

From Lehar's comic opera "Gypsy Love," which comes to the Heilig Theatre, Portland, for a night beginning Sunday March 21, is one of London's biggest hits. It is being presented by George Edwards at Daly's Theatre in the English metropolis, with whom A. H. Woods, who is sponsor for the American production, is interested.

Booster Day April 25-26. There will be two big booster days, stock shows and street fair this spring and the dates have been fixed for April 25 and 26. A big two days sport program will be put on. Details will be given later.

Marriage Licenses. The following have been granted marriage licenses by County Clerk Mulvey: February 24—Samuel Rosenberg and Eva Tucker, of Portland. February 25—Albert Wesalla and Mary E. Webber. February 26—Edgar Roth and Alma McDowell.

O, What a Hole. Governor West vetoed the salary increase bills as fast as they came to him. He told the legislature that Mr. Gill had a bill in the senate that would apportion salaries of all the counties. And then the senate killed Gill's bill because the governor originated it. But next week the machine will override the vetoes and the boys get their salary raises just the same.

"Go Home and Stay There." "I am ready to work until the deak is all clear, but I am not willing to come back here for another session. I tell you are making a mistake if you take this course; you are making political history for the state of Oregon. The people are not asking you to come back. You say the governor is likely to veto a lot of these bills. If he vetoes bad ones he cannot be condemned. For myself, I don't care what he does with the bills. He can eat them up if he chooses. That is a matter for him to decide."—Senator Dimick.

Charles M. Stowe Married. Announcements were received in Oregon City Wednesday of this week of the marriage of Charles M. Stowe and Miss Leslie Taylor, the wedding taking place at the home of his bride's parents, Mr. and Mrs. George William Taylor, of Roxbury, Mass., Thursday February 29. Mr. and Mrs. Stowe will be at home after April 1st, Five Wellington Court, Roxbury. Mr. Stowe is well known in Oregon City, where he has many friends. He was engaged in newspaper work and while in this city, after which he accepted a position with the Oregonian. He left Portland several years ago for Boston to accept a position on the editorial staff of the Monitor, a Christian Science publication of Boston Mass. Mr. Stowe was an excellent musician, having appeared in several concerts in this city as a violinist.

Mrs. May Greer, President of the Rebekah Assembly, will pay an official visit to Willamette Rebekah Lodge No. 2, in Oregon City, Friday evening February 28th. A program followed by refreshments will be among the attractive features, as also an address by Mrs. Greer.

POSTOFFICE CHANGES Several Important Improvements Announced by Postmaster Randall. On Tuesday of next week there will be a change made at the Oregon City postoffice, and Postmaster Randall, who, with his excellent corps of assistants, who have been looking after the public interest in delivering the mail, have concocted a scheme, which no doubt will be highly appreciated by the hundreds of patrons. Mr. Randall has arranged to have the general delivery window open during the day hereafter from 8:10 A. M. until 8:10 P. M. It has been customary to close the window during the time the mail was distributed, but an extra clerk has been secured, who is J. L. McNulty, of Silverton, Oregon, and he has been appointed to the position as general delivery clerk, this position being held for the past four years by Roy Trullinger, who has served in the capacity in a most capable and obliging manner. Mr. Trullinger will occupy a desk at the parcel post window, this to be located where is now the general delivery and stamp window. The general delivery department is to be where is now the registry window. Carl Joenke will still continue to be register clerk but will have his headquarters with that of the parcel post. The money order department with Mrs. C. A. Nash, as clerk, will remain as it is. Owing to the lack of room in the building, Mr. Randall and assistants have been figuring on the change, and it will be a great convenience to the public.

