CRIST OF GIFTS FROM CITY DADS

TENNIS COURTS, BOND ISSUES AND FRANCHISE GIVEN LIVELY TILTS ARE FREQUENT Templeton Raps Water Plans but Vote is Still With Majority

Oregon City young folk were provided with a tennis court by the city council in special session Monday evening of this week; older residents of the community were given the initiative and referendum as a municipal statute; taxpayers were presented with another bond issue, this one for \$24,000; and the Clackamas County Gas Company was given a good start towards getting a franchise. Aside from doing these things the council indulged in more than the usual amount of reports and discussion, and also transacted a mass of routine business. The meeting began at half past seven, and it was nearly eleven before adjournment was taken. Councilman Templeton started the ball rolling by reporting favorably upon the project of establishing a public library in the heart of the business section of the city, where farmers and merchants could weigh heavy loads. Mr. Templeton, being economically inclined, favored a set of \$250 scales, which he said were just as good as other scales offered that would cost \$265. Mr. Tooze wondered if the cheap scales would be as accurate as the more costly ones, and was assured by Councilman Meyer that any scales purchased would be government standard. The council then ordered an ordinance prepared appropriating \$300 or as much of it as might be needed, for the purchase and installation of these scales. Mrs. Meyer favored Property owners on High Street, between Sixth and Seventh, asked the council to order the parking on that block laid on the inner side of the sidewalk, instead of next to the curb. This part of High street cuts through the Chase property, on the hill, and the sidewalk if laid in the usual way, would come within 14 inches of the Chase residence. By putting the parkings on the inside the cement walk will be moved out four feet, and will enable steps to be built as an approach to the residence. The street committee was given power to act in the matter. Property owners on the Hill District petitioned the city fathers to restore the tennis courts in the Seventh street park. Many tennis enthusiasts among the younger set were on hand to urge the adoption of the plan, and promised to provide

nets and other necessities, and also to see to it that the patrons of the library would not be disturbed by noise from the game courts. On motion of Councilman Hackett it was voted to restore the courts. Under the supervision of the street committee the courts will be laid out in the best of style, wire guards will be erected, and the posts supporting these will be neatly painted. Odd Point Raised After the council had granted street arcs on Twelfth street and on Caufield street, and had given permission to the Oregon Ice and Cold Storage company to build an unloading chute from the S. P. tracks to the street level on Railroad avenue, Councilman Templeton brought in a delayed report upon the application of C. T. Tooze to move two houses in as much granting this permission would necessitate a technical opening of the street and its consequent improvement, he believed permission ought to be denied. Councilman Hackett and Meyer at once declared that the city had no right to deny the use of a public street, even if it was unimproved, to any responsible party. Exciting discussion followed, in which Mr. Templeton stood firm for the refusal of the privilege, and in which other councilmen declared that permission to use the street had already been granted, and that to revoke it now would mean to deny the city's right in its own street. City Engineer Noble estimated that it would cost from \$3,000 to \$4,000 to improve the street over the distance desired, and the council as a whole was opposed to any such expenditure. On motion of Mr. Hackett the bill was finally laid over until March 27, when it is hoped that Mr. Tooze will be present and express his desires in detail to the council. Property owners on this portion of Sixteenth street are opposed to any improvement at this time. New Street Sought A petition from people living in Falls View asked the council to open establish the grade, and improve Fourth street from the county road to E. street, and E. street from Fourth to Oak. It was declared that this route should be put in condition at once so that people in that section of the city could reach their homes without making a long detour at present necessary. After much discussion the city engineer was ordered to establish the grade and make estimates of the cost of the improvement, when further action will be determined. The city engineer was also instructed to prepare a survey of an alternative route for the sewer in Sewer District 10, leaving out the drainage of Kansas City. Addition, and running direct from Jackson street to the river. Such a change, it was said, would save the city some \$8,000 in construction costs. Mr. Noble also urged the council to hasten its determination of the depth of the Seventh street sewer from J. Q. Adams to Taylor streets, so that the work could be completed and the street paved, and further erosion of the thoroughfare prevented. The council will act on this matter at a special meeting later in the week. An estimate for a 15-foot macadam improvement of Fifteenth street from Madison to Jackson was furnished, the cost being \$2,990.70. It was voted to establish the grade for these blocks, but not to make the improvement. Financial Matters Clackamas county sent a bill to the city for \$55.53 for 1913 taxes due on property held by the municipality. The council voted that a warrant for the amount be drawn and forwarded the county treasurer. Councilman Meyer suggested that perhaps the county would not accept a city warrant, as taxes were supposed to be paid in cash. The mayor instructed the recorder to get the warrant cashed, and to send the county the cash. Bid for the concrete culvert to carry Singer Hill creek under Seventh street were opened, and found to be as follows: J. W. Shea, for 200 feet of culvert, \$628. Oregon Engineering & Construction Co. \$488. The Shea bid was accompanied by a certified check, as called for by the charter, but the other bid merely had one of J. W. Moffatt's personal checks attached. Councilman Hackett moved that the contract be let to the lowest bidder, but Councilman Templeton insisted that but 180 feet of culvert was required, and that there was no use in paying for 200 feet. The bids were finally referred to the street committee for consideration. Many Ordinances Pass A sheaf of ordinances came up for final passage, and all were approved and received the mayor's signature at once. As most of them carry an emergency clause, they went into effect as soon as his honor signed them. The first ordinance provided for an amendment in the electric sign ordinance eliminating the mandatory provision about swinging all such signs in close to the wall during the daytime. The second was the initiative and referendum ordinance, providing that 15 per cent of the votes cast for mayor may initiate a measure and that 10 per cent of the votes cast for mayor will be required for a referendum. This ordinance closed with an emergency clause setting forth the allegation that Oregon City's present water supply was impure and that it was desired to utilize the initiative in getting a better supply. Just before the measure to vote Councilman Templeton rose and said: "Mr. Mayor, when that ordinance makes the statement that the water we use in this city is unfit to drink it is an insult to be people, and those words should not be there." City Attorney Schuebel explained that this was done merely to show that an emergency existed. "In other words you've got to lie to make an emergency, then," said Mr. Templeton. He voted for the ordinance. Liquor Again Banned The second Schuebel liquor ordinance, forbidding the advertising of mail order liquor houses, the soliciting of orders for booze, or the division of liquor in clubs, came up for final passage and passed without a dissenting vote.

