

BREAK UP MEDICAL TRUST

Dr. Turner Shows Readers Something of the Power of Octopus
By Dr. W. A. Turner, Naturopath.

Dr. Haggerty of St. Louis reports in the Journal of the A. M. A. that he knows of seven deaths from "606" in that city.

L. A. Merriam, M. D. of Omaha recently read a paper before a medical society in which he stated that 80 per cent of operations were unnecessary. His paper was not published.

Eastern papers state that Dr. Carl Van Ruck of Asheville, N. C. recently "borrowed" nearly 300 children from a Baptist physician, who were experimented on with various disease-breeding serums, then returned. This must be a fine "Christian" outfit.

Bills have been introduced in the New York legislature forbidding vivisection of animals except in presence of a state representative. 80 children were recently taken off the streets of New York, taken to hospitals, inoculated with disease serums, and then turned loose on the streets.

A legislative commission is now investigating. Verily, the medical fraternity are a fine bunch to have the charge of human lives.

Stomach, Liver and Bowel Troubles
Constipation and indigestion are common troubles and people have been taught to believe that a dose of salts or pills or some other cathartic will cure them.

(Questions relating to health matters will be answered if directed to me, care of Hotel Edwards, Portland, Oregon.)

More Political Doctors
One of the set rules of the medical trust is to run its incompetent medical politicians for office, for it is very necessary to have them in Congress, state legislatures, city councils, school boards, and as governors.

AUTHORITIES ARE MISQUOTED
Rev. Milliken Says Mr. Meiklejohn's Passages Have Something Written in Them

Last week Mr. Meiklejohn's letter covered two points. 1.—That there are two laws, a "Moral" and a "Ceremonial." 2.—That the "Moral" law is eternal.

His proof is as follows:
1. "Sin is transgression of the law," 1 John 3:4.
2. "Where there is no law there is no transgression," Rom. 9:15.
3. "But Adam transgressed."

Mr. Meiklejohn's other proof passages fall for the same reason. Gal. 3:12 is not a statement about ceremonial law but about law that leads to transgression.

In Matt. 5 there are 5 references to the law, verses 21, 27, 33, 38, 43 to the same which Christ refers in the same way, "It hath been said," showing his relation to them.

He reads, unconsciously, into 2 John, 9, what is not there. This passage says, "Whoever goeth onward and abideth not in the teaching of the Christ, hath not God." No reference to Law. Christ's commands are to love God, our neighbor, our enemy, one another, to be born again, to go and evangelize the world, etc.

ing every Scripture in its context, and endeavoring to find out what the writer actually meant.

New Testament doctrine cannot be proven from Old Testament proof texts. From the Old Testament can prove circumcision to be an "Everlasting Covenant" on 17:13; that Jewish offerings, sacrifices and a Levitical priesthood are to exist forever, Isa. 56: 6-7; 66: 20-23 (Mr. Meiklejohn's own proof texts for the continuance of the Sabbath), etc.

The church of Rome claims to have changed the Sabbath, because Peter was on the Sabbath, and it was his authority. Grant the first part of their claim and you must grant the last, for it is based upon it.

Mr. Meiklejohn tries to make it appear that Hiscox favored the Jewish Sabbath by taking a statement out of its connection, just as he did with Scripture. Hiscox believes just as I do, that we are not under the Jewish Sabbath, but under a different thing; the Lord's Day, the day of the Resurrection.

Spurgeon again and again shows that the law says, and that Christ makes alive from the law. See sermon on "A Change of Masters." One of his favorite hymns was "Free from the law, O happy condition." His body would never turn over in the grave could he know that one of his statements was so twisted to mean what he did not say.

Mr. Meiklejohn's second point is likewise faulty as a proof of his argument. "Where there is no law there is no transgression," yet the same writer shows that he does not mean moral law alone, because he says in the same book that those who do not have the law (moral law if you like), are a law unto themselves, having the law of conscience, by which they are judged.

EARLY HISTORY REVIEWED

Death of Mrs. Ellen Hackett the Early Days of Pioneer Hardships

Mrs. Ellen E. Hackett, one of the early pioneers of Oregon, died suddenly at the home of her son, E. C. Hackett, of Eighteenth and Washington streets at an early hour on Tuesday of last week, March 29.

Mrs. Hackett, who was well and favorably known throughout Clackamas County, and especially in this city, was born in New Castle, Indiana, September 7, 1830, her maiden name being Ellen E. Johnson. She was the daughter of Rev. and Mrs. William Johnson, the former being a Universalist minister.

In March, 1846, Mrs. Hackett left the state of Indiana for the West, accompanying her parents and reaching Whitman Station in the fall of the same year. Remaining at that place until Spring a company was organized when a Mr. Smith was appointed captain. At that time the Indians were causing much disturbance among the whites while crossing the plains, but only one of the party was killed, he being A. W. Trimble, in 1847. The party arrived safely in Clackamas County, coming by way of the Bowler Gorge near Mt. Hood, the road being familiar to all early pioneers of Oregon, who made the long and tedious trip across the plains Westward.

Mr. Hackett died in 1845, and Mrs. Hackett remained at the old home until about seven years ago, when she came to this city, making her home with her son, E. C. Hackett, until her death.

The deceased is survived by the following children: E. C. Hackett, a member of the city council, Oregon City; Col. A. J. Hackett, Red Bay, Alabama; Miss Mary E. Knotts, Bend, Oregon; Mrs. Thomas Haley, Ellensburg, Washington; Mrs. Stewart Hackett, Palmyra, Washington; Mrs. Florence Wolfe, of Portland, Oregon. She is also survived by seven grandchildren, of whom is E. A. Hackett, sett of this city; also one sister, Mrs. Miriam Ritchey, of Washington, and one brother, Jasper Johnson, of Denver, Colorado.

