

William Hanley for United States Senator

I am a candidate for the office of United States Senator because a great many people thought I ought to be. I was born in Oregon and have lived here all my life. This is my platform:

CAPITAL.

Capital is stored up labor and goes, or should go, hand in hand with labor. It should not be recklessly assailed by prejudice, but in the last analysis properly can never be so valuable as human beings.

CORPORATIONS.

The greatest liberty should be allowed purely individual enterprises, but where the right to do business comes from the people, or the corporation serves the people (as public utilities and railways) or where the people's life is at stake in health, morals or food, the people have a right to regulate that business, but only fairly and upon a full hearing.

TRUSTS.

The evil of a trust is not its size. Its bigness may be good economy. Its evil is in the control of the markets, so that it dictates to both producer and consumer. The real remedy is denial of all monopolistic privileges and to let credits begin where the production begins—with the soil. Give the farmer a chance to finance himself cheaply. I believe the new currency system will help toward this.

COMMERCE.

Now that American coastwise ships pass through the canal on equal terms with other ships, open our ports to the competition of the world for our coastwise traffic. Let Portland and Seattle have the same chance at hiring bottoms that Vancouver and Victoria have.

THE CUSTOMS DISTRICT.

The north and south sides of the Columbia are in two different customs districts. It is absurd and costly and inconvenient to vessels. The Columbia River is in one port and should be in one district.

MINING.

Mining should receive the same encouragement that agriculture is receiving. Geological stations should be established in Eastern and Southern Oregon at least.

TOPOGRAPHICAL SURVEY.

Regardless of what the state puts up for the purpose, the general Government should complete the topographical surveys as speedily as possible. These maps are necessary for road building, canal construction and an infinite number of purposes.

SUFFRAGE.

I have always favored equal suffrage. I favor National equal suffrage. A woman has the right to say into what sort of a world her children shall be born.

PROHIBITION.

I favor the strictest regulation, backed up by educated public opinion. I do not favor prohibition. I believe it does not prohibit; it promotes hypocrisy and invades for a few the personal liberty of all. I think personal freedom the greatest force there is, constructive of character.

WILLIAM HANLEY.

OREGON FOR ITS OWN PEOPLE.

The people of Oregon ought to receive the benefit of its natural resources just as stockholders receive dividends. Let those who want to share Oregon's advantages come here to collect them.

RETURN \$8,000,000 DUE OREGON.

There is about \$8,000,000 due Oregon, taken by the general Government from the sale of Oregon lands and used to develop other states. Oregon needs this money. It should be returned at once.

CAPITALIZE OUR RESOURCES

Whether managed by the Federal Government or the state, the proceeds from Oregon's resources, lands, water power, etc., should be secured to Oregon, and, if necessary, capitalized or borrowed against, just as a private corporation would do.

NO MONOPOLY.

Natural resources should be held in trust for the people and leased for use on flexible terms. We have the greatest deposits of soda and potash in the world in Eastern Oregon. California's deposits have passed into private hands. Make this impossible in Oregon.

ROADS.

The Federal Government has constitutional powers to build post roads. Good roads are the very backbone of civilization and commerce. The same reasons that lead the general Government to develop Alaska apply to Oregon.

IMMIGRATION.

We have no moral right to invite immigration with no place for the immigrant to settle unless he is a capitalist. We should prepare land for homes by irrigation, drainage and dyking and should jar loose the land held out of use at high speculative prices.

POPULATION.

We talk of the high cost of living, but the root of the matter is too many consumers in cities and not enough producers on the soil. Country life must be made more agreeable by roads and improvements; and land must be opened to settlers.

PORTS, PORTLAND AND ASTORIA.

There are too few ports on the Oregon coast. Every one should be improved; not only the great Columbia River ports, but Coos Bay, Yaquina and all others on our coast. A deep channel to the sea, and a freight rate based on actual cost of haul will give Portland and Astoria their natural advantage of the only watergrade on the Pacific Coast from the Inland Empire to the sea.

TRANS-PACIFIC STEAMERS.

If the Columbia River ports get this natural advantage of a water-grade haul and maintain a deep channel and safe bar, ocean travel will have to meet the railroads at Portland and Astoria.

LABOR.

The producing of laborers is unlimited. Every baby is a competitor with every other baby to live. A nation is its people, not its few, and if the general Government can be called on to send its troops to strike regions, it has the right to prevent conditions that breed strikes. Woman labor and child labor should be protected by Federal laws.