An ordinance authorizing a bond issue of \$24,387.50 to care for improvement warrants on a number of local streets, was also passed. Councilman Hackett casting the only negative vote. Under the authority granted by the passage of the local initiative and referendum ordinance, a charter amendment providing for the preliminary work in connection with the new pipe line and water supply was introduced. This measure will come up for final passage by the council on March 27, and will be voted upon by the people on April 8. If approved by the people it will clear the way for the actual work on the new water system and for the issuing and sale of bonds to pay for the same. Franchise Stirring Meeting Application of the Clackamas Gas Company for the transfer to itself of the franchise granted A. L. Beattie, with certain changes empowering the new company to sell gas for fuel and power as well as for lighting, brot on a lively wrangle. Councilman Tooze insisted that the franchise sought was a brand new affair, and was in no sense a transfer, and urged that it be referred to a committee for consideration. Mayor Jones interrupted Mr. Tooze to say that it was not a new franchise, but was a franchise granted twice to Dr. Beattie, and that at the last granting Dr. Beattie was given 18 months in which to begin operations under it. The new company said the mayor, were willing to agree to get under way in the same time originally granted Beattie, or to have their service ready in six months. "We are all anxious for competition with the electric company," said the mayor, "and I think there is no reason for delay." "This is a brand new franchise," shouted Mr. Tooze, "and it has nothing to do with six months." Councilman Metzner asked the representative of the new concern if he knew of any reason why there should be any attempt to hold up the franchise. The representative said there was none. "Has there been any question raised with you—anything said about paying money," asked Mr. Metzner. "Does the franchise provide for the replacement of streets torn up to lay pipes, and provide a bond?" asked Mr. Meyer. Upon being assured that everything was as in the original franchise, save for some minor changes, the council ordered the measure passed through first reading and published, and final action will be taken on it in two weeks. Cemetery Work Ordered As chairman of the cemetery committee Councilman Metzner was authorized to expend \$200 for the platting and beautification of extensions to the cemetery. This work will be done by a landscape gardener of national repute. An ordinance appropriating \$2,000 for the oiling of city streets was ordered drawn, and will be presented at the next meeting of the council. Councilman Templeton, who was to have broached plans for the improvement of lower Main street, and for the acquiring of a municipal rock crusher, postponed his remarks

