E. S. FOLLANSBEE DEAD

Best Known of Residents Dies After Brief Illness

The death of E. S. Follansbee, a prominent business man and lodge member, came as a surprise to his many friends in this city on Saturday evening, his death occurring at the Good Samaritan Hospital at 8 o'clock after he had undergone several operations for hydro-thorax from which he has been suffering for the past two months.

Mr. Follansbee was born at Jonesville, Wis., August 23, 1870. Coming to Oregon City about six years ago, he entered into business with Frank Champion in a tailoring and cleaning establishment, but owing to failing health it necessitated him giving up his business duties. Visiting several health resorts with the hopes of improving his health, he returned to Oregon City several weeks ago, afterwards being removed to Portland and was able to return here last week until a third operation was found necessary.

Mr. Follansbee seemed somewhat

improved Saturday morning and was able to converse with friends, but during the evening his condition became alarming and his family in the city were notified. Heart failure resulted in his death.

Mr. Follansbee, since coming to Oregon City to make his home, has been active in promoting the interest of the city. He was formerly a member of the Oregon City band, being an excellent musician, a member of the Congregational Brotherhood, record keeper of the Macabees, was a member of the Fourteen Hose Company Woodmen of the World, and Order of Elks.

Mr. Follansbee leaves a wife in this city, and two daughters, Mrs. Roy Tobin, of Powell River, B. C., and Mrs. Jefferson of Chico, California, the two latter arriving here to attend the funeral services. He leaves six brothers and seven sisters residing in Iowa.

The funeral services, which were largely attended, were conducted at the Elks Home on Wednesday afternoon at 2 o'clock, Rev. C. W. Robinson rector of St. Paul's Episcopal church and chaplain of the order, officiating. The impressive funeral services of the

Order were used, during which time a male quartet from Portland impressively rendered "One Sweet Solemn Thought," and "Asleep in Jesus." At Mountain View Cemetery, where the interment took place, Rev. Dunn, pastor of the Gladstone Christian Church, officiated. The pall bearers were from the different orders the deceased belonged and were: Ralph Miller, Clinton Rutherford, G. P. Johnson, E. W. Woodward, Frank McAulity, and C. Walling. Many friends attended the services at the cemetery.

The floral tributes, which were in profusion, were beautiful. Besides being remembered by his many friends, pieces were sent by the Elks, Macabees, Woodmen of the World, Fountain Hose Company, employees of L. Adams store, Congregational church and Christian Church of Gladstone.

Go Get a Reputation

Editor Courier:—
Mr. Roll, in reply to your challenge I want to inform you that you are not entitled to any boxing match with me until you gain a reputation as a boxer.

The reason why I make this statement is because you made such a poor showing at Mt. Angel about three weeks ago, and you positively know that you did not last many minutes.

But when you gain a reputation you can get \$10,000 as a side bet and whole hog or none gate receipts anytime and anywhere the law permits it to be staged.

Now, Mr. Roll, if you mean business, get busy.

C. W. Birtchet.
Mt. Angel, Ore.

Out for Dry Oregon

Churches, anti-saloon, W. C. T. U. and all temperance workers all got together in a convention in Portland on Monday, agreed to come down the line together, and a state-wide campaign to drive liquor out of Oregon in 1914 has begun. Twelve other states will also put on campaigns.

Young Women: Number Surprising

The number of young women who suffer with weak back, dizzy and nervous spells, dull headaches and weariness is surprising. Kidney and bladder ills cause these troubles, but if Foley Kidney Pills are taken as directed relief follows promptly and the ills disappear. Contain no habit forming drug.—Huntley Bros. Co.

The Man Who Neglects Himself

When his condition points to kidney trouble takes an unwise risk. Backache, pain and soreness over the kidneys, nervous or dizzy spells, poor sleep, are all symptoms that will disappear with the regular use of Foley Kidney Pills. They put the kidneys and bladder in a clean, strong and healthy condition.—Huntley Bros. Co.

For Sale—Twenty-five head of good stock ewes. Address W. W. Harris, Rt. 3, Oregon City.

