

A Frank Statement to The People of Clackamas County

We want to get the trade of the best people of Clackamas county by proving that it will pay them to give us their business. Don't mistake our meaning when we say the "best" people. We have in mind the business, not the social, value of the man or woman when we say "best"; and while the rich and well-to-do are of course included in our meaning of "best" the word expresses much more than that.

The "best" class of trade is that largest number of the people of Clackamas Co. who are thrifty; who look ahead; who plan to get best value for the price they pay. They are settled; expect to remain here; have an interest in the general progress of our county, and have an eye to the future in behalf of their children and their children's children.

A Wide Space Separates

The "best" trade is not all rich, or even well to do, now; but it is far-sighted; has a good memory; and in time will buy more, and better and finer things, from the jeweler from whom the best it can afford—if the jeweler deserves their continuing good will. This best trade stays with the jeweler who proves to his customers that it is best for them to stay with him.

Our plan of getting this "best" trade is to invariably sell what is best for our customers to buy. We propose to put our knowledge entirely at your service, ignoring the temporary advantage to us in selling you what would (at present) pay us best to sell you. We are not looking for temporary gains; we are building for the future on the foundation rock of the public confidence. We are after, and will get, that confidence, whatever it costs us in present profit on articles it would pay us now, to sell, but would not pay our customers to buy.

"What's in a Name?"

Everything, when it comes to a Filled Watch Case. The name "Boss" and "Crescent" stand for the absolutely best. And there's a long step down to the "just-as-good." We carry them in all sizes.

The Howard Watch

heads the list in watch excellence. Its price is justified by its performance. It will give perfect satisfaction through your life, and your son's life. We pin our faith to it in selling it, as you may in buying it.

poor—will not stay with the jeweler who sells disappointing goods; and we want that "best" trade.

The jewelry business is different from most others. In many other lines of trade the buyer can bank on his own judgment, more or less—in buying clothing, groceries, house furnishings and what not. But he does not—cannot have—any valuable judgment as to the difference, say, in two grades of diamonds, or two makes of watch cases. He must go by his faith in the jeweler; just as he must go by his faith in the doctor, or the lawyer or the banker. Consequently in no other line of merchandise is there greater opportunity for deception, or for selfishness, than the jewelry business presents; for the customer must rely on the jeweler to treat him squarely.

Edison Phonographs

Your time will be well spent if you will call at our store and hear the latest Edison Disk Phonograph. We are exclusive agents for the Edison Disk and Cylinder Machines and Records in Oregon City.

Just in proportion as the customer's ignorance of value is greater than when buying other merchandise, the jeweler's responsibility is greater in selling. Therefore, if the jeweler would build up an enduring business—a business that would constantly widen through the favoring word of pleased customers—he must secure that public confidence which is as much a part of his capital as it is of a banker's capital.

So we shall strive to deserve the confidence of the people of Clackamas County by invariably selling what is best for the customer to buy; by stating values as they are, in exact knowledge of their worth; and by an unvarying practice of "the square deal."

Our Gold Filled Jewelry

Wears and looks like Solid Gold. Our Gold Filled Jewelry is the very best that money can buy. We gladly replace any gold filled article we sell that does not wear satisfactorily.

Clackamas County by invariably selling what is best for the customer to buy; by stating values as they are, in exact knowledge of their worth; and by an unvarying practice of "the square deal."

BROWNIE CAMERAS

If the name Eastman had not been behind them we would have been afraid there was some thing besides the price that was cheap when the Brownie Cameras first came out. We don't see how the Eastman Co. can do it.

No 2 A Brownie. Takes pictures 2 1/4 x 3 1/4; works just like a Kodak. Price \$3.00. Ask for free Catalogue.

Former Resident Highly Honored

The following is from a special dispatch to New York Herald from Berlin, of recent date, which will be of much interest to the many friends of Dr. Edward Avery Newton, formerly of this city and eldest son of Mrs. K. L. Newton of Tenth and John Quincy Adams streets: "Berlin, Saturday April 5.—Much favorable comment is heard in social circles on the promptitude with which a corps of young American physicians responded to an appeal for surgical help from Belgrade. On Monday April 3, Mr. John G. A. Leishman communicated the contents of a telegram he had received from Mr. John B. Jackson, the American Minister to the Balkan States, to Dr. E. Avery Newton, with a request that he organize a volunteer corps.

Dr. Newton laid the matter before the Anglo-American Medical Association and in less than six hours a corps was organized, railway transportation arranged and preparations were completed for the start for Belgrade at midnight.

"These coming to the party beside Dr. Newton are Drs. Edward L. Gilchrist, of Gainesville, Texas; Charles B. McGlumphy, of Moundsville, West Virginia; T. H. Wenning, of Cincinnati; William Boyle, of the Medical School of the Indiana State University; H. A. Rosenkrantz, of Los Angeles; John Miron Love, of Norfolk, Virginia, and Robert Ray Sattler, of Cincinnati.

Dr. Newton resided in Oregon City most of his life before entering the Medical College at Philadelphia, Pa. After completing his studies at that institution he took up the practice of his profession at Philadelphia, and from that city several years ago, he left for Europe, practicing at Bad Naheim, Germany, where he has since resided until called upon to go to Serbia. Dr. Newton has been very successful in his profession and his many friends in Clackamas County are pleased to hear of the honor that has recently been bestowed upon him at Berlin.

Dies in Jamestown, N. Y.

Mr. and Mrs. R. D. Wilson received word last week from George Bebb, of Jamestown N. Y., stating that Mrs. Bebb, his wife, had died at that city Sunday morning at 3 o'clock from an illness of almost a year. Mrs. Bebb, who was formerly Miss Josephine Chase, of this city, was well known here, being the niece of Mrs. Wilson, and also of the late James Chase, of this city.

The funeral services were conducted at the Episcopal church of Jamestown, of which the deceased was a devoted member. The interment took place at Jamestown.

Mrs. Bebb was born January 17, 1879, at Colfax, Wash., and was the daughter of the late Andrew and Mary Chase, well known Oregon pioneers, who formerly resided at Springwater, Clackamas County. She was married about three years ago to George Bebb, of Jamestown, who is superintendent of the furnishing department of a large woolen mill and was also connected with the Oregon City Manufacturing Company for several years. She made her home in this city with Mr. and Mrs. Wilson for four years before marrying Mr. Bebb. She had a host of friends in Oregon City, who were grieved to hear of her death.

Mrs. Bebb is survived by five sisters and one brother, one sister being Mrs. J. S. Beall of Portland. Her other sisters and brother reside in Washington and California.

Microbes in Your Scalp
Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

HUNTLEY BROS. CO.