owing to the lateness of the hour. He will bring up the rock crusher matter at the next opportunity. In regard to the improvement of lower Main street, he said he had expected assistance from the Live Wires of the Commercial Club. "The Live Wires seem to have run out of juice, however," said Mr. Templeton, "so I guess this matter will have to lie over until they get a new supply of current." Sunday School Convention Arrangements are about completed for the annual interdenominational Sunday School convention of the Oregon City District to be held in the Gladstone Christian church on Friday, April 3rd, all day and evening. Speakers will be there from Portland, including the State workers Rev. Mr. Phipps, Mrs. Ormsby and Miss Olive Clark. Some of the best local talent will also assist in making this convention one of unusual interest. An interesting book will be presented to the Sunday school sending the largest number of delegates. "What's in a Name?" Franz Kraxberger, of Macksburg, Clackamas county, is to be a candidate for election to the legislature on the Republican ticket. Surely such a combination of name and residence would be hard to beat, so no one need be surprised if Franz Kraxberger is elected by an overwhelming majority.—Salem Messenger. County Court Notice The following order of business will be observed at the regular monthly terms of the County Court: Wednesday—Reports of road supervisors, and all matters pertaining to county roads. Thursday—auditing bills. Friday—Miscellaneous business. The principal reason for making this announcement is that one day each term may be reserved for auditing bills and accounts, in which the court may not be interrupted. Thursday is the day set for that purpose and claims presented to the County Clerk will be held over to the succeeding term. H. S. Anderson. "Valley Farm" Fine Success "The Valley Farm," a four acre play staged and put on by the Parkplace High School students at the Parkplace schoolhouse Saturday evening was largely attended. The cast of characters is as follows: Harry Rutledge, (a young New Yorker) Harry French; "Perry Dean (a son of the soil) Coral Lake; David Hildreth, (a New York lawyer), Paul Hudson; "Silas Holcomb," (owner of Valley Farm) Gussie Rivers; Robert Barnett; "Jennings," (servant at Rutledge Mansion) Herman Timmer; "Hetty Holcomb," (a country flower transplanted to city soil) Miss Marie Holmes; "Isabel Carney" (niece of David Hildreth) Miss Ruth Peckover; "Mrs. Rutledge," (Harry's mother) Miss Kathryn Jones; "Alvira Holcomb," (sister of Silas) Miss Regina Huerth; "Lizzie Ann Tucker" (who borrows but never gossips) Miss Grace Davenport; "Verbena" (hired girl at the farm) Miss Elaine Freeland. Avoid Stuffy Wheezy Breathing Take Foley's Honey and Tar Compound for an inflamed and congested condition of the air passages and bronchial tubes. A cold develops quickly if not checked and bronchitis, lagrippe and pneumonia are dangerous possibilities. Harsh racking coughs weaken the system, but Foley's Honey and Tar is safe, pure and certain in results. Contains no opiates. Sold by all druggists. With pain and misery by day, sleep-disturbing bladder weakness at night, tired, nervous run-down men and women everywhere are glad to know that Foley Kidney Pills restore health and strength, and the regular action of kidneys and bladder. Sold by all druggists.

Big Athletic Meet There will be an athletic meet in the Armory Friday night of this week that promises to be more than usual interest when Co. "C" of Portland Co. "C" claim to be the champion company of the regiment, but Company "G" has to be shown. If you want to see some good wrestling, boxing and basketball you will want to see this meet. Admission 25cents. CLACKAMAS COUNTY FOR 91 Do you know the geography of your home county? Can you give its boundaries? Do you know the direction from your home to its principal points of interest? Can you give its approximate size, and the amount that is in the Forest Reserve? Do you know what voting precincts are in and the territory it embraces? You will need to know this for the coming elections. This office has received a number of blue print maps of Clackamas County, showing section, township and range; the streams, the towns and postoffices, and each of the voting precincts of the county outside of Oregon City, as outlined by the County Court. It is drawn by J. O. Staats, and it is accurate. The map is 36 x 42 inches in size, is of sharp, clear print and the voting precincts are shown by heavy lines. It should be in every home and every school for the information it contains. The price is one dollar. Fruit and shade trees, rose bushes, holly cut flowers and potted plants. Funeral work done at low prices. Phone 2511 at Green House, 3rd and Center Streets. H. J. BIGGER. Using Foley's Honey and Tar for a cough or cold may save you both sickness and money. F. F. Monahan, Menomonee, Wis., says: "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. I recommend it gladly." Refuse substitutes. Sold by all druggists.

HERBINE It is the Remedy You Need. It is an invigorating tonic for a torpid liver. The first dose brings improvement, a few days use puts the liver in fine vigorous condition. Herbine also extends its restorative influence to the stomach and bowels. It helps digestion and food assimilation, purifies the bowels and brings back the habit of regular daily bowel movements. When the stomach, liver and bowels are active, bilious impurities no longer obstruct functional processes, the result of which is renewed energy, mental activity and cheerful spirits. Price 50c per Bottle. James F. Ballard, Prop. St. Louis, Mo. Use Stephens Eye Salve for Sore Eyes. It Cures. SOLD AND RECOMMENDED BY
