Next Tuesday ends it, and here is telling you readers won't be sorry.  
Born to Mr. and Mrs. C. H. Dickey, of Molalla Avenue, Friday last, a daughter.  
Next Tuesday every man has a right to stand as late as he wants to, 't'gosh.  
The Courier will have something about other topics than politics after this week.  
County Judge Beale united in marriage Mary Beale and Charles R. Ua of Lents Monday.  
Wanted—Boy over 16 to do general farm work and able to milk. Address, Charles Menke, Oregon City, Rt. 4.  
The library building is going up rapidly and it is certainly going to be a handsome building—an ornament to the city and park.  
For sale—Sulkey riding plough in good condition. Address, A. O. Achilles, Oregon City, Rt. 3. Telephone Beaver Creek.  
The little son of Mail Carrier Fuge, who has been ill with diphtheria, is now getting better daily. No other children in the family have taken the disease.  
Richard Martin got bargain day rates on a blooded setter dog Monday, when Chief Shaw sold the empooned dogs at auction. He bid in the dog for \$5.50.  
Steven Burkee and Miss Mable Covert of this city were married by Rev. C. W. Robinson in St. Paul's Episcopal church Saturday evening last.  
After election let us all join one party, "the" progressive party of Oregon City, and get in and make this historic old city jump like a spring lamb.  
It's as game to be a good winner as a good loser. Crowing and taunting doesn't get you anything. Take what the vote shows up, come up smiling and forget the rest.  
Seven deer is part of the record of Chester Elliott and R. Harrison in Cow Creek Canyon. The rest of the record is that Elliott was lost for two days in the big woods before he could find the camp.  
Trees, fine apple and peach—10 cents each if called for; other varieties at wholesale price, for list.  
A. J. Walker, Milwaukee, Ore.

Sunday, on the Canemah grounds, the Oregon City football team will play the fast line up from St. James College at Vancouver, Wash. A large crowd is expected.  
That was some football game at Canemah Park Sunday and some crowd, and the fans simply went crazy to see the home boys tip the whites over Portland champions, the Holiday Club, to the tune of 6 to 1.  
Chiropractic Spinal Adjustments, when properly applied, always get results. Lay aside prejudice, the child of ignorance, and come and get well. Drs. Hoeye & Stone, Canfield Bldg., Oregon City, Phone B. 130. Home Phone & Main 2882.  
William Sheehan must have a dozen strictly fresh eggs or a pound of pork chops in the house. Twice during the last few days thieves have attempted to enter his residence on Water street but each time have been heard and driven away.  
FOR SALE CHEAP—A four H. P. gasoline draw saw. Will not refuse any reasonable offer. Owner leaving country. Call at Clear Creek Park or see E. J. Goodson, Oregon City, Oregon, R. D. No. 2.  
Wanted—First class milk cow. M. Yoder, 162 Molalla Ave., Oregon City.  
B. C. Palmer of Molalla, returned from Copper River, Alaska, Monday, where he has been for two months with a government geological surveying party. He says the only railroad into that country was blocked and his party had to hike out on short rations and short horse feed.  
Wednesday afternoon of next week at the Presbyterian church, the teachers of the city schools will give a reception in honor of Miss Christine Tenning, of the National department of the W. C. T. U. In the evening at eight o'clock Miss Finley will lecture at the Baptist church on the subject of scientific temperance.  
Mrs. E. M. Ervan of Lebanon, died at the home of Mrs. L. A. Alexander on Seventh and Water streets Tuesday night. She came here four weeks ago, contracting lagrippe. The funeral services were held from the Holman undertaking parlors Wednesday and burial was held in Mountain View cemetery.

**FROM GOVERNOR WEST.**  
Explains What Will Become of Half Million Appropriation.  
Executive Dept., Salem.  
Editor Courier:—  
Inasmuch as this office is being repeatedly asked as to what will become of the \$500,000.00 appropriation made by the last legislature for the University of Oregon, and now held up by the referendum, should the proposed millage tax bill for the support of the University of Oregon and the Oregon Agricultural College carry, I wish to make the following statement for the information of your readers.  
If the proposed millage tax bill (No. 320 on the ballot) carries it will kill this \$500,000.00 appropriation and the money, already raised through taxation and in the hands of the State Treasurer, will revert to the General Fund and be available for other purposes.  
The millage tax bill abolishes the two boards of regents and the Board of Higher Curricula and puts both institutions under one board.  
It is a well known fact that at least a fourth of the members of the legislature are taken up wrangling over the appropriations for these institutions. The millage tax bill will keep them away from the legislature and take them out of politics.  
Yours very truly,  
OSWALD WEST.

**A FEW HOT ONES**

**Scoring Points in W. S. U'Ren's Debate with Mr. Shields.**  
Today 2,500 lan dmonopolists of Oregon pay one-third of the taxes and the farmers and laborers two-thirds. We believe the graduated single tax will reverse this order.  
There are three classes that practically are not taxed now, the water powers, the railroads, and the franchisees. If the graduated specific tax is not hard enough to reach them we'll make it harder.  
"It has taken twenty years to get the boss out of Oregon, but the boss is out. They don't sell U. S. senators at Salem now."  
"If Mr. Shields is acting as a missionary for the people, why don't he go to Canada, where Americans are seeking, and don't know any better than to think it good?"  
"Taxes have steadily increased for the past 50 years, and have more than doubled in the past six years. The graduated single tax can't be worse."  
"The water power companies are making from \$500,000 to \$600,000 per year from water powers. We propose they shall pay \$250,000 a year into Clackamas county."  
"When a man earns a dollar he should have that dollar, and he should not have a dollar unless he does earn it."  
Harvey Starkweather gets \$60,000 a year on four lots in Portland and tenants pay taxes and build buildings. All the taxes in Clackamas county are not worth this in ground rent. The farms valuations are in improvements."  
"We are out for the fellows who work for what they get; the others can take care of themselves."  
"The corporations file two reports, with state tax commission, one to keep rates up, another to keep taxes down. The railroads want to exact earnings on a cost of \$96,000 a mile when the cost was \$16,000."

