and that it takes less machinery and less work to do it? Come in and ask us about Lime and Sulphur Spray. We sell it by the Gallon or by the Barrel.

An orchard is only planted once in every twenty or thirty years and it is years before you get any returns. Considering the investment of time and ground you must realize the importance of giving it the necessary care. Did you ever stop to think that the proper care of the orchard would make a bigger difference than the proper care of a field of potatoes.
