

OREGON EQUITY NEWS

P. W. Meredith
Editor

Watch Equity grow.

Our Portland warehouse, 54 Front Street.

Send in the news from your local.

We would like to hear from other counties.

We are doing more and more business through our Equity.

You are going to need the Courier.

Equity members get club rates. Pass your Courier on to your neighbor.

It is to be hoped our next Legislature will not spend a million trying to legislate honesty into present day business. Remove the necessity to be dishonest.

We spent a lot of money on a timber cruise and it has lowered our taxes upward. Secretary McAdoo sent us farmers eight hundred thousand dollars at two per cent interest. Did you ever hear of a farmer getting one dollar of it?

Our national government appropriated fifty thousand dollars to establish an office of markets. Has it done your market any good? This time it is two hundred thousand and it will do no good. We must do the good ourselves.

It is to the interest of the farmers to own and control their own markets, which we can do as easy as they did in Denmark. Scientific farming has built up a ruling class of millionaires and made almost paupers of us farmers. Please let us something practical in marketing.

Even the schools are being worked by some unseen hand to teach agriculture by teaching the scholars how to produce crops and never a word do you hear about marketing. School teachers as a rule are no farmers and how many could tell what it costs to produce wheat, corn, wool or any other crop or what would be a fair price to the farmer. This is what needs to be taught everywhere.

We have in the Courier quite a discussion in regard to Christian Science. We are not well posted on the subject but believe part of it to be true, and some medical colleges teach it under another name. The druggists use it by the name of "suggestion." Strive to get it out of your mind. It is a superstition. "As a Man Thinketh, So is He."

The new psychology is a grand study and gives a person an insight to the phenomena of hypnotism, telepathy, spiritualism and the whys of some people being able to control others. These new things are too apt to make sport of until we learn enough about them to use them, then they are as simple as the telegraph.

Our old market system that makes the farmer poor but makes rich the middleman. It must give way to something new. Study the Equity system. We must have a new system of taxation, and are going to try exempting \$1500 of improvements. We must have a better system of choosing law makers and we are going to try the proportional representation plan and have less lawyers and more farmers in our legislature. We can save expense by doing away with our State Senate. We must adopt new ways or remain poor with our old worn-out system.

The most revolutionary bill ever introduced in the American Congress has been introduced by Senator Losh of Idaho.

It proposes to do away with ALL middlemen, who are now amassing huge fortunes between the farmer and the consumer.

It provides for a general clearing house like the Equity has at Indianapolis. It provides for county branches the same as the Equity, and all to be carried on by co-operation.

The members of the Equity are 825, and fifty members be required to form a county clearing house. The National clearing house then would be governed by a board of fifteen directors. The president and secretary would draw a salary from the government of \$15,000, and other directors \$12,000 per year. Other government aid is provided for until the organization got on its feet.

The bill provides for loaning money to the members. The organization would have power to buy and sell houses, telegraphs, railroads and almost everything else by modern civilization. It means to adopt the Equity before it becomes of age and able to do these things and own and control them. That's it.

The Socialist party of Oregon seem to be hopelessly divided both on leaders and reforms. One faction favors the reforms championed by the different farmers' organizations, and the others are warm under the collar because they didn't get there first.

The Prohibitionists are beginning to play politics in earnest and have added Tennessee and Kentucky that are soon to vote on state prohibition. If the Democrats give us a good rural credit bank and Senator Borah persuades Uncle Sam to adopt the Equity "Where are we at?"

The rural credit commission has recommended to congress that banks with only \$2,000 capital be allowed to become member banks of the new system. The commission also recommended that the several states authorize the creation of credit unions and crop credit associations. Candidates for the legislature N. B. also take notice of S. McDonald's banking plan. The Equity must be familiar with these schemes and select some one of them. We need a bank.

Our Parcel Post seems to be growing as spring advances. You can now send a letter along with your package on the outside at the same rate as formerly. Parcels weighing from 20 to 50 lbs. can be boxed, crated, or packed, similar to express packages. This is for poultry, butter, eggs and vegetables, etc., and will be shipped the same as express matter; packages of 20 lbs or less may be put in the mail bags as formerly.

