

THE MEN BEHIND.

LOOK OVER THE COUNTY COURT SUPPORTERS IN THIS FIGHT

Determine if Your Interests are the Interests of These Men

Oswego, Aug. 4

Courier:— On Friday evening of last week there appeared on the streets of our great little burgh a quartet from Oregon City, who repaired to the church and gave us some explanation (or at least tried to) of how our County Court had managed the business of our county.

Mr. Beattie dealt with great weight and emphasis upon the fact that our county was out of debt, and that he alone was responsible for this calamity, although the majority of us present knew at the time that the county was again in debt for about \$300,000 and therefore did not take much stock in his assertions. What seemed a little queer and funny to us was the composition of the quartet. Let us see who they were.

There was R. B. Beattie, our present county judge, who has a notion that he should be defeated at the recall election—we are of the opinion that it would be a Godsend to the county, and also to his dear family, if he would be compelled to stay at home evenings and stay away from the sporting fraternity.

Next was N. Blair, our Commissioner, who has always acted in cahoots with Beattie and done exactly what was requested of him, whether good or bad, and therefore has been a nonentity.

The third on the list was Joseph E. Hedges, Joseph's head looking as though it had been through the thrashing machine, and had pulled the plants by the roots. Now Joseph E. is the great law expounder and opinion giver of the Universe. Some people wonder why it is that he is taking such great interest in Mr. Beattie when most know that our Court is rotten from the word go. May I give a few reasons?

Mr. Hedges is the chief attorney of the Portland Railway, Light & Power Co., in Clackamas county, the hiring of the largest corporation in Oregon if not on the Pacific Coast. This corporation needs favors in the granting of franchises, which the corporations have in the past been getting for the asking from Mr. Beattie and Blair. Look at the PERPETUAL FRANCHISE given the Portland Gas & Coke Co., a subsidiary of the P. Ry. L. & P. Co., to carry their pipes over the streets and highways of Clackamas from Golf Park to POINTS AND PLACES BEYOND.

This corporation is fighting for the control of our County Court. They know very well that our candidate for Judge, Mr. Anderson, will only stand for JUSTICE TO ALL. He is not a man to oppose or obstruct development of our resources. But they know he can not be bought. The Pacific States Telephone Co. found this out, when their representative tried to buy him, made him valuable offers if he would cast his vote as director of the Clear Creek Tel. Co. to their side. But Mr. Anderson spurned their offer and worked and voted against their proposition.

Now Mr. Hedges as representative of the P. Ry. L. & P. Co., needs assistance in maintaining the hold on our County Court and he succeeds in enlisting the NOTORIOUS George C. Brownell.

George C. Brownell is an attorney for all corporations that need the services of a law shark, more especially the P. E. & E. Railroad, an outgrowth of the S. P. R. R., and has done more harm to Clackamas county, the Willamette Valley and the whole state of Oregon by retarding its development than all other agencies combined.

In order to serve his employers Brownell will stoop to almost anything, good or bad, decent or indecent. It will not make any difference as long as he gains his point.

Some years ago when he was a candidate for the state senate the writer met him one day in a saloon in Milwaukee setting 'em up for a lot of farmers. Old George was pretty well loaded at the time, and promising almost anything from eight hour law for the working man, free locks at the kingdom of heaven to all who would support and vote for him. When he left the saloon he remarked, "I have fixed them alright." But he was greatly fooled by these farmers, every one of them voted against him.

Don't you think that the federal grand jury did not have plenty of evidence, a just cause to justify an indictment against Brownell in the land fraud cases—wasn't he indicted for perjury? Did not Francis J. Heney, the great federal prosecutor, remark after this indictment against Brownell had been dropped, through some unknown force—that Brownell had been allowed to plead before the bar should be behind the bars wearing stripes?

Do you think that Mr. Wade at Currinsville, the foreman of that memorable grand jury, and one of the peer of the peers of our citizens and jury that indicted Brownell, would consider for one moment or acquiesce in an indictment if there was not just cause?

It is not a well known fact that Brownell, as a rule, represents the criminal classes and associates with them? Citizens, remember the old saying, "Birds of one feather, go chirping together," fits exactly in this case.

These are some of the men that are trying to coerce your support and vote for R. B. Beattie and N. Blair, who are not worth your confidence. Vote for H. S. Anderson for County Judge and J. W. Smith for County Commissioner. You'll never regret it.

A Worker for his Recall

Postmaster Antoine Deloria, Gardner, Mich., speaks for the guidance of those troubled with kidney and bladder irregularities, and says "From my own experience I can recommend Foley Kidney Pills. My father also was cured of kidney disease, and many neighbors were cured by Foley Kidney Pills."

THE I. W. W. PROBLEM

A Socialist's Views from Idaho on Oregon Disturbances

Burke, Idaho, July 28, 1913.

