While taking up her residence in Portland Miss Huntley expects to further her education in this line.

LET MATTER BE VOTED ON

Let People Move the Elevator and Have Fight End

Courier.—I note you ask for opinions in last week's Courier regarding the moving of the elevator.

If moving will settle the two years' fight for the love of Mike put the proposition up to the people at a special election and let us settle it.

The day will come when there will be three or more elevators along the bluff, as the city grows. But we will first have to get the present one in operation and demonstrate its use and convenience.

If the elevator isn't wanted on Seventh street, let us take it down and remove it to Sixth or Eighth. It is only bolted, and could be easily moved.

The right location for the elevator, bearing the present location, is Eighth street, landing at Seventh on the hill. Seventh street is the Main street of the hill section, and the business interests of this street should be given some consideration.

The proposition to put the matter up to the people is a good one. A councilman informs us the expense of a city election is only about \$75.

Let the ballots have Fourth, Sixth, Seventh and Eighth street locations, and blanks where other locations may be written in.

Let us try it and see if we can't settle this matter. The people are very tired of fighting and delays.

Let a petition be presented to the council to call an election and see if the matter cannot be settled.

Shelly—Saunders

A quiet, but pretty wedding, took place at the home of Mr. and Mrs. A. C. French Thursday, August 13th, at 4 o'clock, when their daughter, Emma Saunders, and Harry C. Shelly, son of Mr. and Mrs. Jas. Shelly of this city, were married under an arch of evergreen and flowers by the Rev. Milliken.

The bride was very pretty in her gown of hand embroidered net over cream silk and carried a shower bouquet of white carnations and maiden hair fern.

The bridesmaid, Miss Bessie Saunders, was gowned in pink silk. Mr. Claud Shelly acted as groomsmen. Miss Myrtle Hennerick played the wedding march.

Elinor Terry was ring bearer. A number of friends and relatives were present to witness the impressive marriage ceremony.

Mr. and Mrs. Shelly, after a honeymoon spent at the beach will return to Oregon City to make their future home.

SOCIAL NOTES.

Mrs. M. Mulvey, a well known resident of Oregon City, whose 72nd birthday occurred Monday afternoon of this week, was taken by surprise at her home when some of her friends called. The affair was a most delightful one, and the hostess was the recipient of many handsome and useful gifts. Refreshments were served during the afternoon, when Mrs. Arthur Smith, daughter of Mrs. W. L. Mulvey and Mrs. M. E. Callahan.

Teddy Osmund, little son of Mr. and Theodore Osmund, entertained a few of his playmates at the home of his parents on Twelfth and Center street Tuesday afternoon, the occasion being his fifth birthday anniversary. The afternoon was devoted to games, after which a luncheon was served. The table was prettily decorated, the center of which was adorned by a birthday cake with five lighted candles. Each place was marked by a pretty souvenir. At five o'clock the youngsters departed, voting that Teddy proved a most delightful little host.

Dr. and Mrs. L. A. Morris entertained the Gypsies and a few of their friends at their Mt Pleasant home Saturday evening in a most charming manner. The lawn surrounding the Morris home was illuminated with Chinese lanterns, presenting a most attractive sight. Refreshments were served during the evening.

Mr. Alvin E. Pope, chief of the department of education and social economy at the Panama-Pacific International Exposition, is preparing a child welfare and practical education exhibit.

A farmer friend who can well afford to tell the writer the other day that he had about made up his mind to get a first class six or seven passenger automobile so that he and his family may have the enjoyment of trips here and there in it. This is a mighty good idea. At best work on the farm is exacting, there being few times during the busy season when the whole family can leave the premises for more than a few hours at a time. While the possession of this auto should not result in a neglect of the farm work, it will enable this man and his family to have many a pleasant trip, which will furnish the finest type of relaxation and recreation. It will enable them to take in many attractions in town that make for both entertainment and instruction which they could with difficulty take advantage of by the usual slow method of locomotion. The farmer, his good wife and his kiddies will realize a large interest return of enjoyment and satisfaction from this investment.

A new world's record for butter fat production has lately been made by a Guernsey cow belonging to the Cassatt farms at Bowyn, Pa., her product for the year being 1,059.54 pounds, equivalent to 1,324 pounds of butter. Her yield of milk for the year was 19,639.58 pounds. The best previous butter fat record was 1,055.34 pounds, made by Barnstine Belle De Kol, a Massachusetts Holstein cow, whose milk production for the same period was 27,404 pounds.

As a result of tests made in the territory which it serves, the Kansas experiment station rates sweet clover highly as a crop to grow on soil badly run down and lacking in humus. Like other legumes, sweet clover is able to extract nitrogen from the soil and deposit it in the nodules on its root systems. Its large roots penetrate the soil deeply, loosening and greatly improving its physical condition. It is the verdict of the station officials that sandy, heavy clay and hard pan soils may be greatly improved by the growing of sweet clover.

Not Worrying.

"Oh, Luella! There's a man just fallen off that next pier, and I think it's your husband."

"Well, dear, don't get excited; we'll soon know. If he doesn't come up it's probably Jim—he can't swim, you know." Life.

The young man leading a dog by a string lounged up to the ticket office of a railway station and inquired, "Must I—aw—take a ticket for the puppy?" "No; you can travel as an ordinary passenger," was the reply.—London Tit-Bits.

HOW TO GET STRENGTH

after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness. Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.

Portal In South Wall of Palace of Education, Panama-Pacific Exposition, San Francisco, 1915

Copyright, 1914, by Panama-Pacific International Exposition Co.

THE doorway shown is one of the lesser portals of this palace and overlooks the South Gardens and the southern end of the Fine Arts Lagoon. In influence the portal is early Italian renaissance. The twisted fluted Roman columns have been given an eastern flavor by the application of contrasting colors in alternation, applied under the direction of Jules Guerin, director of color of the Exposition. The portal is over thirty feet in height. The outer wall of the palace is sixty-five feet high.

SPLENDORS OF THE UNIVERSE TO BE SHOWN AT SAN FRANCISCO IN 1915

A SCENE of splendor and glory unrivaled in the history of world's expositions is assured the visitor to the great Panama-Pacific International Exposition at San Francisco in 1915. Thousands of workmen are now rushing to completion the vast exhibit pinnaces that face north on the shores of San Francisco harbor just inside the Golden Gate, and a conclave of nations unsurpassed by history is assured at this stupendous celebration at which the United States, joined by the nations of the world, will celebrate the opening of the Panama canal. Thirty-four great countries have accepted the invitation to take part in the Exposition. This is four times as many nations as had agreed to participate at any other exposition at a similar time before its opening. The fact that the Panama-Pacific International Exposition will be ready in every detail long before the opening day on Feb. 20, 1915, is only what the world expected of the men who have this International Exposition in charge. More than 60,000 of the world's leading exhibitors will have their exhibits installed in the vast exhibit halls when the Exposition opens to the world. This is an unparalleled record in the history of universal expositions.

WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have paid for it overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and do all I can to recommend it."—Mrs. A. B. BOSCAM, 604 E. Howard Street, Creston, Iowa.

Tons of Roots and Herbs are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.

For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Merit alone could have stood this test of time.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