Last summer when the Equity was

organizing we were denied the use of our court house for a committee meeting. There have been a few changes since then, fulfilling a political prophecy appearing on the Equity page over a year ago.

Now the whole State of Oregon is ready for the changes due next November. Everyone knows that state extravagance has committed suicide with that last legislature. The time has come for the working people to come into their own. There are other organizations to whom some credit is due.

Last summer some time at our state meeting we adopted a resolution favoring the Torrens or some other system of land registration. It costs us our spud crop to pay for it; then we have to employ an expensive lawyer to investigate that abstract and we ought to have some one to investigate the lawyer, but nevertheless it is all the red tape and expense. The Torrens system is simple and does the work. Under this system the State examines your title and issues you a certificate and stands back of it. No more expense and no more lawyer fees. Ten states now use this system, also Canada, Australia and other British colonies.

Candidates for the legislature should become familiar with this system and be prepared to push it at the coming session.

The Pittsburg Kansas Chamber of Commerce has invited 1,800 farmers to a dinner the 27th. They are to organize a farmers' auxiliary to the chamber. The Bible says there will come a time when the lion and the lamb will lie down together.

They have done so many a time in the past, but the lamb invariably was inside the lion and we expect no change in the program at Pittsburg.

The largest wooden building ever built is the new Palace of Machinery at San Francisco now completed. It is 968 feet long, 368 feet wide and 136 feet high and costs over half a million. Oregon's last legislature gave this world's fair \$150,000 and we farmers who pay taxes are expected to furnish the agricultural exhibit free as our time, labor and produce are not considered valuable by these politicians. We have seen easy picking but changes come.

Suppose we had a land without criminals. Lawyers would have to go to work. Suppose we had a land without disease. Doctors would have to go to work. Suppose we had a land without debt. What would become of the bankers? Yet this is the kind of a land we want and the way to get it is to do away with the political influence of these crafty fellows, who are living off some other fellows' hard work.

We believe in the science of chemistry, botany and other branches being understood by farmers. We believe in farmers acquiring the higher education and all this, but being a practical farmer and not versed in the modern biology we cannot understand the scientific part of fifty cent spuds.

We don't appreciate the great help agricultural colleges have been to us in the science of fifty cents a crate strawberries. We are tired anyway.

We are not the only ones now predicting a famine in this country. Professor Whitten of the Missouri Agricultural College, says that our food supply must be increased if we would avoid suffering from famine, as does China and an Indian. There is only one way to increase it and that is to increase the price paid the farmer. Farmers will quit raising crops that fail to pay a profit. They have quit. That's the trouble.

With nearly five million idle working men who are practically penniless it shows that it does not pay to work. When working people, who create all the wealth, are poor, where are we farmers going to look for a market for our produce? Working people should have all the clothes, food and shelter they can use. Farmers are going without meat so they can pay taxes. Somebody gets too much and we workers too little.

It is very evident that the different farmers' organizations have stirred up a reflex action with our wily politicians. There is a great deal more wrong than we have discovered yet. If we farmers knew all the scoundry and robbing going on we would want to do something desperate. It is time we organized and helped each other at the polls and on the market as well as other places. Have you joined the Equity?

If Congress wants to legislate a little for the farmer, he could lower the interest rate to actual farmers as they have done in Denmark, Germany, France and other countries. The farmers of America could have their markets protected the same as the manufacturers too if congress would happen to think of it. Idle men should be put to work at good wages and that would help our home market some. We should not have a prolonged panic because a few millionaires have everything they want and the millions of our people living in want all the time. In order to have healthy intelligent people they must be well fed, well clothed and well educated. We cannot produce the best people unless we adopt the best way. When farmers have more say where profits shall go the trusts and boards of trade will not fare quite so sumptuously at the expense of American working people.

(Omitted from last week.) Maple Lane Local met in regular session at the Maple Lane school Wednesday evening March 18th, 1914 with two officers and twelve members present.

The motion was made and carried that this local adopt a plan whereby some subject be discussed at each regular meeting. Motion made and carried that members hand in subjects to secretary and that some one subject be selected from the list to be discussed at next meeting. April 1st, "Commercial Fertilizers, and their values." We want all of our members present this meeting as we expect to have a good meeting and the bigger the crowd the better the meeting.

