**OREGON CITY GIRLS**  
**Have Twin Cottages and Claims Out in Willows Country**

The Enterprise Record, Clifton, published in the issue of March 20, has an illustration of two cottages with a caption "Two Sisters, Twin Cottages." These cottages are Miss Snow V. Heaton and her sister Miss Nannit Heaton, who are well known in this city, where they formerly lived and were connected with the Oregon City Enterprise at the time their brother-in-law, W. A. Galloway, was owner and publisher of that paper.

The homes of these two young women are joined by a long porch and are built on their respective claims. Their claims, which are among the best in that part of the state, are located about three miles northeast of Enterprise. Many acres of good hillside land have been broken on both sides of the houses and the work of breaking the sod and putting it under cultivation is now in progress.

The cabins of the Misses Heaton are fitted up for solid comfort and their many friends are always given a cordial welcome.

Many homesteaders have taken possession of most of the good land in that section and these young women are not wanting for neighbors. Where coyotes and jack rabbits have held sway for many years the land is now being settled on and the coyotes have fast disappeared. Farms are dotting these plains and wheat crops are being put in.

The Misses Heaton came from Ohio to Oregon, and after residing here for several years moved to Enterprise, Oregon, where they have since made their home.

Miss Louise Walker entertained the "Younger Set Club" at her home the seventh and Washington street Friday evening at five hundred. The prizes going to Miss Madge Brightbill, Miss Edna Holman and Miss Florence Grace. During the evening the hostess, assisted by her mother, Mrs. J. H. Walker, served refreshments.

Present were Miss Ethel Risley, Miss Olive Risley, Miss Nell Corfield, Miss Ruth Brightbill, Miss Genevieve Capen, Miss Sedona Shaw, Miss Lois Bain, Miss Florence Grace, Miss Madge Brightbill, Miss Edna Holman and Miss Stella Cross.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters reached the cause."—J. H. Walker, Sunbury, Ohio.

**YOUNG ADDS RELICS**  
**He Will Take His Collection to the California Exposition**

George Young, who has one of the handsomest and largest collections of Indian curios at his curio store, has, during the past week added many rare relics. Among these is a handsome necklace probably worn by an Indian princess at one time. This is composed of bright colored beads of unusual brilliancy, and so that the colors blend well. On each side of the neck piece are arranged highly polished bones from the buffalo. As there are only four of these bones in the body of the buffalo it required 10 of these animals for this fancy necklace as there are forty altogether. These have the appearance of ivory and an opening has been made through which are strung as the beads. They are of the same length and circumference. This was recently brought from Idaho.

Mrs. — who recently arrived here from Alaska, has sold many Indian curios to Mr. Young during her visit here last week. Among these is a jacket, which was owned and worn by "Calamity Kate" a noted cow girl.

"Calamity Kate" wore this coat on many occasions while performing wonderful feats of horsemanship during her engagement with a wild west show. It is made of buckskin and elaborately trimmed with embroidery.

A pair of "nuck lucks" is also in this collection. These are boots made of sealskin and are worn by the Indians of the far north.

Mr. Young's curio store has been visited by many Eastern tourists during the past few months and these curios are quite a novelty to the Easterners.

**CLEANING UP.**  
**Civic Committee, Health and Police Departments Getting Results.**

The following report of the Civic Improvement committee was made to the Live Wires Tuesday:

The recent results of the work of this committee have already in part been published, as the proceedings of our joint meeting with the police and health committee. Previous to this meeting which occurred Friday, March 21, the committee again went over the ground covered in our first detailed report. Many items were found corrected but a good majority have not yet been completely remedied. At the joint meeting of the two committees, it was decided to proceed definitely against such cases that do not respond to notification and a reasonable length of time in which to clean up properly.

At this joint meeting a committee was appointed to draw up adequate ordinances in regard to the control of barns, fire risks, and garbage regulations and to ask of the council favorable consideration as soon as possible. The clean-up work of the committee has resolved into a matter of assuring permanent rather than merely temporary results, and hence our efforts at this time secure ordinances that will tend to KEEP the city clean rather than to enforce a spasmodic effort semi-occasionally.

Much of the activity along clean-up lines is being carried on by the health and police committee of the council and by the chief of police. Naturally this work does not receive much publicity but the Civic Improvement committee wishes to take this opportunity of thanking the authorities for their greatly needed and appreciated activity.

**Children Cry FOR FLETCHER'S CASTORIA**

Busch's New Business Block  
The building being erected by Frank Busch on his Main street property between Eleventh and Twelfth streets, is nearing completion. The first floor will be 105x96 feet and will be occupied by the Pacific Highway garage and the Mitchell, Lewis & Staver company. Mr. Frank Busch, who is in charge of the Pacific Highway garage, will be in charge of the garage in the new building, and William Wilson in charge of the Mitchell, Lewis & Staver company. At the rear of the garage will be a well-equipped machine shop, and the second floor will be the salesroom and office. This building will be completed about April 1.

It was found that larger quarters were needed by this garage, as a carload of automobiles will soon arrive. Among the new cars in the lot from the last load were Dr. Humpstead and L. J. Smith. Both cars were of five-passenger and of the latest Ford make.

The building now occupied by the Pacific Highway garage will be occupied by W. W. Smith, who recently arrived from Portland. The purpose of the Binford machine shop in the building at the rear and on Twelfth street. Mr. Plath requires more room, as he has several large contracts from Portland to fill.

Loss of appetite or distress after eating—a symptom that should not be disregarded.

**SPIRITISM SAID TO BE DEMONISM.**

A most interesting little brochure has recently come off the press setting forth with Bible proofs that the communications received by and through Spiritist Mediums is of Demon origin. The writer traces his subject through the Scriptures from the time when certain of the holy angels became disobedient. He proves from the Scriptures that these fallen spirits persecute the human dead, with whose past history, spirits, though invisible, are thoroughly acquainted. He shows that they also frequently personate the Creator and the Redeemer, commanding their deceived ones to pray, do penance, etc. This, however, is merely to lead them on and to bring them more thoroughly under demoniac control. Sometimes by breaking down the natural barrier, the human will, they possess their victim, and rule him more or less to his ruin—frequently sending such to the mad-house. Numerous illustrations, Scriptural and otherwise, are given. The price of the little book is but five cents; it should be in the hands of all interested in Spiritism or who have friends interested therein. **THE WORD HELL.**

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is NOT a place of eternal torment, but merely another name for the TOMB, the GRAVE, the STATE OF DEATH. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was REDEEMED from the GRAVE at the cost of his Redeemer's LIFE and that the Scriptural Hope, both for the Church and the World, is a resurrection from the dead, not the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

Or are you going to get in and help us along? Now is the time a little help will be appreciated, for when the plant is completed it will do the rest.