Money to Loan.
Paul C. Fischer, Lawyer, Room 2, Beaver Building, Oregon City, Oregon

A CHANCE TO SHINE

If some legislator wants to gain notoriety, prominence and have every mother in the State of Oregon call him blessed, every father patting him on the back, and every newspaper in the state giving him free front page advertising—and all this without taking a ghost of a chance with public sentiment—this paper will give him a deal safe steer. Introduce a bill in the legislature absolutely prohibiting the manufacture, sale or giving away of cigarettes in the state of Oregon—and the trick is done. These insignificant-looking "paper things" are destroying the heart and lungs of thousands of our young men and boys, and the man who would take a stand against the vice would find everybody with him—but the tobacco trust.

Income Property Exchange for Farm

We have the following property to exchange for farm property of equal value:

4 good houses and more than 8 lots of 50x100 each with 3 acres adjoining that can be cut into lots. These houses are all occupied and will bring a rental of \$35.00 per month. They are well situated, having a slightly outlook and located on a car line close to a fine school. Their water supply is from a large spring that is absolutely pure. Come and look at our property. You will find it a snap.

Dillman & Howland,
Opposite Court House in Weinhard Bldg.

DOING THEIR DUTY

Scores of Oregon City Readers are Learning the Duty of the Kidneys

To filter the blood is the kidney's duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Oregon City people endorse their worth.

Frank H. Busch, Jr., Main St., Oregon City, Ore., says: "I suffered from acute attacks of kidney and bladder trouble and got no relief until I tried Doan's Kidney Pills. Two boxes removed my complaint and I have had no return attack."

"When your back is lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Busch had—the remedy backed by home testimony. 50c all stores. Foster-Milburne Co., Props., Buffalo, N. Y.

How to Bankrupt the Doctors

A prominent New York physician says, "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds and has won a wide reputation by its cures of these diseases. It is most effective and is pleasant and safe to take. For sale by Huntley Bros. Co.

OREGON EQUITY NEWS

STRAIGHT EQUITY GOODS

Good roads do not make good markets.

High taxes do not raise the price of strawberries and spuds.

It seems our present Congress wants the cost of living lowered at the farmers' expense.

One bill in Congress on Rural Credits provides for the organized farmer, but nothing for the outsider.

\$36,000,000 in Postal Savings Banks. The law compels the Post-Masters to turn it over to the bankers and they pay 2 1/2 per cent interest on it. The law prohibits the banker from loaning to the farmer on real estate security.

A few farmers in Congress would not make conditions for the farmer any worse and they might look after the consumers' interest as they are his favored customers. Yes sir!

When farmers get organized well enough to set the price on what they produce (which will not be long) they will meet prices set by the other organizations on equal footing.

The lawyers, doctors, merchants and laborers have organized to make money out of organization and that is the reason the Farmers' Society of Equity is growing and every week sees us nearer the point where we can play the game without coming out a losing player.

Long ago the Allopath doctors used to bleed the people and now—Well! of course they improve their methods like the commission men. What doctors actually know is a boon to humanity and what they don't know is a great boon to monument vendors. Their big bills are no boons to anybody but themselves.

Since the farmers' organizations are getting so strong everything and everybody has their hat in the ring to aid the farmer. If these people, all of them were sincere and honest, we farmers would have more help than we would need. All that is necessary is the right and power to set the price on what we sell, the same as other business men. That's all.

In Oregon our rock roads cost about four thousand dollars per mile and are not supposed to last but 20 years. That is \$200 per mile every year for the taxpayer and would bankrupt any county, state or nation—went right back in the pockets of the taxpayer, which would be a strange route for tax money to take.

Julius Caesar built a road 500 miles long in England, and Scotland 2,000 years ago and it is a good road yet.

Now don't you think we had better send Harvey Starkweather and 99 other people over there to look at that road and tell us if it is built of interest bearing bonds and who is road supervisor for that district?

