GREAT REMODELING SALE

Every Article of this High Grade Stock Must Go

We were crowded out, we needed more room and the result is the construction of our forty foot addition with full basement, steam heated, which will make this the most modern and largest exclusive shop in the Willamette Valley. Now lets get down to business---We must make room for the carpenters to work and we will sacrifice this enormous stock at reduction from 30 to 45 Per Cent--can you beat that? And remember we will give \$100 in gold coin to any charitable institution in Oregon City if any one can disprove the value of any article we place on sale, except few contract articles.

Note below a few of the greatest values ever offered in this community
