

RICHARD A. SCHOENBORN

Richard Alfred Schoenborn, one of the prominent residents of Clackamas county, whose residence was in this city, passed away at his home on Seventh and John Quincy Adams St., Saturday evening May 31 at the age of 57 years, after an illness of 15 days of Bright's disease.

Richard Schoenborn was born in Suhl, Germany May 12, 1856, and came to America when he was 16 years of age, where he visited with his brother in New Jersey, where he remained for five years, afterwards coming to Oregon and settling on a farm at Carus in this county. He made his home there until three years ago when he moved to this city and engaged in the confectionery business, residing here until his death. He married Miss Augusta Bullard, of Shubel October 7, 1878.

Mr. Schoenborn was widely known and highly respected throughout Clackamas county and had a host of friends, who regretted to hear of his death. Through his hard work and energy he had made one of the best farm homes in this county, which is at present in charge of his son Harry.

The deceased was the son of Christian G. and Regine G. Schoenborn, who died many years ago in Germany and was their 15th child. He is survived by his wife, Mrs. Augusta Schoenborn, of this city; two daughters, Mrs. Nathaniel Smythe and Miss Elsie Schoenborn of this city; and five sons, Frank, of this city; Albert, Robert and Harry of Carus, and Henry of Oregon City.

Besides the family in Clackamas County Mr. Schoenborn leaves two sisters, Mrs. Wilhelmina Kreech and Mrs. Johanne Thiemie, of Germany; three brothers, Frank, Albert and Otto Schoenborn of Germany. His brother, August, who died in 1902, was for half a century a leading architect of Washington D. C., and he planned the dome on the capitol building in 1855, at that time President Fillmore taking much interest in his work. At the outbreak of the rebellion this brother of Richard Schoenborn went to Virginia drew maps and plans for General McDowell, when General McDowell started on his march into the Wilderness. He also made plans for the forts, barracks and hospitals for the quartermaster general's office and other government buildings.

The funeral services, which were held at the family home Monday afternoon at 2 o'clock, were attended by many friends. The services were conducted by Rev. Wiewersick of this city, and the choir, of the German Evangelical Church, of which he is the pastor, rendered favorite hymns of Mr. Schoenborn. Many beautiful floral offerings were in evidence. The pall bearers were Mr. Schoenborn's five sons and son-in-law, Frank and Henry Schoenborn of Oregon City; Albert, Robert and Harry of Carus; Nathaniel Smith of Oregon City. The interment was in the Mountain View cemetery, where many friends of the cemetery, where many friends of the deceased followed the remains to the last resting place.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

THE MARKETS

Prices of Farm Products in Clackamas County

With the present warm days the strawberry crop is at its height and the growers are much encouraged over the prospective yield. Wednesday the berries were bringing a price of 75c per crate.

Vegetables are plentiful in the local markets and there is a good demand.

Cherries of an early variety are commencing to take on color and within a few days these will be in the market. In some sections of the county the yield will be good.

The price of butter and eggs remains about the same as of last week. The cattle market is very slow. A combination of circumstances has caused prices and there is not as strong demand for beef as the previous week. Extreme high water has caused many cattle in the vicinity of Portland to be liquidated before the usual time. Heavy shipments from California and Utah has filled the yards. Best steers are selling at \$7.50; cows \$6.25 to \$6.50; bulls \$5.50 and calves \$8.00 to \$9.00.

The hog trade held strong until Friday. Receipts have been very liberal and the market is from 5c to 10c lower. Best light swine steady at \$8.40.

An uneven sheep market ruled for the six days period ending Saturday. There is a fair demand for fat mutton, which is very scarce. The bulk of receipts contained nothing but poor sheep and lambs, which are slow to move. Yearlings are quoted at \$5.50 to \$5.75; two year olds \$5.50; ewes \$4.50 to \$4.75 and best spring lambs are steady at \$6.50 to \$6.75.

EGGS—Oregon ranch 17c. FEED—Shorts \$26.50; bran \$24.00 standard barley \$27.50; process barley \$28.50 per ton.

FLOUR—\$4.40 to \$5.20. HAY—(buying) Clover at \$10 and \$12; oat hay, best \$14 1/2 and \$16, mixed \$10 and \$12; alfalfa, \$13.

OATS—\$28 at \$45; wheat \$1.00 bushel, oil meal about \$45.

Live Stock—Meats Beef—(live wt.) Steers 6 and 7c; cows 5 and 5 1/2; bulls 4 1/2-2.

MUTTON—Sheep three to five shown \$12 1/2 alfalfa; and a half cents.

