## WHY HAGEMANN "BUTTED IN"

(Continued from Page 1.)

that of the P. R. L. & P. Co. which hates to give up its strangle hold in Oregon City. But enough of this. Pure and unadulterated water for Oregon City and its vicinity is of more importance than personal matters. During the seasons just passed, when the Oregon City Courier was "hammering" away to get pure water, the Enterprise contended that the Willamette river water was the stuff that could not be improved upon or words to this effect. The Portland Railway Light & Power Co. never offered any assistance. But as soon as Clackamas River water was mentioned, the whole crowd got busy and at once was willing to help the city all it could. Why?

Because they were afraid the "foolish people of Oregon City" might take a notion and condemn all the water they needed and wanted for municipal purposes, which also includes electric lights—to which they have a perfect right. (See Section 6874, Session Laws 1902.) That the railroad people are trying to prevent this is shown in the following words of Mr. Brodie: "But it is possible that the vast reserve the company holds in the government territory, for power site purposes, will be turned over to Oregon City, and the water that comes from the SOUTHERN FORK OF THE CLACKAMAS RIVER will have been partially donated by the company. There is the NIGGER IN THE

WOODPILE. The water that comes from the SOUTHERN FORK. It don't say the "South" fork. Why not? Because the southern fork is not the south fork proper. There are first the east fork of the south fork, the middle fork of the south fork, and the "southern" fork of the south fork, and what does this latter amount to?

Then again it says: "...above the second fall of the stream, the committee proposes to place the intake for the system."

Now the facts are that the flow of the water above the falls does not amount to more than two second feet or 960 gallons per minute, equivalent to 1,382,400 gallon per 24 hours during the dry fall months. Would this supply Oregon City now. Will it 20 years hence?

One quarter of a mile above the mouth of the South Fork proper are the lower falls 40 feet high. Here all the waters of the South Fork basin combine and here is the proper place where the intake ought to be if the people are willing to be satisfied with the South Fork water. But the right thing for Oregon City to do is to take their supply direct from the Clackamas river above its conjunction with the South Fork, and receive the waters from the Snow Caps direct, which are as cool and pure as Bull Run any day. The elevation at the Oregon City reservoir according to the U. S. Geologic survey is 462 feet above sea level. The elevation at the bottom of the lower falls in the South Fork is about 610 feet. Add to this the height of the falls—40 feet—and you have 650 feet above sea level. This would give a head of 188 feet at the Oregon City reservoir, equal to 81 pounds pressure to the square inch, if the outlet were closed. Figuring the total length of pipe line at 25 miles would give a head of nearly 7 1-2 feet

per mile. A 20-inch main would supply Oregon City for the next 25 years. It is evidently the purpose of the P. R. L. & P. Co. to give as little water as possible. Then the amount a 20-inch pipe will take out of the upper Clackamas means a great deal to them during the low stage of the river. But what of it? Let them complete some of their projects, so as to make up for the loss sustained above, and let Oregon City for once be independent, take the water out of the Clackamas river direct and be prepared for all future times. With the permission of our Honorable Senator Harry Lane, I herewith submit to the public the senator's answer to my request for information and data concerning the South Fork water shed, and the people of Oregon City and the whole state may rest assured that they have at last one man in Congress who is with the people at all times.

H. W. HAGEMANN.

Mr. H. W. Hagemann, R.2, Oregon City, Ore.

Dear Sir:—I am in receipt of your letter of recent date making inquiry concerning matters relating to the Clackamas river water shed and the conditions of the flow in that river in view of its being used as a source of water supply for Oregon City. In reply I will say that I am in sympathy with you in your desire to secure pure water for Oregon City and will do all I can to aid you at any time.

I found on a personal interview with the secretary of the interior that the interior department has no authority over the water in streams such as the Clackamas, except where they are involved in reclamation schemes which are being carried on throughout the country, so I am unable to get any assistance for you from that department of the government. The only authority which has anything to say about the water supply of such rivers as the Clackamas is the state of Oregon, and any efforts to secure water for Oregon City from that source would be through the governor, the state engineer and the legislature. A close investigation at the office of the geological survey developed the fact that we can obtain no data or maps from them of the lands you describe. The only station from which they have made any measurements of the flow of the water is located at or near the Portland Railway Light & Power company's plant at or near Casadero. It seems to me if the people of Oregon City and Clackamas county would make an effort to obtain enough water of the Clackamas river, (a good way up in the mountains where it is pure), that they would have the backing of all right-minded citizens of the state. There is absolute necessity for Oregon City to secure a good supply of pure water and no one should be allowed to interfere with her in obtaining possession of an abundant supply.

