WOULD YOU GO TO A
HARDWARE STORE?
I hardly think so.

If you are suffering from EYE-STRAIN, go to someone who is proficient to correct it. I use modern methods and modern instruments in determining and correcting EYE-STRAIN.

Besides I do my own work right here, which eliminates the possibility of having inexperienced and incompetent workmen make up your glasses.

I assure you that you will get just as good as the best service, the best stock, the best workmanship, at the most reasonable prices, as anywhere in the state.