Veal—Fancy, 12 c to 13c; medium 12 1/2c and 13 cents.

Steamships Run By the Sun.

SCIENCE SOON TO DISPEL DISEASE.

The radiant energy falling on the deck of a steamer crossing the ocean—is sufficient, if it could be utilized, to propel the ship with greater speed than is now obtained from coal—only one-third of the radiation is cut off by the air.

Light has a chemical energy so intense as to destroy micro-organic life. This energy in its different manifestations is a power in continuing life and curing disease. The X-ray which is really concentrated sun light, when applied to some of the less fatal chronic ailments of germ origin has proven very effective as a curative agent.

This is the experience of the skilled specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute in Buffalo. Although this institution was founded many years ago by Dr. B. V. Pierce as a genuine homeopathic hospital for those afflicted with chronic disease yet it has kept abreast of the times and its trained specialists have become Medical authorities in their various lines.

The violet-ray treatment, another interesting proceeding, is produced by concentrating the light, rich in the violet or chemical rays from an arc light with a specially prepared carbon, upon any portion of the body that may be the seat of pain. Sufferers from neuralgia, sciatica, rheumatism, strains, sprains, also from those obscure exhausting pains (the origin of which cannot at times be accurately determined) frequently find immediate relief from single treatment and usually with a little persistence in the use of this aid, obtain comfortable health or perfect recovery.

The incandescent light bath, consists of a cabinet in which the patient is bathed in the combined rays of many electric light globes. This treatment has produced really wonderful results in diabetes, sciatica, rheumatism, obesity, anemia, and some forms of kidney and heart trouble. It is also proven valuable in chronic bronchitis, bronchial asthma and various skin diseases. As a general hygienic measure its efficiency can scarcely be overestimated.

The sick who have been treated at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., have much to say in regard to the wonderful cures effected there. Where all the above electrical apparatus, as well as electric water baths, Turkish baths, static electric machines, high-frequency current, and other most modern and up-to-date apparatus is used for the cure of chronic diseases. The treatment of chronic diseases that are peculiar to women, have for many years been a factor in the cures effected at the Invalids' Hotel and Surgical Institute.

The physicians and surgeons employed are among the most experienced and skillful in the country, men who have made these diseases their life study, and whose highest ambition is to excel in their treatment.

How well they have succeeded may be judged from the fact that their practice embraces cases from every State and Territory of the Union as well as from foreign lands. Many thousands are annually treated, either through correspondence or at Dr. Pierce's Institution. It is an old adage that, "Experience makes perfect," and the skilled specialists in this field of practice at the Invalids' Hotel, which have been abandoned as incurable by general practitioners. Hundreds are brought to the institution from far distant states and they go home in a few weeks well and strong. Quite as marvelous are the thousands of cures annually accomplished through correspondence, while the patient remains quietly at home. Others consult in person, and after being examined are provided with specially prepared medicines and return home to carry out the treatment.

In medicine there has been rapid and real progress during recent years, and Dr. Pierce has kept up with the times in that he has had the manufacture and ingredients in his well-known remedies improved in a modern laboratory by skilled chemists, the greatest care being exercised to see that the ingredients entering into his well-known medicines Dr. Pierce's Favorite Prescription as well as the "Golden Medical Discovery" are of the best quality of the best variety of native medicinal roots. These are gathered with great care and at the proper season of the year, so that their medicinal properties may be most reliable.

These extracts are then made soluble in pure triple-refined glycerine and bottled. Everyone who consults the specialists, whether by letter or in person receives the most careful attention.

Great care is exercised not to over-encourage those who consult the specialists of this institution that no false hopes may be raised. Consultation by letter or in person is absolutely free—no charge whatever—so that the public when afflicted are invited to write Dr. Pierce at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

SPECIAL NOTICE TO OUR SUBSCRIBERS & PATRONS

Owing to the constant demand of our Subscribers to receive their paper before Saturday they may look over the sales and advertisements of the merchants before the come to town to do their shopping, the Courier management has decided to change the publication date from Friday to Thursday. So commencing with the next issue the Courier will go into the postoffice on Wednesday evening instead of Thursday evening as heretofore. This will enable the merchants of the city to place their advertisements in 2000 homes in Clackamas county in time to be read before the farmers come in on Saturday to trade, and our subscribers will know just where they way go to get what they want. We believe in conducting a newspaper to the benefit of the greatest number and we believe the public will welcome this change.

We wish to take this opportunity to thank our many friends and patrons for their hearty support and co-operation in the past
