

A GOOD-LOOKING, AND CORRECT TIME-KEEPING WATCH IS SOMETHING ANY MAN MAY BE PROUD OF CONSULTING BEFORE THE CRITICAL EYE OF FRIEND OR STRANGER. THERE'S A FITNESS IN ALL THINGS, AND—

FOR A PARTICULAR MAN
to wear a watch not in keeping with his appearance is very poor policy. There is no need to do without a good time-keeper. It costs but little here to buy.

IF YOU NEED SHOES
WOULD YOU GO TO A HARDWARE STORE?
I hardly think so.

If you are suffering from EYE-STRAIN, go to someone who is proficient to correct it. I use modern methods and modern instruments in determining and correcting EYESTRAIN.

Besides I do my own work right here, which eliminates the possibility of having inexperienced and incompetent workmen make up your glasses.

I assure you that you will get just as good as the best service, the best stock, the best workmanship, at the most reasonable prices, as anywhere in the state.

WHAT MOUNTAIN WATER WILL COST
(Continued on Page 5, Col. 4)

A proposed special election for voting bonds is a part of the plan. It is almost inconceivable that Oregon City will reject such a program. Such water at such a moderate cost would seem to be reason for the city to jump at the chance and be grateful that it is in a position to place itself alongside the other Oregon cities with a perfectly pure water supply.

No argument can be offered against the plan. The 20 dead and the more than 300 typhoid patients at Centralia answer to all arguments against pure water supply. There is no perpetually pure water supply. There is no perpetually pure but a gravity system which brings its flowing water straight from the heart of the mountains.

How can any city justify itself in accepting inferior water? How can any city defend itself for using questionable water when absolutely pure water can be had for very small if any advance in cost? How can any city afford to pay 10 or 25 or 50 cents a month increase in water cost against the health and lives of human beings?

How can any city excuse itself for playing a dollar against a man? Following are the answers to some of the arguments put up by those who object to citizens having pure water to drink. "That it will increase taxes,—this is one of the stock arguments used against the projected supply. The new system can be installed and operated without increasing the general taxes one cent. It will increase the water rates temporarily but this increase in rates together with the reduced expense of a gravity system will pay all expenses, paying off the whole debt in 23 payments."

"That the source is not protected and is liable to contamination." This is untrue as all branches of the stream lie within the Government Forest Reserve and as soon as Oregon City starts officially to secure the water it will have a special municipal water reserve created by the Forest Rangers of the district.

"That the present supply is good enough." The epidemics of typhoid we experienced about a year ago and the several analysis made of the water sent down by private individuals, physicians and Superintendent Howell were contaminated, containing colon bacillus, answers that question. There is no question but that at that time our water was contaminated and the little confidence that the people place in statements to the contrary is evidenced by the fact that about two thirds of our people boil their drinking water today, and as our Secretary of the State Board of Health tersely expressed it a short time ago "They are a wise lot of people."

"That West Linn and other communities get water at reduced rates after Oregon City has gone to the expense of bringing it in." "The Oregon City will bear the burden while adjoining towns will get the benefit." This is not so as the Charter amendment is a clause that prohibits the authorities from selling water to the other communities without the people voting on the same at an election. So the matter of rates to outside towns is solely in the hands of the voters of Oregon City.

Other objections have about the same merit as those above. The members and officers of the Water League are willing to answer honest criticism and are more than willing to meet with any individual or groups of individuals and go into all phases of the project, feeling sure that the individual who does not place his pocket book above all else on earth will be for the new water.

The question is up to the voters. Do you want clear, cold, mountain water, sparkling in purity, laden with health giving minerals, or do you want filtered sewage, laden with excreta of the thousands of human beings up the Willamette, doped with chloride of lime, a menace to health and a disgrace to the city?

It is up to you. Voters, it is up to you. Pure Mountain Water League.

Oppose Road Bonds
March 21, 1914.
It is the sense of Milwaukie Grange No. 268, that we are opposed to the issuing of Clackamas County road building.

The above resolution was passed in Milwaukie Grange at its regular meeting March 21, 1914.

The Gypsies were entertained at the home of Miss Zida Goldsmith at her home on Fourteenth and Main street on Saturday evening, and was in the form of a farewell for Miss Myrtle Buchanan, who will leave soon for Lebanon, where she will make her future home. The evening was devoted to cards. Miss Buchanan was presented with a handsome book, as a remembrance of the occasion. Refreshments were served during the evening.

Attending were Miss Helen Doulton, Miss Myrtle Buchanan, Miss C. Pratt, Miss Aimee Bollack, Mrs. M. D. Latourette, Mrs. Thomas Keith, of Portland.

Miss Geneva Young was the hostess of the Bithiah Class of the Methodist Church on Monday evening of this week, the meeting being held at her home on Fifth and Jefferson Street. The evening was devoted to business of the class followed by vocal and instrumental music. Refreshments were served during the evening.

The decorations of Miss Young's home were very pretty and artistic, being of trilliums, ferns and tulips.

Attending were: Miss Nettie Kruse, Miss Elva Blanchard, Miss Mable Myers, Miss Wilma Myers, Miss Mollie Mallart, Miss Belle Gray, Miss Myrtle Cross, Miss Mina McDonald, Miss Hazel Wallner, Mrs. Emma Johnson, Mrs. John Bolle.

A pretty informal wedding took place on Friday, March 20, at 4:00 o'clock when Miss Emma Beatrice Wilke and Carl P. Anderson were quietly married at the Estes Apartments, Seventh and Taylor Streets. The ceremony was performed by Rev. George Nelson Edwards, pastor of the First Congregational Church, of Oregon City. Miss Rica Anderson and County Superintendent J. E. Calavan were the witnesses. Besides these the only guests were Mr. and Mrs. Henry Muender, Miss Norma Muender and Master Carl Muender, of Clackamas Heights; Mrs. J. E. Calavan and Miss Irma Calavan.

The bride wore a charming gown of cream sponge and lace. She carried a bouquet of orange blossoms and bride's roses.

Immediately after the ceremony the bride and groom left for Gresham, where Mrs. Fred Fieldhouse, the bride's sister, served the wedding dinner.

The bride is one of the foremost teachers in the public schools of Oregon City. She is a graduate of the State Normal School at Plattville, Wisconsin. During her five years' residence in the West she has made a large circle of friends.

Mr. Anderson has been a student at the University of Oregon, and is a well known educator of the Willamette Valley. His record as teacher, county supervisor, and principal is one of the highest efficiency. At present he is superintendent of the West Linn schools.

Mr. and Mrs. Anderson will be at home to their friends at the Estes Apartments after the 3rd of April.