The funeral services, which were largely attended, were conducted on Wednesday afternoon at 1 o'clock at the undertaking parlors of the Holman Undertaking Company, on Fifth and Main Street. Rev. E. A. Smith officiated, and the interment was in the family lot in Mountain View cemetery. The floral tributes were beautiful. The pallbearers were: C. C. Babcock, C. E. Burns, J. A. Taft, H. W. Cooke, F. C. Burke and Thomas Myers.

The medical trust, which is a part of big business, has a grip on the city press so strong that nearly every metropolitan daily has at least one medical doctor on its staff to lie to and mislead the people about med-

ical practice. The Oregonian has two, one a specialist and the other a generalist. It is hard to find words to express my views, but he thinks he writes "editorials" which fortunately few people read. He is so completely fossilized and out of date that his "editorials" are a joke. But that is to be expected in a reactionary, behind the times, narrow sheet like the "Oregonian." It is practically impossible to publish anything anti-medical in this sheet for love or money. Perhaps some day there will be a real morning newspaper in Portland.

Children Cry FOR FLETCHER'S CASTORIA

Yes, I think our R. R. is a go at

because I know I can render the county a service which means economy, in thing which you will agree with me is badly needed. I am well aware of the importance of this office and am thoroughly familiar with its duties, having worked in conjunction with the County Court for the past four years.

I am against a County Court playing politics in any manner whatever, and am not and will not be, if elected County Judge, the candidate of any political ring, clique or set of men.

A Bad Back Makes Life Miserable For Many Oregon City People
A bad back is a heavy burden. A burden at night when bedtime comes. Just as bothersome in the morning.

HIGHLAND
(Omitted from last week.)
Mr. Fairfowl, of Portland, visited old friends in Highland this week.

CLARKES
(Omitted from last week.)
Miss Zelma Cummins from Eastern Oregon, is back in Clarkes visiting her relatives and friends.

Mrs. Dora Marquardt spent Sunday with Miss Olga and Edna Elzer. Mr. W. and J. Clark brought a load of oats from Marshall last week.

Mr. Zwalhen was in town last week. Mr. and Mrs. L. Stout and daughter Lucille visited Mrs. Lizzie Ringo and family last Sunday.

Mr. William Kleinsmith is sawing wood for Mr. Zwalhen. Miss Lydia Kleinsmith is working for Dix Bros.

Mr. G. Marquardt sowed his oats last week. CARUS
ination to Lane County.—Eu-

We are having beautiful weather, and seeding is nearly finished. A birthday surprise was given Mrs. C. A. Casaday last Thursday evening.

Yes, I think our R. R. is a go at

last. We are all rejoicing over the go. Mr. Eugene Mitts and wife and sons George and Louis and Mrs. Geo. Mitts and Lilly and Dan were all over in the buggy or auto, from the Needy neighborhood, to spend Thursday evening and part of Friday with Casedays.

Fred Spanglers had a card party recently. One of those present reported that all present had a very enjoyable time.

Wm. Stuart has a housekeeper. Johnny Laman is improving. Grandma Baker is home now, havent the water at Salton.

No, Chas. Bakers haven't gone yet. Earl Sheppard and Roy Baker are working on the Willamette railroad now.

Parent-Teachers club met at the school house recently. There were not very many present, some being kept away on account of having company others were sick etc., yet we are doing all we can in the good work.

Ever try Doan's Kidney Pills for it? Know they are for kidney back-ache—and for other kidney ills? If you don't some Oregon City people do.

Read a case of it: Joseph McDermott, Washington St., Oregon City, Oregon, says: "I was almost flat on my back with kidney and bladder trouble. I was so lame and stiff that I could hardly hobble around and it was all I could do to get up in the morning. My kidneys were irregular in action and the secretions were scanty. I used several boxes of Doan's Kidney Pills and I soon got well. I think even more highly of Doan's Kidney Pills now than I did when I publicly recommended them a few years ago. They have certainly done me a lot of good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McDermott had. Foster-Milburn Co., Props., Buffalo, N. Y.

Ballard's SNOW LINIMENT
Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleaned and the liniment applied promptly, the healing process begins at once and the wound seals from the inside outwardly, thus preventing a perfectly cure that leaves no scar. If the wound heals on the outside too quickly, pus forms, the surrounding face and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of blooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh. It does its work quickly and thoroughly.

Price 25c, 50c and \$1.00. James F. Ballard, Prop., St. Louis, Mo. Stephens Eye Salve is a healing ointment for sore eyes.

FOR COUNTY SURVEYOR

W. R. Smith, civil engineer of Oak Grove, has filed his petition as candidate for the Republican nomination as County Surveyor of Clackamas County.

Mr. Smith has lived ten years in the county, seven years at his present address. He has had twenty-two years' experience as surveyor and civil engineer; was five years with U. S. engineers on river and harbor work; for five years he was engaged in land surveying. He was 12 years on R. R. location and construction and has been chief engineer of three different railroad lines.—Paid Adv.

- Vote of City and County
Warned They Must Register
All voters of the city and county must re-register now for the two-year period. All registrations made before January 5 are now absolutely void, because of the recent decision of the supreme court, declaring the 1913 election law invalid. Persons who have not registered cannot vote at the primaries May 15. Register early and avoid the crowds of the last few days.

INDIGESTION OVERCOME

Overcome by Simple Remedy. Hurred and careless habits of eating, irregular meals and foods that do not harmonize, tend to weaken the digestive organs and result in different forms of stomach trouble.

Special to Women
The most economical, cleansing and germicidal of all antiseptics is Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed. As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold."