Nearly all members of this local are buying through the Mt. Pleasant warehouse, and we find we can make

a good saving on most everything. There are listed for sale at this local: Golden West seed sweet corn, George Brown; S. C. R. 1 and S. C. W. L. eggs for hatching; H. M. Robbins; Two goats, F. E. Parker; Young pigs, G. F. Mighills; Nursery stock, H. M. Robbins.

G. F. Mighills, Secy.

Not a Grange Official
Oregon City, Ore.
March 28, 1914.

Editor Courier:—
I wish to correct a statement in the Equity Column of last week's Courier.

In the article mentioning my being a candidate for the nomination for Representative, there is a statement to the effect that I hold official positions in the Grange. You, without doubt made this statement in good faith, but I wish to state that the last two offices in the Grange that I held, I resigned about the first of the year. One was agent for the Grange Fire Insurance, the other that of Agent for the Life Insurance, the latter I have held ever since it was started, so at present I hold no official position in the Grange, for the first time in 18 years. I am still a member of the Grange.

W. Grisenthwaite.

Notice to Berry Growers—
A meeting of the berry growers adjacent to Oregon City, will be held at Maple Lane School house Saturday evening, April 4, 1914, for the purpose of devising a market system. This meeting is held under the auspices of the Farmers' Society of Equity. All berry growers not connected with us will be cordially welcomed. The committee has not set a plan.

Come along and help us effect an organization of the whole field on any plan we can agree which may bring success.

In union there is strength.
By order of Committee.

County Union Meeting
The regular quarterly meeting of the Clackamas County Union of the Farmers' Society of Equity will be held on April 11, 1914, at 10 o'clock A. M. in the W. O. Hall, Oregon City, Oregon.

The usual matters of importance to the Equity of Clackamas County will be taken up.

F. G. Buchanan,
Secretary.

State Meeting
The regular meeting of the Oregon State Union of the Farmers' Society of Equity will be held on April 18, 1914, at 10 o'clock A. M. in Room 320, Multnomah County Courthouse, Portland, Oregon.

Each Local and County Union is entitled to one delegate and as this is the important meeting of the year no Local or County Union should fail to have a representative present.

The following important matters will be considered:
1. Reports of officers and committees.
2. Revising the State By-Laws.
3. Election of Officers.
4. Development of plans for the coming year.

Delegates from Clark County, Wash., will be admitted to the Convention with the same rights as those of Oregon.

F. G. Buchanan.

EQUITY MEMBERS, ATTENTION

Let Every Local Have a Delegation at Oregon City, April 11

To the Members of the Farmers' Society of Equity:—
On Saturday, April 11 at the W. O. Hall in Oregon City the County Union will hold its quarterly meeting. It is very necessary that each Local should have a full delegation present as there is considerable very important business that should be attended to.

I would like to impress upon your minds that now, more than ever before, our organization needs the moral and loyal support of all its members. There are many great things being projected for the farmers, some good and some bad, and it behooves us as one farmers' organization to get together in our fullest strength and give these subjects our most careful consideration.

Farmers of Oregon, through their various organizations are coming to the front, and today are being considered in no small way, as a power to be reckoned with. A few years more of the present determinate attitude of the individual farmers, and the profession of farming will come into its own.

Every farmer should become a member of some farmers' organization, and every Equity member should attend the county union meetings whether a delegate or not. Don't think because you may get your potatoes planted a day later by attending this meeting, that you have suffered a substantial loss, for is not this phase of your profession as vital to your success as that you sow and harvest your crops? Although many of us may feel that we are not satisfied with the business as ventures undertaken, yet let us not forget the power of our organizations. Let us get together and study and discuss the many projects and men that are appealing to us for our influence and support.

I make this appeal to the members fearing that some have become careless and unmindful of the great good that can and is being derived from the farmers organized. Come to the meeting, large numbers signify union. In Union there is strength.

S. L. Casto,
Pres. County Union.

Get your letterheads and envelopes printed with the name of your farm on them. The Courier will make them cheap for you.

