

County Free Library

When the library gets into the new building, anyone in Clackamas County can take out books without expense and on the same terms as the people of Oregon City.

Hood River County has a county library. It levies two-tenths of one mill on all property in the county for its support.

Wasco County has a county library, and the county court of Klamath has made a levy for this purpose.

DOVER

Mr. J. Vannatta is on the sick list. Miss Elma DeShazer has been very sick the past week, but is fast recovering.

Mrs. Joel Jarl and family of Kelso, spent a week with her parents Mr. and Mrs. W. P. Roberts.

A surprise party was given at the home of Mr. and Mrs. W. P. Roberts in honor of Miss Alice Berghouse and Mr. W. B. Roberts.

Miss Alice Berghouse, Mrs. J. Jarl, W. P. Roberts, and W. B. Roberts made a trip to Portland last week.

Mr. W. P. Roberts presented his wife with a new sewing machine.

Mr. John Roberts returned home from Corvallis to attend the wedding of his brother, W. B. Roberts.

Miss Alice Berghouse and W. B. Roberts were united in marriage at the groom's home Sunday April 27th.

LOGAN.

The pupils of upper and lower Logan schools gave an interesting program on April 19, under the direction of Miss Buchanan. Dr. Pierce gave his lecture on the new view of human life.

The lecture was mostly an account of what has been and can be accomplished by scientific sanitation in the prevention and cure of contagious and other diseases.

Arthur Funk had his foot in shape to appear in his band uniform. Such a prospect proved quicker than medicine.

Harry Babler stepped on a rusty nail, which penetrated his foot recently. He too, was in shape for the booster day.

Mrs. H. C. Anderson is enjoying a visit from two sisters from the east. Ernest Gerhart has a two-wheeled chug-chug machine and is breaking it in to ride.

Potato buyers were offering 30 cents a sack for potatoes about here this week. It was not considered enough to pay for the cost of the season.

The first Saturday in May will be Old Folks' Day for Harding Grange, and old people are expected to furnish the program. The next month the young folks will distinguish themselves.

Easier Than Swatting.

Editor Courier:

How to kill flies? To clear the room of flies, carbolic acid may be used as follows: Heat a shovel or any similar article and drop thereon 20 drops of carbolic acid. The vapor kills the flies.

A cheap and perfectly reliable fly poison, one which is not dangerous to human life, is bichromate of potash in solution. Dissolve one dram, which can be bought at any drug store, in two ounces of water, and add a little sugar. Put some of this solution in shallow dishes and distribute them about the house.

Sticky fly paper, traps and liquid poisons are among the things to use in killing flies, but the latest, cheapest and best is a solution of formaldehyde in water. A spoonful of this liquid put into a quart of a pint of water and exposed in the room will be enough to clear all the flies. To quickly clear the room where there are many flies, burn pyrethrum powder in the room. This stupefies the flies, when they may be swept up and burned.

If there are flies in the dining room of your hotel, restaurant or boarding house, complain to the proprietor that the premises are not clean.

MRS. ROSE GINTHER.

Parent-Teachers' Bureau

The Parent-Teachers' Educational bureau had a formal opening of their rooms in the court house in Portland on Monday afternoon April 24.

Among the many visitors were several county officers who were much interested and pleased with the educational plans.

The object of these rooms, as the name would indicate, is for the education of parents, and it will be a very wise father or mother who can visit these rooms and not learn something useful. There are charts on the walls which are well worth reading.

One gives advice about the teeth with illustrations, and announces free dental work at city hall, for the poor children of the schools. Other charts are on the sins of the fathers, sex education, eugenics, the mating of the unfit, the care of the baby, the "do's and don'ts" and the "keep wells."

One room will have literature for distribution with leaflets on cigarette smoking, boy teaching, the girl to save, from youth to manhood, Luther Burbank, alcohol and tobacco, etc.

The furniture of this room, was made by the boys of the Portland Trade school. The Eugenics room is prepared to give instruction to the expectant mother. The day of the reception a trained nurse gave demonstrations as to the dressing, bathing, etc., of infants, while another young woman demonstrated the sterilizing of the milk and the care of the nursing bottle.

This bureau is free to the public and is open daily except Sunday from 10 a. m. to 5 p. m.

GROCERY STORIES

Items The Oregon City Eater is Interested In.

Now that spring has come, and with it the fresh, crisp vegetables, which you may see every day in my window that the spray keeps fresh—THEY ARE VERY FINE.

You that are eating meat will want some prepared mustard to make it taste better; we have it already prepared for use, the kind you make your own salad dressing with. We also have some very fine tomato catsup for relish.

Just for a change we have some smoked salmon, and fish by the barrel, which would taste good to you. If you think so, come here after them.

Just to make the pancakes slide down, you should have good syrup. We have the MAPLE and CORN in different size cans.

You probably have doubtless heard of Reddaway's Special. Coffee and thought you would like to try it. We have it, and the people who use it say that it goes farther than other coffee; try some of it. We have the one-minute Postum also.

You should try our cookies and snails. If you do, you will come back after more.

Dates are one of the things that people seem to be using more every year. We have VERY good ones we are selling by the pound.

Would you like some good Tillamook cheese? We have some that we know will bring you back for more.

We have some nice fresh garden seeds, and flower seeds. Now is the planting time.

We carry the choice brands of flour, Dement's Best, Snowdrift, Vim, and Pure White, feed, potatoes; in fact everything in the line of the grocer.

There is nothing that makes us feel better than an occasional "drop in and say "howdy," even if you don't purchase anything.

GEORGE REDDAWAY, The Grocer.

Teachers' Training Class Banquet

The banquet given for the Teachers' Training Class last Friday evening by the Ladies of the Presbyterian Church was one of the most enjoyable occasions afforded the delegates during their three days sojourn in this city. There were fifty-five present, Prof. R. R. Steele presiding as toastmaster.

Mrs. Fisher, of San Francisco responded in a delightful manner. Three piano selections by Miss Mabel Volkmar, one of Oregon City's most talented musicians were appreciated.

The table decorations were beautifully arranged in colors of white and yellow by Mrs. A. C. Bealieu who had charge of the supper. Cut flowers in profusion were presented by Mr. F. M. Darling, the florist.

The committee in charge of the banquet deserve great credit for their work.

SOCIAL AFFAIRS. One of the social events of the week was the marriage of Frank Busch, Jr., of Oregon City, to Miss Nettie Burgoyne, daughter of Mr. and Mrs. John Burgoyne of New Era, which was solemnized at St. John's Catholic church on Wednesday afternoon of last week. Only the immediate families of the bride and groom were present. The ceremony was performed by Father Hildebrandt. The bride was given away by her father, and she was attended by Miss Teresa McMillan of Portland. The groom was attended by his brother Edward Busch. After the ceremony the bride couple were served with luncheon at their future home, corner Twelfth and Water streets, which had been completely furnished. Mrs. Busch is the daughter of an old and prominent resident of Clackamas county. Mr. Busch is the eldest son of Frank Busch and he is associated with his father in the furniture business. He is a member of the commercial club and is well known in musical circles.
