He has won the far-famed reputation of being a champion on the committee on arranging the affip deer hunter. His friends are awaiting his return from the wilds of Cow Creek Canyon, where the deer abound in large numbers. John always has a "fetching" way with the deer and captures them every time. The fire department of Oregon City is not a paid department like in other cities but go willingly to the fires at the sound of the bell, and fight to save property of others. The good work that was accomplished Monday morning when the whole block was threatened at 3 o'clock A. M., was an example of what can be done by the fire department of Oregon City. These acts should be remembered by all when the members give a dancing party. It helps the cause even if you buy a ticket or two to go and show your appreciation of their work.

Watch This Matter

Judge Beatie said at Molalla Monday night that: "Dr. Pierce instructed D. C. Latourette, counsel for Dr. Norris, he was not to resign and myself to inform Dr. Norris that he was not to resign until the State Board of Health took final action in his case. Dr. Pierce said he was acting on authority of Dr. Kinney and other members of the State Board of Health. Dr. Pierce was a member of the committee appointed by the State Board of Health to investigate the charge against Dr. Norris, Dr. White being the other member."

It is stated that Judge Beatie has made affidavit to the above. It was copied from a written paper which Robert Schuebel had Monday, and which he (Schuebel) said was Beatie's own handwriting, and which Beatie would swear to.

It is being taken up before the State Board of Health in Portland this (Wednesday) afternoon and it is expected something will follow.

A Voice from Molalla

The Enterprise of Sunday says, on its first page in big head lines, that the "Molalla Meeting Is Roaring Farce" for the recallers. Now rest for results, all ye standpatters, until you hear from independent voters that believe that a healthy change in and about the county court house is no bad thing to have once in a while to "sort o' ease up on taxes a little. Don't wish those fellows any harm, thanking them for any good they may have done for the county, but it is our right to try other officials to let the contracts for the county."