And now the farmers are going to be taxed to help pay for the crops made by the railroad and mills. The farmers get none of the profits of these corporations and have no say how they should be run, and we farmers have to pay the widows pensions too. Now if the farmers are to share their expense, don't you think they should share in the profits too? Don't you think we should see to it that these mills protect their workman from death or injury or be made to shut down? You will be compelled to look after your own profits or shut down. Take your choice.

And we voted a large sum to our State University and what do you expect from that school to repay you? Do you know the conditions down there for your boy or girl? Someone is going to reap the benefit of your tax money. Will it be you and your children or someone better able to pay than you? Think it over.

We believe in education and the higher the better, and farmers require more in their calling than most occupations. Our state university, while it pockets our tax money, does not in any way improve the condition of the farmer. All the graduates of that institution aim to go into some business or profession that adds more tax to the farmer in the form of professional bills or profits on his trade and the condition of the farmer grows worse from year to year under these tax burdens. The farmer must demand as much or more profit than these people who are benefiting society, but very little compared to the farmer, and in order to make his demand imperative, he must organize and see to it that these state institutions are a financial benefit to him or quit living off his hard labor.

The farmer, as long as he is disorganized, is easy picking for all the associations in Christendom.

Brother farmers, when you of your own free will and accord, go to the polls and vote a tax on yourself, is it not your duty and owed to your family and neighbors, to look after that tax money as closely as you do your bank account? If you and your neighbors organize, couldn't it be done pretty easy with little expense? Any thing to be of any benefit to the farmer financially must either raise the price of what he has to sell or lower the price of what he has to buy. Am I right? Well then, how much benefit are you getting from your tax money now? Do you know of anything better than organization to better your condition?

The Farmers Society of Equity is an organization to benefit farmers and it is doing it in nearly every state in the union. Every farmer in the land needs our help and needs it badly, and we need the help of every farmer. It will not be long until the farmers' entire business will be done through his organization.

Uncle Sam has recognized the organized farmer and appropriated \$50,000 to help him market his produce. Uncle Sam is soon to send us market reports every day and will be printed in our paper. I believe the new Rural Credit Bank will be based on the farmers organization. The day of the individual farmer is drawing to a close. It is the organized farmer

now. Six million farmers in the United States, and if each and everyone did his own buying and selling when the people that he trades with, are thoroughly organized, is it any wonder that the price of what he has to sell is low and what he has to buy is high? Do you think there would be any trouble about selling it at a good price? No. If these farmers all bought their supplies in large quantities would they not get them cheaper? Are you ready to help the cause along?

At the recent National Grange meeting at Manchester, Secretary Houston, of the Department of Agriculture, said "The problems of rural credits and marketing, the individual farmer acting alone, is helpless. The same organized genius, which has placed the nation in the front rank of industry, must be involved in agriculture."

There, Mr. Farmer, you have it again. This is official too. This is the government saying to you that if you don't organize there is no way for the government to help you. Is it still necessary for me to tell you to get ready for a new day in American farming by organizing? Do your buying and selling in large lots. Pool your stuff, get it together under control, then the price can be set and you win and not before.

Resolutions

Whereas it has pleased our Great Master above to remove from our midst our most Worthy Brother and esteemed member, Wm. Gardner, and whereas Brother Gardner was a good and faithful member of this Grange, therefore be it resolved that we, members of Warner Grange in session this 22nd day of Nov. 1913, extend our heartfelt sympathies to his bereaved widow, Sister Gardner, and to his many other living relatives and friends, and that a copy of these resolutions be spread upon our minutes, a copy sent to Sister Gardner and a copy to each of the two county papers.

S. L. Casto
E. E. Reed
Kate Spulak
Committee.

Beaver Creek Local

The Beaver Creek local held a live meeting on the evening of Nov. 22.

Mr. John Tees, Mgr. of the warehouse company, was present and gave a very interesting and optimistic talk regarding the outlook of the company.

The local is in the market for red clover seed and would like to receive samples from locals or members having seed to sell. Also, kindly state the price asked.

W. W. Harris.

"Other Equity News on Page Four"

Dyspepsia is America's curae. To restore digestion, normal weight, good health and purify the blood, use Burdock Blood Bitters. Sold at all drug stores. Price \$1.00.
