If you or your local have any suggestions to make, send them in. We would like to hear from you. The rod and gun to least from you. The rod and gun to take into consideration the farmer's rights.

And I asked myself, why should Mr. Roosevelt say so smugly that such a common name for birds seems sucrilegious? To most professing Christians I suppose it does. I suppose it would seem so to the Rev. Dr. Milliken, whose thoughts I so often see in the columns of the Courier. But why should it—and if it does, is it not rather a reflection upon form of "Christianity, rather than upon the "Christianity" of the South American peons?

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and upbuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief.