District Convention. Rebekahs Hold Enthusiastic Big Convention at Gladstone. The Sixth District Convention of the order of Rebekahs was held at the Gladstone Hall Tuesday, and was largely attended by delegates of District No. 7, when Milwaukee, Gladstone, Estacada, Molalla and Oregon City were represented. The meeting was under the supervision of the President of the Rebekah Assembly, Mrs. May Greer, of Hillsboro. The morning session was opened and presided over by the chairman of District No. 2, Miss Mary Howell, of Gladstone. At this session business was transacted, officers elected and arrangements for the holding of the next convention were made. It was decided to hold it at Milwaukee, altho the lodge of Estacada had extended an invitation to be held there. Conventions were held at both of these places several years ago. The date of holding the meeting was not decided upon, but will be later. At noon the hospitable ladies of Gladstone invited the members into the dining room, where a delicious banquet was in waiting. A chicken dinner was served and to say that the members enjoyed the feast is "putting it mildly." The afternoon session was devoted to the different points of law of the work of the order, and discussions in regard to same were made by the members. A hot supper was served the delegates from 5 to 6:30, after which an excellent program was rendered. The Gladstone Quartette, composed of John Mulkey, Victor Gault, Garland and Homer Hollowell, as usual proved to be among the favorites on the programme, and every selection rendered. Mrs. Thomas Burke, whose charming voice was well suited to the selections she gave, responded to hearty cheers. Others who gave pleasing selections were Pansy Oswald, Arlie and Marjorie Read and Mildred Hall. The officers who were elected to serve for the ensuing year are as follows: Chairman, Mrs. M. Martin, of Milwaukee; vice-chairman, Mrs. A. F. Parker, of Gladstone; secretary, Mrs. J. L. Waldron, Oregon City. This was one of the most enthusiastic and successful meetings held by the order of the Rebekahs and before the close of the session a vote of thanks was extended to the women of Gladstone for their interest they had taken and for their hospitality, while they were their guests.

Chamberlain's Tablets for Constipation. For constipation Chamberlain's Tablets are excellent. Easy to take, mild and gentle in effect. Give them a trial. For sale by Huntley Bros.

"Dr. Thomas' Eclectic Oil is the best remedy for that often fatal disease—croup. It has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

The Forty Year Test. An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world-wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by Huntley Bros.

Held for Grand Jury. W. M. Allen and C. G. Kerr of Molalla have been held for the grand jury by Justice Sumner on a charge of forgery and passing worthless checks. The charge is that he passed a forged check on C. I. S. Stafford on Main street and attempted to pass them on the Hob grocery Co. and the Seventh Street meat market. Boh men deny their guilt.

News of Damascus Equity. Damascus Local Union met in regular session February 20. A committee of three was elected to solicit members and J. H. Bowerman was elected a delegate to attend the state convention at Portland March 1. One new member was enrolled. There was a general discussion of the clearing house proposition, and a majority of the members were opposed to the name of Union Sales Co. Farmers' Society of Equity is good enough for us. Our members are busy sacking and hauling spuds to Clackamas to load a car for the south to be sent on Monday by the local union. A total of 13 shares have been subscribed for the clearing house with a promise of more.

CONCERT A GREAT SUCCESS. Gladstone People Enjoy Artistic Recital by Local Musicians.

One of the finest and most artistic musicals ever given by local musicians, was that given under the direction of Mrs. T. A. Burke at Gladstone church last Thursday night. The affair was enthusiastically enjoyed by a capacity house. Aside from the beautiful soprano solos of Mrs. Burke, the duet number with Mrs. Nieta Barlow Lawrence, and the quartette number, the famous "Sextette from Lucia," were features. Prof. Flechtner gave two beautiful violin solos. Mr. Garland Hollowell appeared twice on the program in tenor solos. Miss Sadie Ford was accompanist for the evening, and played every number in a highly artistic manner. The concert was a most artistic one and so great was the success of the musicians, that immediately after the concluding number, they were asked to give the concert in the Methodist church of Oregon City at an early date. Mrs. Burke, Mr. Hollowell and Mr. Gault are pupils of Mrs. Lawrence of this city, and their singing reflected much credit upon their instructor.

Notice of Final Settlement. Notice is hereby given that the executors of the estate of Elmer E. Charman, deceased, have filed in the County Court of Clackamas County, Oregon, their final account and report and that the Court has set Monday, March 31, 1913, at 10 o'clock A. M., at the County Court Room, in the County Court House, in Oregon City, Oregon, as the time and place for considering said final account and hearing objections thereto and settling the same.

T. L. CHARMAN, CHRALES H. CAUFIELD. Executors of the Will of Elmer E. Charman, Deceased. k, thietPteaw BS hm hmfr ww Dated this 28th day of February, 1913 Joseph E. Hedges, Attorney.

THE GRANGE. Conducted by J. W. DARROW, Chairman, M. Y. Editor of the New York State Grange Review.