Editor Courier:— In your issue of 1st week's Courier I noticed a comment on the I. W. W. and in fact ever since that little flurry in Oregon City which seemed to have created such a stir in the "police circles". To an intelligent observer it is as the French say "to laugh" for we know that those in authority know on which side their bread is buttered and by who it is buttered. But all their efforts can not stop the labor movement, it may simply retard it a short while.

Whether the idea of the I. W. W. is correct economics I question, but it is one phase of the labor movement, a movement which will eventually take in all phases of the question and favor one body of industrial workers, with but one slogan and that is the abolishment of the wage system and the institution in its place, evolution, or, in other words, Socialism. Now hold up your hands in holy horror you exploiters of labor and you sycophants who represent the law, and don't know how to interpret the law.

We know that society at present is composed of but two classes. That is the worker and the striker, or we will put it plainer—the exploiter and the exploited. And whether the solution to the problem will be terminated peacefully, will rest entirely with the exploiter. The Socialist does not favor violence, but a peaceful solution to the problem, and when one class organized on an industrial field with a political issue. Why if then the exploiter offers violence he would find us not lacking in valor.

An intelligent economist knows that he is robbed at the point of production of the surplus that "facinate" the worker and the striker, or we will put it plainer—the exploiter and the exploited. And whether the solution to the problem will be terminated peacefully, will rest entirely with the exploiter. The Socialist does not favor violence, but a peaceful solution to the problem, and when one class organized on an industrial field with a political issue. Why if then the exploiter offers violence he would find us not lacking in valor.

Let us listen to some simple, sane and scholarly words on this red flag that is making some of our patriotic surplus loving citizens sit up and take notice, in fact making them get up on their hind feet as Brother Stark says. And incidentally making them break the laws and the conditions of this our great and glorious country, which has the greatest resources and at the same time the most crooked statesmen and the greatest of poverty.

I have reference to that wonderful patriotic affair in Seattle when a lot of hoodlum Men-of-War-men and a lot of hoodlum soldiers at the head of a lot of patriotic hoodlums of this our great and glorious nation led an attack on "defenceless" property and destroyed it without hindrance by our patriotic guardians of the law, who also get their bread from us and hold it out to be buttered by the surplus loving exploiter.

And again hen in Marshfield and Bandon, Ore., a few sycophantic business men (in fact I never saw a business man who did not bow low to the worker for what profit he could make out of him) took the law in their own hands and deported a few defenceless men. Oh what wonderful courage these men of Marshfield and Bandon displayed about the same kind of courage as a pack of wolves would display in rending a sheep.

All this under the flag which is supposed to stand for liberty, justice and protection.

Now we come to those simple, sane and scholarly words spoken by one of their own class, who at least has kept his head at the right angle. I refer to Mayor Gaynor of New York. He had this to say concerning the red flag:

I have particularly made the police authorities understand that those who entertain views of government or of an economic or social order different from ours are not to be interfered with or denied the right of freedom of speech and assembly on that account. A propaganda of intellectual persuasion and peaceable means for changes in form of government or in the economic or social order is "lawful," and not to be meddled with much less oppressed by the police. The Socialists do not believe in individualism but in collectivism, and that their flag is red instead of green or yellow does not annoy or alarm intelligent people. They chose the color red for their emblem, not to signify that they favor violence or the shedding of blood, as the unintelligent suppose and as the actions of those in authority often lead people to believe but for the purpose of typifying the common brotherhood of all men and of all nations through the same red blood which flows through the veins of all and to the end that all war and violence shall cease.

Let the fundamental rights of all of which free government is deemed to be no one. Those who want to work changes peacefully through the ballot box have the right to do so. They may let light in as John Stuart Mill says. That which seems the height of absurdity to one generation may be the wisest of the next.

The above sounds better to an intelligent person than to arrest a lot of men and keep them in jail for a few weeks and then have to turn them loose on account of lack of evidence as has been done in Oregon City.

There is one thing which will make a Socialist about as quick as anything and that is to hold a poor man guilty until proven innocent and a rich man innocent until proven guilty. Of course poverty is considered a crime and a worker in a way is supposed to be criminally inclined—at least if he has ideas opposed to the existing system of government, which is at the present time endorsed by the exploiting class for exploitation from an economic point of view is robbery and an exploiter is a legalized criminal. Hence their way of thinking poverty and correct economics punishable by jail sentences and deportation.

Yours for justice,
H. Siebken

In Harmony With Nature

Will G. Richmond, Inglewood, Calif., says he will be glad to answer any inquiries regarding the benefit he had from using Foley's Honey and Tar Compound. "It has so greatly benefited me for bronchial trouble and cough, and acts so well in harmony with nature, it is more like a food than a medicine."

