4TH OF JULY PICNIC Willamette Pulp and Paper Company To Hold Another Celebration

The picnic given by the Willamette Pulp and Paper Company for its employees last Fourth of July proved such a complete success that arrangements have been made to repeat the event this year, with many improvements and additions. The committee in charge is composed of: E. Baxter, W. Peters, R. Austin, A. Shandy, I. Lytjell, C. Spencer, F. Hamerlee, H. Jordan, E. Ingram, W. Lightowler, C. Gotberg. Tickets have been issued to employees and their families and it is expected that nearly three thousand people will participate in the celebration, seven hundred of whom are employees. An old-fashioned bar-becue has been arranged, and a refreshment booth will dispense ice-cream, lemonade, soda water and cigars, all free upon presentation of the different coupons on the tickets. There is to be no expense whatever on the part of the guests, the Willamette Pulp and Paper Company having sent out word that "Their money isn't good."

QUESTIONS AND ANSWERS Judge Beatie and Opposers Have Lively Session at Oak Grove With the exception of two new matters that were brought against the county court by H. W. Hagemann and Rev. Spies, the meeting at Oak Grove Tuesday night, was a repetition of the farmers' mass meeting held here in April, only less exciting. There were the same charges, same explanations, same questions, same answers. From a recall petition Judge Beatie read the charges and took them up one by one. The reason he paid \$350 for an inspection of the bridge in this city without knowledge of the people he was informed it was in dangerous condition; he employed Mr. Skogging of Portland; no time to advertise. Of the charges of destroying a good bridge at Stone and building a new one, this responsibility he laid to Commissioners Blair and Mattoon; said he (Beatie) did not see it; they urged new bridge. He took up claim county was out of debt and backed it up with an array of figures and official statements.

The charge of law violation on bridge contracts he held was only technical if at all; they were duplicate of bridges and contracts in other counties. The charge of letting a timber cruising without competition was defended by citing several sections where large gains had been made by the cruise; that the results were sufficient defense of contract; said the people could not stop it and did not have the gall to try, and asked what he looked as if the court had been bought up, or whether timber interests in other counties who did not want to be cruised were behind the protest against this work? After Judge Beatie's explanations H. W. Hagemann, E. D. Olds, Rev. Spies and Robert Schuebel fired questions at him. Mr. Hagemann asked how many good cruisers would have done cruising for \$5 a day. Asked why the Judge did not employ Rands Bros. to inspect the bridge he said they were not in the county; Hagemann declared they were. Asked about gas franchise of county to Portland he said it was understood by court, franchise only went to Golf Links, and "points beyond" meant only Waverly Park. Mr. Hagemann stated that at last court roads in West Oregon City were closed up and this property was allowed to revert to the interests that were developing West side and this property was worth thousands of dollars. He replied the road property closed was of no value.

E. D. Olds asked for the rising vote. George C. Brownell objected. Rising vote was taken 34 to 4 in favor of Olds. Olds charged violations of law in letting bridge contracts and not filing records; said four bridges were let at one time to Coast Bridge Co., that experts who measured them showed a shortage of \$6,000 from prices paid by county. Judge Beatie stated no more bridge contracts would be let until he knew the price of steel. Robert Beatie stated either the figures Beatie had read of the county's finances were untrue or the published financial report of the county were untrue and he could prove it.

A lady in the audience asked Judge if the court could lay aside law. Rev. Spies closed the meeting with some hot shot at Judge Beatie regarding the retention of Dr. Norris of this city as health officer; that state board demanded Norris' resignation and it was tendered; that Beatie told Dr. Norris to stay on the job and county court would stand by him; that Norris was serving illegally; and that court would be enjoined from paying salary. Mr. Spies backed his statements by board of health letters and records. Judge Beatie admitted he knew Norris had resigned and admitted telling him to stay on job and court would stand with him. There were 47 present at the meeting; B. Lee Paget was chairman.

The difference between "The Summer Girl" and "The Summer Woman" While the former is having a "good time" the latter is often dragging around, nervous, run down, tired, out with aching back and weary limbs, sleepless and wretched. Often it is kidney trouble not female trouble and Foley Kidney Pills are a direct and positive help for the condition.

If a substitute is offered you for Foley Kidney Pills, it means a cheap-er medicine is pressed upon you for the dealer's profit, not for yours. Foley Kidney Pills cost the dealer more than a cheap substitute but they give better results than any other kidney and bladder medicine. Ask for Foley Kidney Pills. Huntley Bros. Co.

Oregon City Pioneer to Take Trip G. R. H. Miller, an old time resident of this city and a prominent member of the local lodge of Elks, will leave on the 29th of this month for a trip through Tacoma, Seattle and other sound cities, and from there will visit San Juan Island. This is wholly a pleasure trip and Mr. Miller will be gone about three weeks. Mr. Miller will visit the scenes of his army days and especially that of one incident which is probably familiar to the older people of the "West."

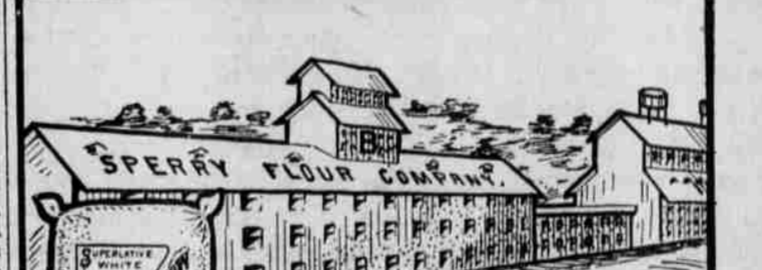

It appears that a good many years ago when the territory of the Oregon country was in question between England and the United States that a certain Yankee citizen had a cabbage patch on San Juan Island and as this section was claimed by England a certain Englishman turned his hog into the cabbage patch. This caused a young war to start with one man on each side. The American solicited protection from Captain Pickett who had charge of a company of United States infantry, which was stationed on the mainland and a detachment from a British warship was summoned to protect the rights of their countryman. Conditions looked rather serious and as though war would ensue but by diplomatic action on the part of the Secretary of War of the United States, further trouble was averted. In this way the United States very nearly had war with England over a hog and a cabbage patch.
