

THE ENGAGEMENT RING

It comes but once in a lifetime. It means so much. It should be perfect, flawless, chaste. There's much uncertainty about diamonds except to the expert. They should be chosen at a store in which you have implicit confidence. We strive earnestly to merit such confidence. Diamonds are like gold when wisely bought. They are worth their cost anywhere on earth and are constantly increasing in value. Our gems will bring their price anywhere any time, and we guarantee them positively. Examine our rings—not only diamonds, but all styles for all needs.