DEFENDS COUNTY COURT

O. D. Robbins of Logan Gives his Views on the Recall

Logan, July 28, 1913

Editor Courier:— The Courier has expressed a desire to smoke out someone to defend the county court and as I do not generally avoid an opportunity to defend men I measure that are attacked when I believe in them, I wish to give some of my reasons for opposing the recall.

In my humble judgement the direct charges of extravagance and the implied charges of fraud have not been sustained and to make the statement stronger, I believe the court has accomplished more for the county than any court we have ever had. The mistakes have been grossly exaggerated. The good things have been ignored or denied and the mostly unfounded and unproven charges have been so intently and persistently made that a lot of suspicion has been aroused. Because taxes have been high a little evidence with a lot of "statement" has made a big impression.

When Judge Beattie canvassed the county he stated in every precinct, I presume, as I know he did at Logan, that while times were good, he was in favor of increasing the tax rate to gradually pay the debt. That looked good to me then and it looks better to me now when the court has carried it out and made a substantial reduction in the debt. In fact, Judge Beattie claims that Mr. Hackett's report, which can easily be verified from the records, shows that county was nearly \$100,000 better off at the end of March 1912 than at the end of March 1910. This, besides building many permanent steel bridges with concrete piers; the annexation to the court house and the large amounts spent on the roads; if there is any way to pay off a county debt without reaching into the taxpayers' pockets, show me. And while you are about it show me that it is not wise to pay off the debt and make permanent improvements in the

care in desiring to publish a defense by Judge Beattie, that it publish the complete statement by him, published in The Telegram of, I think July 16th, as the clipping is headed the 15th. I would ask all candid voters to read it carefully and ask themselves if it is not a complete and satisfactory reply to the charges of the Pomona Grange resolutions, which head the article. I presume the article was published in the Enterprise also.

As to the bridge contracts, if anything wrong was proven it was a technical violation of law not necessarily showing the county was wronged, as the other part of the charge depended, as I understand it, on the evidence of one expert, as did the court house work case, and experts often differ and make mistakes in such cases.

And the timber cruising, who knows it would have been cheaper to do it by day's work and is there anyone in the county with sufficient experience to warrant them in bidding less? A proposition was made which would have made and it had to be taken up or turned down, which would have ended the matter.

I believe in the recall law, but I do not believe in using it as a boy might a new jack knife on any furniture that comes in his way or as the obstreperous Irishman said: "Just to show my authority over ye."

I have the highest respect for the recall candidates, especially the nominee for Judge, whom I well know and under other circumstances I should be pleased to have a chance to vote for them.

O. D. Robbins

ABSOLUTELY UNTRUE

William Grisenthwaite Shows up the Enterprise's Dirty Tactics

(Following is a copy of a letter written by William Grisenthwaite of Beaver Creek to the Morning Enterprise regarding the false article it printed in connection with the Equity Society and the recall. The Enterprise omitted such parts as the Enterprise editor thought best to omit, and the following is the letter before parts were cut out.—Ed.)

Oreg NoCity, Rt. 1

Editor Enterprise:— I have just been shown a copy of your paper of August 1st, 1913, containing an article headed: "Equity Society Hits at Recall," and I wish to say, most emphatically, that the article is on a par with many such articles published in your paper lately, trying to make a mountain out of a molehill and only succeeding in making a mess.

In the first place I wish to say that I am not the secretary of Beaver Creek Local, nor do I hold any other office in this local, although I have been a member since its organization.

Beaver Creek Local did go on record as not favoring Mr. R. Schuebel as purchasing agent for the Society in Clackamas county and expressed themselves in favor of not purchasing supplies through him for reasons of our own, which do not necessarily concern the public outside the Equity Society. The recall question was not mentioned either in connection with the question or in any other way in fact. Beaver Creek Local as a local, has not discussed the recall question. Our members are, and have always been, opposed to introducing political party questions into the society.

My position in regard to the recall movement is the same today as it was the day that the Mass Meeting Committee, consisting of R. Schuebel, M. J. Brown and Mr. Casto, made their report, notwithstanding your statement that I have "heretofore been high in the councils of the recallers."

O. D. Robbins

THE WAYS OF THE COURT

Mr. Bruckman Cites Reasons Why the People Should Win Fight

Clackamas, Aug. 1, 1913

Editor Courier:— I have been thinking for some time that I ought to do something to help this cause of right and justice along. I received a sample copy of the Enterprise last night and it set me afire.

When I was asked to sign the recall petition I jumped at the chance, because I had a reason. Now I don't know Mr. Beattie or Blair, if I were to meet them, but I do know them through business transactions.

I live one mile north of Clackamas Station and they ordered the road boss Mr. Bennet, to take out a bridge and fill up the water course, which is the natural course the creek should have. Consequently it throws the water on higher ground and in flood times it causes damage to 5 different parties, which it has done already. When Judge Beattie was approached on the subject he just laughed at the party. If they would have opened up an outlet they would have been justified in their action. It was just as though I would construct a dam across my creek and throw the water on my neighbor.

