paying one in the county. Mr. Cooper followed Mayor

Dimick in denouncing the work of those who were working against this road, and then O. D. Eby cut loose in a vigorous, scathing denunciation of the knockers.

"What I can't understand is why men in this city, who have business interests and property to be benefited by this railroad, will continually knock this undertaking. If we directors are what these knockers say we are, then the Live Wires should know it and expose us. If we are not what they say we are then they should be shown up. These knockers are business assassins and character assassilers." He said the road was started with but \$5,000, and today two-thirds completed to Molalla with every bill paid; that its completion and success was now a certainty, but that the work of the hired knockers made it hard, vexatious and unpleasant.

Vote for Millage Bill Number 320 X Yes

It provides six-tenths of a mill tax for support of Agricultural College and University of Oregon, giving them permanent support and taking them out of politics. It also provides one Board of Regents, thus solving the problems of co-operation, consolidation, division of courses and economy of management.

It does not increase the average rate of taxation.

It repays the \$500,000 University appropriation bill.

The bill is endorsed by Governor West: "This bill is in the interest of good business and should pass."

By L. B. Alderman, State Superintendent of Public Instruction: "Experience in other states shows millage bill principle to be correct."

By Will E. Daly, President, Oregon State Federation of Labor: "No argument can successfully combat the benefit to the state that will follow the adoption of the millage tax plan."

Endorsed by Portland Tax Payers League.

Bill prepared by committee of Governor's Commission, Board of Regents, and administrative officers of the two institutions.