IN THE OLD BAY STATE. Massachusetts United and Doing Splendid Grange Work. (Massachusetts report to national grange.) State Master G. M. Gardner of Massachusetts said that the Massachusetts state grange and every subordinate and Pomona grange composing it was never more united, more efficient or more promising for the future than today, with 250 subordinate granges and 27 compactly organized Pomonas, comprising more than 32,000 wide awake patrons, who hold 5,800 subordinate and 260 Pomona meetings a year, bringing together a total audience from October to October of nearly 400,000 people. Since the last national grange we have added fully 2,000 new members as the net gain of the year. This is about our annual accession, as we strive for no boom growth, preferring rather that it shall be steady, sure and substantial. The next five years will see at the present rate an increase of our granges to more than 300, which will practically cover our available fields, and that our membership will be increased to fully 40,000 during that period seems probable. Altogether our present strength is highly gratifying, notwithstanding it exists in a state possessing but 8,315 square miles and having but 300 townships, exclusive of its cities. Massachusetts, moreover, is not rated primarily as an agricultural state, though our farm products of this year closely approximate \$100,000,000. Grange legislative influence this year, said Mr. Gardner, was effective in securing increased bounties for all agricultural societies, including a liberal allowance for children's exhibits at every fair, in getting more money for country town highways, in securing an extension of our already progressive state policy of agricultural education in the public schools, as well as a start toward county agricultural education in the public schools, in defeating an attempt at amending the automobile registration law that would have taken \$400,000 out of the general highway construction fund of the state and distributed it among the metropolitan group of forty cities and towns, and in taking the first steps toward a high school transportation plan which will put the full opportunity of a high school education within the reach of hundreds of young people now deprived of it because of living in isolated sections of the state in small rural towns that maintain no high schools, while special mention may be made of the establishment of forest fire lookout stations all through the state in a practical plan for reducing annual forest fires, this being a project in which the grange has for some time been actively engaged.

CITY COUNCIL MATTERS. Engineer is Engaged and Main Street Paving is Up.

The matter of re-paving Main St. and what kind of paving are questions before the citizens and council and there is little doubt but what it will be repaved as soon as the taxpayers can agree as to the manner. A delegation of Main street property owners have asked for the work to be done. One of the matters in connection with the work is that the water mains should be lowered and the sewers lowered and enlarged. Some of the taxpayers favor the present pavement, brick, while others think asphalt or concrete should be used. The matter will be taken up and thrashed out at later meetings of the council. Robert C. Dieck, said to be one of the best engineers in the West, has been engaged by the council to investigate the matter of a pure water supply for the city, and he will commence work soon. Councilman Albright urged that the committee make public reports to the people as to the condition of our water. He said some thought it dangerous and others thought it pure and that they should know. And Mr. Beard asked that the reports be made plain, that medical and technical terms be eliminated, so that the people might know the exact condition of the water. The matter of \$150 appropriation to pay for making preliminary surveys for the elevator location passed its first reading and will be passed in two weeks. The sale of Mountain View fire house was ordered and will be advertised and bids called for. A remonstrance on the grade of High street was read and referred to the street committee. The city engineer was instructed to locate the grade stakes on High, Fourth and Thirteenth Streets. The erection of steps in the southern part of the town, near the Hawley mill was referred to a street committee. A communication was read from the city engineer and the city attorney which stated that the city would be able to make a new assessment against the property on lower Main Street, the owners having obtained an injunction against the city from paying their part of their assessments. Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale and sickly. For pure blood, sound digestion, use Burdock Blood Bitters. \$1.00 at all stores.

HEALTH WARNING. Chilled and wet feet result in congesting the internal organs, and inflammation of the kidneys and bladder, with rheumatic twinges and pain in back, generally follow. Use Foley's Kidney Pills. They are the best medicine for all disorders of the kidneys, for bladder irregularities, and for backache and rheumatism. They do not contain habit forming drugs. Tonic in action, quick in results.—Huntley Bros.

How The Body Kills Germs. Germs that get into the body are killed in two ways--by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood and throw out the poisons from the body, nothing in the past forty years has excelled Dr. Pierce's Golden Medical Discovery, a pure glyceric extract (without alcohol), of bloodroot, golden seal and Oregon grape root, stone root, mandrake and queen's root with black cherrybark. "My husband was a sufferer from stomach trouble and impure blood," writes Mrs. JAMES H. MARTIN, of Frankfort, Ky. "He had a sore on his face that would form a scab which would dry and drop off in about a month, then another would immediately form. It continued this way for a long time. He tried every remedy that any one would suggest but found no relief. He then tried Dr. Pierce's Golden Medical Discovery which completely cured him. He has stayed cured how for two years, and I recommend this valuable medicine for impurities of the blood." Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules. J. H. MARTIN, Esq.