The county or any company or individual has any such right.

The County court will be notified to reopen that water-way before another freshet or suit will be brought for damages. We are not all fools because we look green.

It does my heart good to read the Courier. The real fact is what counts. Dishonesty and graft are being investigated all over the country and the frauds exposed, and the time is come.

I have often heard old people predict a revolution, but I think they meant a bloody war. The way the trusts and grafts have been ranging in the past surprises me that they are not worse than they are.

I am sorry that I can't do as I intended to some months ago. I made some preparations to go out and help what I could to get the farmers organized, which is their only salvation, but poor health and other things prevented so far as me doing much in that respect. We can't always do as we would like to, but we can be honorable and just in our actions and dealings. A clear conscience gives rest and peace.

I wish Mr. Anderson and Mr. Smith a hearty success. What I have done and will do—help along the cause, is certain. Here is my name as I want the people to know that I am in for square dealings.

G. H. Bruckman

STANDING FOR THE WRONG

Writer Vigorously Condemns Dr. Schultz and Morning Enterprise

Editor Courier:— I would like to ask if you would permit me a few lines on Dr. Schultz and the Enterprise? You will not think it strange of me an admirer of the Courier, asking this privilege, for where else in O. C. would a man get a chance to voice his sentiments against injustice in print? When I think of the cold steel, embryonic, harsh, mediaeval, very unmerciful, antiquated soliloquy—poured out on the Scotch and the un-Scotch pastors of this our city.

It makes me think of brutes, Diaz, Huerta, and others that have long ago dropped into history. But whose memories linger.

I am thinking of a time when a Dr. Schultz dropped into our fair city and started the practice of medicine. Of how some of us helped him to make a big thing for that practice; of how a minister took him to be his family physician, no doubt because he was heralded as good old Dr. Schultz.

First, let me explain why I resent this vociferous, vitriolic outburst of the Drs. on the ministers and the Scotch. I'm of Scotch descent myself, and my wife is all Scotch. I love and know the preachers because I work with them. By the way it seems that the name Schultz is German. Well, we love the Germans for the good that there is in them, therefore we shall certainly not speak ill of any undesirable trait that they may or may not possess. Nevertheless we have found out where a good many men, professional and otherwise stand when it comes to upholding law and order. We also know what newspapers take the right side of everything.

CHAMPION MOWERS

do better work than others because made that way. Just examine the Champion; note the wide yoke—wider than any other—which insures perfect alignment of bar knife and Pitman. Note the long wearing plates; the automatic device for taking up wear in Pitman knife head connection. These are points which make the Champion wear and cut better than others.

The CHAMPION BINDER

has three exclusive features: Force Feed Elevator which insures a steady flow of grain to the packer arms; relief rake, which prevents clogging at inner end of bar; balancing sectors which balance the machine in any height of grain.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by Huntley Bros. Co.

Plight of a Singer Who Yearned to Captivate Ludwig II.

King Ludwig II. of Bavaria had a wonderful winter garden at Munich, which was built on the roof of the residence. There was also an artificial lake with a painted panoramic background of the Himalaya mountains, and when the king sat in the garden a "property" moon shed its gaseous light above the snow capped peaks.

The king used often to command artists from the theater to perform in the winter gardens, and I remember the fate which befell Josephina Schefsky, a large, tall woman, whose one wish in life was to attract Ludwig's notice. As all singers sang hidden behind screens, Josephina's chances of meeting the king face to face were exceedingly small. But what woman is ever at a loss for an expedient? She knew how chivalrously romantic Ludwig could be on occasions, so she decided she would fall into the lake and entreat him to rescue her.

The eventful evening arrived. Josephina warbled her sweetest for the benefit of the listening monarch and when the song was over plunged heavily into the lake.

There was a tremendous noise, and the water splashed to the topmost summit of the "Himalayas," but the lady remained chin deep in the lake, whose still waters were not so deep as they looked. "Save me, save me, Lohengrin!" cried the agitated singer.

The king rang the bell. "Get that woman out of the lake and send her home," he commanded, and the dripping Josephina, sadder and wiser, walked out of the water and out of the residence forever.—Countess Marie Larisch.

A Letter For Schiller.

Schiller once received a letter which took five years to reach him. In 1793 the national convention created the author of "The Robbers," a French citizen as a tribute of admiration for the revolutionary ideas expressed in that work. The clerk charged with the dispatch of this civic diploma addressed the cover to "Cloyen Gille," and Schiller did not receive it until 1798. On its receipt he wrote: "This document has come to me from the kingdom of the dead. Danton and Claviere attested it. The covering letter is signed by Roland. All three have passed away."—London Chronicle.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes H. W. Hill of Snow Hill, N. C. For sale by Huntley Bros. Co.