**The Way the Wind Blows.**  
The Courier doesn't go very much on the significance of straw votes, but here is one taken at the teachers' institute at Willamette Saturday last that shows how the wind blows toward the educator:  
Wilson, 24; Roosevelt, 9; Taft 8; Chafin, 2; Debs, 1.  
Woman's suffrage, 23; against 8.

**Case of Unusual Interest.**  
The case of Laura Ripley Mack vs. F. L. Mack heard before Hon. J. U. Campbell last Saturday was of unusual interest in this that all the attorneys who reside in Gladstone were in the case. The plaintiff was represented by Messrs. Cross and Hammond and the defendant appeared by Sievers, Fischer and Seivers.  
The plaintiff was granted a divorce on grounds of cruel and inhuman treatment. She was awarded the care and custody of the two minor children, both boys, Lawrence Ripley Mack, aged six and one-half and five years. The family came here from Havre, Montana, a little over a year ago, and have been living on a forty-acre tract of ground about four miles from Sandy, Oregon.

**What is Your View?**  
The Courier doesn't propose to dictate to the council of this city their business, but this matter of renewing the franchise of the P. R. L. & P. Co. is one that should be taken very slow and played safe.  
Franchisees are valuable city assets, and a thirty year franchise is one that asks a lot—asks for granting of concessions that probably not a man on the council will live to see expire.  
The council should be fair to both the city and the railroad in this matter, consider all points and play slow.  
And by the way, if any of your readers want to express your opinions on this matter, the Courier opens its columns to you. The franchise is as much yours as anyone's.

**WHY SCHUEBEL SHOULD WIN.**  
STANDS FOR WHAT THE PEOPLE STAND FOR.  
Outline of What He Pledges Himself to Work for at Salem.  
Every candidate for the Legislature should be able to give a reason why the people of his district should cast their votes for him at the coming election and also let the voters know what he stands for and what he will endeavor to do if elected to the Legislature. With this object in view I wish to submit the following facts to the voters of Clackamas County.  
As the law now stands it is impossible for a farmer to burn slashings and clear land between June 1st and Oct. 1st. In 1911 the Legislature appropriated \$8,400 for special deputy game and fire wardens. These fire wardens are employed by the State at the expense of the tax payers to protect the timber lands owned by the S. P. Ry. Co. and other timber barons.  
I have prepared a bill that every road supervisor shall be ex-officio a fire warden in his district and shall have the privilege of issuing permits for the purpose of clearing lands between June 1st, and Oct. 1st.  
In 1911 the Legislature passed a law providing for three school supervisors in Clackamas county. This costs the tax payers of Clackamas county about \$3,600 which I consider a useless expenditure, and should be repealed.  
In 1909 a bill was passed by the Legislature providing that all water power appropriated "AF-TER THE PASSAGE OF THIS ACT" should pay a license fee annually of from 25 cents to \$2,000 per horse power. In 1911 another law was passed which contained a "joker" of a similar nature in the interests of all water power appropriated prior to May 22, 1909. The Portland Ry. Light & Power Co. has appropriated more than 250,000 horse power in Clackamas County but because of the "jokers" in the bills of 1909 and 1911 they escape paying a license fee on nearly all of their water power. On January 1st, 1912 they paid \$202,818 as a license fee and if they were compelled to pay in the same manner as other persons appropriating water after May 22, 1909, they would have to pay \$62,500. The present law of the State of Oregon out of \$60,478.19 for water power in Clackamas county annually until this bill is amended.  
I have prepared a bill which provides that every person appropriating water for power purposes shall pay a license fee of not less than 50 cts or more than \$2.00 for horse power per annum. If this bill becomes a law it will compel the Portland Ry. Light & Power Co. to pay \$125,000 annually for water appropriated in Clackamas county alone.  
Water power is one of the greatest natural resources that the people of Clackamas county have, and at the present time there is over 300,000 horse power appropriated in our county. Under the present law water power cannot be assessed and therefore escape taxation.  
I have prepared a bill which provides that all water power and franchise values shall pay taxes in the same manner as other property. If this bill becomes a law it will add at least \$15,000,000 to the tax roll in Clackamas county for water power alone. Under the present law Multnomah county is collecting taxes on over \$1,000,000 of property located in Clackamas county. This will also be remedied by the same bill and Clackamas county will collect taxes will collect taxes on all the property located within its boundaries.  
Proper protection for the laboring men is one of the most serious problems confronting the American people today. I have prepared a bill that provides no man shall be compelled to work for more than 10 hours in one day and not to exceed 60 hours in one week in any mill or manufacturing establishment in the State of Oregon.  
There will also be submitted to the coming session of the Legislature a compulsory compensation act which will protect the laboring men in their rights, their rights in case of accident without the expense of employing an attorney or going into the Courts. I shall do all in my power if elected to the Legislature to pass these laws and protect the laboring men in their rights.  
A great many useless and unnecessary commissions have been created in the past. The last Legislature appropriated over \$5,000,000, which is far in excess of what should be necessary to run the affairs of our State. I shall do all in my power to cut off useless commissions and reduce the expenses of our State government.  
If the above measures meet with your approval I would greatly appreciate your support at the coming election.  
Respectfully yours,  
C. SCHUEBEL.