LOGAN
Thomas Anderson was knocked down recently by a stick of wood falling on his head, but he is up and around again now.
Allen Hutchins is coming back to Logan again to live and to attend to Mr. Anderson's farm. Good for you Allen, there is no place like Logan.
A. A. Allen, the Viola road supervisor, brought a new rock crusher from Portland last week. When crossing the old Baker's bridge across the Clackamas river, it vibrated to such an extent under the heavy load that it scared the boys.

EDITOR BRODIE WANTS DOPE
Only \$500 Worth. Pahaw! That Isn't Worth Asking For

Brodie, next time make it \$5,000. You will have better success, provided however, that you can keep that blankety Courier editor, whom Geo. C. Brownell, candidate for governor, described in his Canby speech on Aug. 9, 1913, as follows: "He has stomach troubles and any man who has stomach troubles is pretty able to have trouble with his head also"—from getting onto it or else he will surely spoil the whole game again.

FOR COUNTY CLERK

John A. Lizberg is a candidate for Republican nomination for County Clerk of Clackamas County. He was born in Chicago, Illinois, Nov. 1865. From 9 to 12 years of age he worked in a tailor shop; moved to a Kansas farm, laboring there until 21 years of age; took a home-coming in Hawley's paper mill for a few months and since have been attending Ottawa University and Kansas State University for 6 years; was a Register of Deeds; came to Oregon City about 5 years ago; and worked in Hawley's paper mill for a few months and since have been an abstractor here.

His platform is "His Duty and Good Will to All."
Try him. The longer you know him the better you will like him. So his wife and children say.
John A. Lizberg.
(Paid Adv.)

County Court Notice
The following order of business will be observed at the regular monthly terms of the County Court.

Wednesday—Reports of road supervisors, and all matters pertaining to county roads.
Thursday—auditing bills.
Friday—Miscellaneous business.

The principal reason for making this announcement is that one day each term may be reserved for auditing bills and accounts, in which the court may not be interrupted.

Thursday is the day set for that purpose and claims presented to the County Clerk after twelve o'clock of said day will be held over to the succeeding term.
H. S. Anderson.

MRS. WILLIAMS' LONG SICKNESS Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Meier & Frank's New Delivery Schedule Between Oak Grove and Oregon City

With the interest of our patrons and the improvement of our service constantly in mind we have inaugurated a new route for the delivery of purchases—LEAVING OUR DELIVERY DEPARTMENT AT 8:30 A. M. EACH MONDAY, WEDNESDAY AND FRIDAY—if the business warrants. This service begins after leaving Oak Grove and SERVES THE FOLLOWING STATIONS—RUPERT, RISLEY, CONCORD, VINEYARD, NAEF, ROTHE, BOARDMAN, JENNINGS LODGE, MELDRUM, GLEN ECHO, FERN RIDGE, GLADSTONE, PARK PLACE, OREGON CITY AND WEST LYNN, and will accommodate those living between Oak Grove and Oregon City on the River Road, and others who live near this road who can be reached over good roads by our cars. We will serve those residing along good roads in Oregon City and West Lynn.

After leaving Clackamas River Bridge on the return trip we will serve those living on the County Road leading into 82d Street as far north as Lents. Those living along impassable roads near this route, or beyond Oregon City can have their goods delivered at any available point by notifying our Delivery Manager of the location.

Goods Ordered Through our Mail Order Department will be delivered in the territory covered by this Route

CLACKAMAS COUNTY FOR \$1

Do you know the geography of your home county?
Can you give its boundaries?
Do you know the direction from your home to its principal points of interest?
Can you give its approximate size, and the amount that is in the Forest Reserve?
Do you know what voting precinct you are in and the territory it embraces? You will need to know this for the coming elections.

This office has received a number of blue print maps of Clackamas County, showing section, township and range; the streams, the towns and postoffices, and each of the voting precincts of the county outside of Oregon City, as outlined by the County Clerk. It is drawn by J. O. Staats, and it is accurate. The map is 36 x 42 inches in size, is of sharp, clear print and the voting precincts are shown by heavy lines. It should be in every home and every school for the information it contains. The price is one dollar.