I have also inquired at the Forest service and have had no more satisfaction there in obtaining data or maps for the lands you describe. They have no records which I could obtain which would be of use to you. If it is necessary I will be willing to introduce a bill in congress for your relief, by securing title to the land upon which to locate the plant. Assuring you of my desire to assist you as far as it lies in my power

to do so, believe me, Yours respectfully, HARRY LANE.

### SOCIAL MATTERS

Mrs. Charles Oglesby entertained in a delightful manner her Sunday school class, "The Delta Alpha Class" of the Baptist church on Saturday afternoon at her home. The afternoon was spent by the young people in vocal and instrumental music and games. Mrs. Oglesby was assisted in entertaining by Mrs. Uptegrove. During the afternoon refreshments were served. Attending were Clara Costley, Iva Barto, Muriel Pike, Blanche Lennon, Creva Uptegrove, Gladys Cannon, Eida Baxter, Evadna Blount, Naomi Bowers, Alpha Stevens, Nettie Stevens, Beulah Swank, Bernetta Hanlon.

Alfred Seiford, whose home is near Clackamas Heights, was taken by surprise at the home of his parents, Mr. and Mrs. Seiford Saturday evening, in honor of his 21st birthday anniversary. The evening was devoted to music and games. Refreshments were served. Mrs. Seiford was assisted during the evening by Mrs. Charles Oglesby. Those attending were Misses Eschol Armstrong, Isabel Van Brakle, Bernice Buckles, Daisy Colson, Aletha Oglesby, Naomi Armstrong, Violet Uptegrove, Mr. and Mrs. Charles Oglesby, Mr. and Mrs. Seiford, George Bridge, Alvin Wiesesteck, Orval Oglesby, Edward Schinies, Alfred Seiford and Wesley Milliken.

Mrs. Myron Meyers of Portland, formerly Miss Clara Koerner, of this city, entertained a few friends on Saturday evening at her home in Rose City Park, her guests being Miss Nell Caufield, Miss Sedonia Shaw, Miss Ruth Brightbill, Miss Vada Elliott, Miss Genevieve Capen, and Mrs. Chas. Legler of Oregon City; Miss Olga McClure, Miss Vera Phillips, Miss Bertha Koerner, and Mrs. Joseph Gerber of Portland.

Miss Bess Reynolds of this city, underwent a surgical operation at the Good Samaritan Hospital, Portland, Tuesday morning, Dr. McCorkle, of Portland performing the operation. Miss Reynolds has been suffering from appendicitis for some time, and it was necessary to remove the appendix.

C. E. Nash, formerly of this city, but now of Winlock, Oregon, has arrived in Oregon City, where he will look after his property interests. Mr. Nash has one of the finest pieces of land in Winlock's section and his apples, which he is raising on a four acre tract of land will bring him \$1.50 per bushel. He will have 400 bushels of some of the best varieties.

Rev. W. T. Milliken has been speaking in the Calvary church in Portland this week, assisting at special meetings.

E. S. Folsabee, who has been ill for some weeks past, went to a Portland hospital last week, where he underwent a lung operation. Neglecting a hard cold, it settled and one lung filled. An opening was made under the shoulder blade and three pints of pus were extracted. He has returned home and if no complications follow he will be well in a few weeks.

### Mrs. Wisner and Son Leave for South America

Mrs. J. N. Wisner and son, Nelson, Jr., who have been spending the past year in this city visiting the former's parents, Mr. and Mrs. William E. Pratt, left this evening (Thursday) for their home at Montevideo, Uruguay, South America, when they will join Mr. Wisner, who left in February for that place. Mr. Wisner has been director of the Uruguayan Government Fisheries for the past two years, and was formerly connected with the government fisheries in Oregon.

Mrs. Wisner and son will visit in Chicago, Ill., Cincinnati, and also attend the Princeton football game at Princeton, Thanksgiving, while en route. They will sail from New York for South America on the 29th of November, it requiring 26 days by water to make the trip from New York to their destination.

While in this city Mrs. Wisner was honored by several social functions. She has formerly an Oregon City girl and has a host of friends in this city.

A TALE of Indiana—a picture straight from life showing the home circle of the Stantons and telling the love story of Laddie, the big brother of the Stanton family, and Pamela Pryor, an English girl.

The people in it are real and genuine, differing but little in character and surroundings from the healthy, decent Americans, the whole country has bred from the beginning. It is a song of thanksgiving for home which everyone will appreciate.
